NIS/NCIS San Diego Ncis Special Agent Allan Sipe Ret,2017-07-14 With substantial U.S. Navy and U.S. Marine Corps presence, the Southwest Region of the United States, herein called the San Diego Region, has been a center of ONI, NIS, and NCIS facilities, people and actions. To the writer's knowledge, the San Diego NIS/NCIS history has never been documented. NIS/NCIS San Diego history is filled with accounts of violent criminal acts, of sensitive and highly classified matters, of dynamic and fast-moving events, and of humorous incidents. They include a homicide at Camp Pendleton, a narcotics deal gone bad at North Island, providing security for a visiting U.S. President at Port

Hueneme, ¿hummer¿ cases at Miramar, and many others. But the real story of NIS/NCIS history is its people.

NCIS Los Angeles: Bolthole Jeff Mariotte, 2016-11-29 In a division of NCIS that is charged with apprehending dangerous and elusive criminals that pose a threat to the nation's security, this team of highly trained agents put their lives on the line in the field to bring down their targets. Status-6 W. Craig Reed, 2021-04-13 Deep beneath the Arctic Ocean, a covert team of Chinese operatives uses stolen U.S. technology to capture Russia's newest attack submarine. Loaded with massive torpedoes carrying city-destroying payloads, the sub is headed west. The Americans want to sink her, the Russians want her back, and the Chinese claim they're not responsible. NCIS Special Ops agent Jon Shay is a former SEAL Team Two operator. Activated for a mission in the Arctic, he pairs with British scientist Kate Barrett to battle a ticking clock, trained operatives, and three naval armadas. Together, they must find and stop the world's most lethal submarine. The stakes are raised when they learn that the Russian sub is controlled by an infected AI system bent on completing its mission to annihilate hundreds of millions. "W. Craig Reed's *Status-6* is my vote for 'Thriller of the Year.' The protagonist is Tom Clancy's Jack Ryan meets Lee Child's Jack Reacher." —Grant Blackwood, #1 New York Times bestselling author of Tom Clancy *Under Fire* "W. Craig Reed's latest novel, *Status-6*, is the best book I've read this year—a ripped-from-the-headlines military technothriller

that literally left me awake at night, fearful of where we're headed as a nation and a species. If you thought the coronavirus was terrifying, wait until you read about this potential nightmare. Don't miss this first book in the NCIS Special Ops series that promises to shatter the thriller genre." —James Rollins, #1 New York Times bestselling author of The Demon Crown (Sigma Force) "W. Craig Reed's Status-6 grabs you from page one and doesn't let you go. The global crisis revealed in this book is all-too-real and could well be tomorrow's headlines. The characters are well nuanced and provide a powerful urge to root for or against them. Don't read this thriller before going to bed—you'll be awake all night!" —George Galdorisi, New York Times bestselling author of the Tom Clancy Op Center series

History Special Agent Viet Nam Special Agent Vietnam is the first comprehensive account of naval counterintelligence and criminal investigation in Vietnam. Doug Hubbard's first-hand experience provides unique insights into this little explored topic of the war, and the addition of a broad spectrum of his photos complements the narrative with a real life appeal. In a era when the term terrorism was not yet in vogue, NIS' investigations of insurgent attacks against U.S. troops is a grim reminder of current threats our military faces in Afghanistan and around the globe on a daily basis. NCIS, today's Naval Criminal Investigative Service, was known simply as NIS during the Viet Nam War. These highly dedicated men of the Naval Investigative Service were comprised of officers, enlisted men and civilian Special Agents. N.C.I.S.

History Special Agent Viet Nam is the only firsthand account of its kind that takes the reader into the clandestine dangerous world of counterespionage and crime, set amidst the sights, sounds and smells of the war in Viet Nam. This 6x9 inch, 411 page book, contains 116 never before seen photos and maps from the authors three tours of Viet Nam. Many of the images were shot by him at the scene, and help to bring to life the accompanying account that he describes in his writing. For the first time in print, group photos with the names of those who served in Viet Nam with NIS are featured, from the first small group in 1964 to the last in 1973.
