

Now!

Eckhart Tolle

Give Me the Now Rudolf Zwirner, Nicola Kuhn, 2021-01-26 Rudolf Zwirner, “the man who invented the art market,” as coined in *Der Spiegel*, reflects on more than sixty years in the art business in his authoritative autobiography. “Americans now see Germany as a natural breeding ground for mighty gallerists and collectors, but Rudolf Zwirner’s fascinating new memoir walks us through the decades it took to rebuild an art world shattered by World War II. In this dealer’s charming telling, however, the work involved sounds more like play than labor.” —Blake Gopnik, author of *Warhol An art dealer of the ages*, Rudolf Zwirner, father of the esteemed gallerist David Zwirner, reached many milestones in his career. From cofounding Art Cologne, the first fair for contemporary art, in 1967, to showing works by Georg Baselitz, Gerhard Richter, and Andy Warhol, Zwirner transformed the contemporary art scene in Cologne. Born in 1933, he presented more than three hundred exhibitions from the early 1960s to 1992. In his autobiography, Zwirner reveals stories of artists, his gallery, and his most important collector, Peter Ludwig, whose collection forms the cornerstone of the Ludwig Museum in Cologne. First published in 2019 in German, and translated and adapted here for the first time in English, the book explores the most significant moments of Zwirner’s career and the fast-changing postwar art world. Also included in this edition is a new foreword by Lucas Zwirner, Rudolf’s grandson, who reflects on his grandfather’s role in bringing us to the global art landscape we find ourselves in now.

What Matters Now Gary Hamel, 2012-01-04 This is not a book about one thing. It's not a 250-page dissertation on leadership, teams or motivation. Instead, it's an agenda for building organizations that can flourish in a world of diminished hopes, relentless change and ferocious competition. This is not a book about doing better. It's not a manual for people who want to tinker at the margins. Instead, it's an impassioned plea to reinvent management as we know it—to rethink the fundamental assumptions we have about capitalism, organizational life, and the meaning of work. Leaders today confront a world where the unprecedented is the norm. Wherever one looks, one sees the exceptional and the extraordinary: Business newspapers decrying the state of capitalism. Once-innovative companies struggling to save off senescence. Next gen employees shunning blue chips for social start-ups. Corporate miscreants getting pilloried in the blogosphere. Entry barriers tumbling in what were once oligopolistic strongholds. Hundred year-old business models being rendered irrelevant overnight. Newbie organizations crowdsourcing their most creative work. National governments lurching towards bankruptcy. Investors angrily confronting greedy CEOs and complacent boards. Newly omnipotent customers eagerly wielding their power. Social media dramatically transforming the way human beings connect, learn and collaborate. Obviously, there are lots of things that matter now. But in a world of fractured certainties and battered trust, some things matter more than others. While the challenges facing organizations are limitless; leadership bandwidth isn't. That's why you have to be clear about what really matters now. What are the fundamental, make-or-break issues that will determine whether your organization thrives or dives in the years ahead? Hamel identifies five issues that are paramount: values, innovation, adaptability, passion and ideology. In doing so he presents an essential agenda for leaders everywhere who are eager to... move from defense to offense reverse the tide of commoditization defeat bureaucracy astonish their customers foster extraordinary contribution capture the moral high ground outrun change build a company that's truly fit for the future Concise and to the point, the book will inspire you to rethink your business, your company and how you lead.

Now! Tracey Corderoy, 2016-07-14 Archie’s back! And he’s finding waiting a little bit hard. There are SO many fun things to do. The problem is, he just

can't wait! Archie wants to do everything . . . NOW! This hilarious picture book, starring adorable little rhino Archie, is a must for fans of No!, Why?and More! With laugh-out-loud writing from Tracey Corderoy (The Magical Snow Garden, Shifty McGiftyand Slippery Sam) and fun illustrations from Tim Warnes (The Great Cheese Robbery, Dangerous!), Now!is the perfect story to share with impatient toddlers who want everything . . . NOW!

The Power of Now Eckhart Tolle,2010-10-06 It's no wonder that The Power of Now has sold over 16 million copies worldwide and has been translated into over 30 foreign languages. Much more than simple principles and platitudes, the book takes readers on an inspiring spiritual journey to find their true and deepest self and reach the ultimate in personal growth and spirituality: the discovery of truth and light. In the first chapter, Tolle introduces readers to enlightenment and its natural enemy, the mind. He awakens readers to their role as a creator of pain and shows them how to have a pain-free identity by living fully in the present. The journey is thrilling, and along the way, the author shows how to connect to the indestructible essence of our Being, the eternal, ever-present One Life beyond the myriad forms of life that are subject to birth and death. Featuring a new preface by the author, this paperback shows that only after regaining awareness of Being, liberated from Mind and intensely in the Now, is there Enlightenment.

