Invisible Boy Harrison Mooney,2022-09-20 FINALIST - Governor General's Literary Award for Nonfiction WINNER - 2023 Rakuten Kobo Emerging Writers Prizes for Nonfiction FINALIST - Hurston/Wright Legacy Award for Nonfiction An unforgettable coming-of-age memoir about a Black boy adopted into a white, Christian fundamentalist family Perfect for fans of Educated, Punch Me Up to the Gods, and Surviving the White Gaze "An affecting portrait of life inside the twin prisons of racism and unbending orthodoxy." --Kirkus Reviews A powerful, experiential journey from white cult to Black consciousness: Harrison Mooney's riveting story of self-discovery lifts the curtain on the trauma of transracial adoption and the internalized antiblackness at the heart of the white evangelical Christian movement. Inspired by Ralph Ellison's Invisible Man the same way Ta-Nehisi Coates's Between the World and Me was inspired by James Baldwin, Harrison Mooney's debut memoir will captivate readers with his powerful gift for storytelling, his keen eye for insight and observation, and his wry sense of humor. As an adopted and homeschooled Black boy with ADHD at white fundamentalist Christian churches and tent revivals, Mooney was raised amid a swirl of conflicting and confusing messages and beliefs. Within that radical and racist right-wing bubble along the U.S. border in Canada's Bible Belt, Harrison was desperate to belong and to be visible to those around him. But before ultimately finding his own path, Harrison must first come to understand that the forces at work in his life were not supernatural, but the same trauma and systemic violence that has terrorized Black families for generations. Reconnecting with his birth mother--and understanding her journey--leads Harrison to a new connection with himself: the eyes looking down were my true mother's eyes, and the face was my true mother's face, and for the first time in my life, I saw that I was beautiful.

Position Pieces for Cello Rick Mooney, Position Pieces for Cello is designed to give students a logical and fun way to learn their way around the fingerboard. Each hand position is introduced with exercises called Target Practice, Geography Quiz, and Names and Numbers. Following these exercises are tuneful cello duets which have been specifically composed to require students to play in that hand position. In this way, students gain a thorough knowledge of how to find the hand positions and, once there, which notes are possible to play. Using these pieces (with names like I Was a Teenage Monster, The Irish Tenor, and I've Got the Blues, Baby), position study on the cello has never been so much fun!

The Complete Works of Marvin K. Mooney Christopher Higgs,2010 Abstract: This is the greatest experimental literary achievement in the history of humankind. It is a feat beyond measure and comparable to none. Genius is riddled with humor and drama and mystery and humanity and all other really important stuff. Future scholars will surely spend entire careers mining the depths of this breathtaking literary triumph. In a world where one man and his pen can make a difference, this novel proves everything and nothing simultaneously.

Learning Outside The Lines Jonathan Mooney,David Cole,2014-07-01 Learning with YOUR purpose in mind -- not your parents', not your teacher's, not your school's Every day, your school, your teachers, and even your peers draw lines to measure and standardize intelligence. They decide what criteria make one person smart and another person stupid. They decide who will succeed and who will just get by. Perhaps you find yourself outside the norm, because you learn differently -- but, unlike your classmates, you have no system in place that consistently supports your ability and desire to learn. Simply put, you are considered lazy and stupid. You are expected to fail. Learning Outside the Lines is written by two such academic failures -- that is, two academic failures who graduated from Brown University at the top of their class. Jonathan Mooney and David Cole teach you how to take control of your education and find true success -- and they offer all the reasons why you should persevere. Witty, bold, and disarmingly honest, Learning Outside the Lines takes you on a journey toward personal empowerment and profound educational change, proving once again that rules sometimes need to be broken.

The Indian Man ,2002-01-01 The Indian Man examines the life of James Mooney (1861?1921), the son of poor Irish immigrants who became a champion of Native peoples and one of the most influential anthropology fieldworkers of all time. As a staff member of the Smithsonian Institution for over three decades, Mooney conducted fieldwork and gathered invaluable information on rapidly changing Native American cultures across the continent. His fieldwork among the Eastern Cherokees, Cheyennes, and Kiowas provides priceless snapshots of their traditional ways of life, and his sophisticated and sympathetic analysis of the 1890 Ghost Dance and the consequent tragedy at Wounded Knee has not been surpassed a century later.

Real Life On the Rocks ? With a Twist! Terry Mooney,2013-09 Real life is a series of ups and downs; for some the downs seem far more frequent and ominous than the ups. The key to a peaceful, contented life is to find a balance between accepting reality as it is and creating our own reality as we dream it. It takes determination and work, but real life is what it is, a combination of good and bad, happy and sad. What is smooth sailing one day may end up stranded on the rocks the next. But whatever happens, always seek to add your own personal twist to make it your life and no one else's. Real Life, On the Rocks ... With a Twist! is an eclectic collection of real-life experiences told in a style reminiscent of Erma Bombeck. Read about a bear attempting to open a dumpster while standing on the lid, something we all tend to do in our own lives. Transcend generations as you read about a young girl boldly making a stand against a neighborhood bully. Warmth and humor guide the reader through the struggles and challenges of family, friendship, career, and personal loss for a young woman making her way through life on her own. Issues of love and self-esteem are presented with refreshingly subtle irony. Written with keen insight and lighthearted wit, Real Life, On the Rocks ... With a Twist! is a toast to humanity and a celebration of the human spirit.

A Mooney History Tom Mooney,2000-06-01

Telegram For Mrs. Mooney Cate M. Ruane,2018-06-16 On the same day that France surrenders to the Nazis, Jack Mooney--a New Yorker, barely out of high school--hitches a ride to Montreal, where he enlists as a pilot in the Royal Canadian Air Force. The last thing he says to his little brother before leaving home is, Don't forget me, kid. Two years later a telegram arrives: Jack, now a Spitfire pilot flying for the Royal Air Force, is missing in action somewhere in German-occupied Europe. With only the telegram to guide him, 12-year-old Tommy Mooney arms himself to the hilt: with a sling-shot, a boomerang, a bow and arrow set, and an indomitable sense of

youthful optimism. Mounting his Schwinn bicycle, he heads for the Brooklyn Harbor, setting a course for London, England, where he plans to recruit Jack's British fiancée before continuing on to Nazi-occupied Belgium. Thus begins a journey that one reader calls, A rattling, high concept, wartime adventure--with a wonderfully quirky and incredibly brave hero-narrator. Soon enough, hope turns to foreboding--as it begins to look as though Tommy is being deceived by the Gestapo, used in a plot to expose a Resistance network created to help downed airmen. Bravery, he realizes, is like teeth plaque. It takes time to build up. Harkening back to the Hitchcock film, Saboteur, and the WWII era mysteries of Eric Ambler and Helen MacInnis, Telegram For Mrs. Mooney will introduce you to a truly likable, sometimes irascible, archetypal everyman hero. It's a edge-of-your-seat, hair-raising, nail-biter of an adventure. A novel with the power to invoke the fearless child within you.

Down Into Darkness David Lawrence,2007-11-13 Detective Stella Mooney investigates a baffling series of crimes after the corpse of a naked young woman is found hanging from a tree on a London roadside, with a bizarre message scrawled across her back, and a man is discovered by the river with his throat slashed and bearing another mysterious message.

Horizon Chasers Gerry Max,2007-02-21 Richard Halliburton was the quintessential world traveler of the early 20th century. In 1930, his celebrity equaled that of Charles Lindbergh and Amelia Earhart. Halliburton called himself a horizon chaser and recommended that one should see the world before committing to a routine. Not only did he live up to his ideal, but he was eager to write about his adventures. A prolific partnership with gifted editor and ghost writer Paul Mooney produced excellent work, and theirs became a close personal relationship. Sadly, Halliburton and Mooney disappeared at sea on March 24, 1939, along with the entire crew of Halliburton's Chinese junk Sea Dragon, as they attempted to cross the Pacific from Hong Kong to the San Francisco World's Fair. This biography records the life and adventures of Halliburton and Mooney, focusing--as no other Halliburton biography has--on the productive literary collaboration between the two. Drawing on the recollections of people who knew them both, the work discusses their backgrounds, the early years of their acquaintance, and their possible romantic relationship. Finally, their fateful journey to Hong Kong and the ill-advised voyage of the Sea Dragon is described in detail. A good deal of first-hand evidence is provided by William Alexander, Paul Mooney's best friend and designer of Halliburton's Laguna Beach house. Appendices contain seven poems by Mooney and facsimile letters, including one of praise written by Richard Halliburton to William Alexander. Never-before-published photographs are also included.

The Nameless Chad Mooney,2021-04-02 The Nameless By: Chad Mooney The Nameless is a collection of four short stories. The first story, "Object Permanence," is about a young man and his obsession with the girl who lives down the street, and the extreme lengths he will go to to be close to her. "Somewhere Between Screaming and Crying" is about a man suffering from retrograde amnesia, and details his leaving the hospital and going home to attempt to resume his life along with his loving wife, whom he does not remember and views as a stranger. "The Thirteenth Step" is about a psychopath who picks up vulnerable young women at Narcotics Anonymous meetings. "Mors Indecepta" is a retelling of an old Somerset Maugham story ("Appointment In Samarra"), about how there's no such thing as cheating death. These stories explore the darker side of human nature, the narrator often appearing as the anti-hero or antagonist, and these dark themes are contrasted with the sometimes flowery and sunny prose used to describe moods and settings in the stories. It is Chad Mooney's hope that the reader not only enjoys his prose, which is a point of pride, but perhaps sees through even the smallest of windows a quick glimpse of something dark and frightening about the nature of human beings that perhaps they may not have even considered before.

Black Is the New White Paul Mooney,2009-10-16 With his no-holds-barred delivery and unique worldview, Paul Mooney continues to stir anger, generate laughter, and provoke thought while attempting to tear down racial and social barriers through his juicy memoir about his years writing comedy with the likes of Richard Pryor, Redd Foxx, the Wayans' Brothers, and Dave Chappelle. For more than forty years--whether writing for Richard Pryor and Saturday Night Live or performing stand-up to sold-out crowds around the country--Paul Mooney has been provocative, incisive, and absolutely hilarious. His comedy has always been indisputably real and raw, reflecting race issues in America, and this fascinating, fearless new memoir continues that unapologetically candid tradition. While other stars soared only to crash and burn, Paul Mooney has stayed chiefly behind the scenes, and he's got a lifetime of stories to show for it. As head writer for The Richard Pryor Show, he helped tear down racial barriers and change the course of comedy. He helped Robin Williams and Sarah Bernhard break into show business. He paved the way for superstars like Eddie Murphy. Few have witnessed as much comedy history as Mooney; even fewer could recount it with such riotous honesty and depth of insight. He reveals the truth about his celebrated partnership with the brilliant, self-destructive Richard Pryor, from their first meeting to the very last joke, and reflects on some of his most notorious moments. Decades ago, Paul Mooney set out not just make audiences laugh but to make them think. BlackIs the New White is his blisteringly funny, no-holds-barred memoir of how

he continues to succeed wildly at both.