Manifest Now Idil Ahmed,2018-06-26 Manifest Now provides a step-by-step guide with tools, techniques, and proven strategies to raise your frequency and create the reality you want. This book is designed to guide you through the mental, physical, and spiritual aspects of manifesting and creating all that your heart desires. You'll learn how to start removing mental and emotional blocks so you can rediscover that manifesting is your natural birthright. You'll feel more confident, reconnected, and powerful as you turn every page. Everything in your life will begin to shift as you begin to realize that you are a conscious creator. What's Inside? · Release It: 10 powerful techniques you can use on a daily basis to release any mental, physical, or emotional blocks that hinder your manifesting powers. · Think It: 35 powerful thoughts to keep you energized, focused, and excited to manifest. · Affirm It: 100 affirmations that will help you start speaking, feeling, and commanding greatness, abundance, happiness, and financial freedom into your life right now. · Magnetic Money Mindset: Tools that help you discover your purpose, tap into your creative genius, do what you love, and attract financial freedom along the way. Begin your journey and watch magical things unfold in your life.

Now Morris Gleitzman,2012-06-05 Set in the current day, this is the final book in Morris Gleitzman's series that began with Once, continued with Then and is . . . Now. Felix is a grandfather. He has achieved much in his life and is widely admired in the community. He has mostly buried the painful memories of his childhood, but they resurface when his granddaughter Zelda comes to stay with him. Together they face a cataclysmic event armed only with their with gusto and love—an event that helps them achieve salvation from the past, but also brings the possibility of destruction. Now is one of Kirkus Reviews' Best Children's Books of 2012

Now Antoinette Portis,2017-07-11 This is my favorite cloud. . .because it's the one I am watching. This is my favorite tree. . .because it's the one where I'm swinging. This is my favorite tooth. . .because it's the one that is missing. Follow a little girl as she takes you on a tour through all of her favorite things, from the holes she digs to the hugs she gives in Now, a clever and poignant picture book by award-winning artist Antoinette Portis. A Neal Porter Book

The Spectacular Now Tim Tharp,2014-02-06 Sutter's the guy you want at your party. Aimee's not. She needs help and it's up to Sutter to show Aimee a splendiferous time and then let her go forth and prosper. But Aimee's not like other girls and before long he's over his head. For the first time in his life he has

the power to make a difference in someone else's life - or ruin it forever.

The Clock Of The Long Now Stewart Brand,2008-08-01 Using the designing and building of the Clock of the Long Now as a framework, this is a book about the practical use of long time perspective: how to get it, how to use it, how to keep it in and out of sight. Here are the central questions it inspires: How do we make long-term thinking automatic and common instead of difficult and rare? Discipline in thought allows freedom. One needs the space and reliability to predict continuity to have the confidence not to be afraid of revolutions Taking the time to think of the future is more essential now than ever, as culture accelerates beyond its ability to be measured Probable things are vastly outnumbered by countless near-impossible eventualities. Reality is statistically forced to be extraordinary; fiction is not allowed this freedom This is a potent book that combines the chronicling of fantastic technology with equally visionary philosophical inquiry.

Then and Now Heather Amery,2012-05-30 Explains the fundamental principles of time.

Somewhere, Right Now Kerry Docherty,2022-03-22 Debut author Kerry Docherty reminds us that even when we are having a bad day, just imagining that somewhere, right now, something beautiful is happening can bring a feeling of calm. When Alma is experiencing the lows of unexpected disappointment, her mom offers her the wise advice that she just might feel better if she closes her eyes and pictures something beautiful that's happening in nature. Inspired by the current pandemic, this book is a relevant but timeless reminder that somewhere in the world something beautiful is happening. Maybe it's a baby whale being born, or perhaps it's the sun coming out on a cloudy day; right now our resilient world is making something incredible happen.

Everything Now Rosecrans Baldwin,2021-06-15 A LOS ANGELES TIMES BESTSELLER. NAMED A BEST CALIFORNIA BOOKS OF 2021 BY THE NEW YORK TIMES A provocative, exhilaratingly new understanding of the United States' most confounding metropolis—not just a great city, but a full-blown modern city-state America is obsessed with Los Angeles. And America has been thinking about Los Angeles all wrong, for decades, on repeat. Los Angeles is not just the place where the American dream hits the Pacific. (It has its own dreams.) Not just the vanishing point of America's western drive. (It has its own compass.) Functionally, aesthetically, mythologically, even technologically, an independent territory, defined less by distinct borders than by an aura of autonomy and a sense of unfurling destiny—this is the city-state of Los Angeles. Deeply reported and researched, provocatively argued, and eloquently written, Rosecrans Baldwin's Everything Now approaches the metropolis from unexpected angles, nimbly interleaving his own voice with a chorus of others, from canonical L.A. literature to everyday citizens. Here, Octavia E. Butler and Joan Didion are in conversation with activists and astronauts, vampires and veterans. Baldwin records the stories of countless Angelenos, discovering people both upended and reborn: by disasters natural and economic, following gospels of wealth or self-help or personal destiny. The result is a story of a kaleidoscopic, vibrant nation unto itself—vastly more than its many, many parts. Baldwin's concept of the city-state allows us, finally, to grasp a place—Los Angeles—whose idiosyncrasies both magnify those of America, and are so fully its own. Here, space and time don't quite work the same as they do elsewhere, and contradictions are as stark as southern California's natural environment. Perhaps no better place exists to watch the United States's past, and its possible futures, play themselves out. Welcome to Los Angeles, the Great American City-State.

Our Time Is Now Stacey Abrams,2020-06-09 From New York Times bestselling author of Lead From The Outside and political leader Stacey Abrams, a blueprint to end voter suppression, empower our citizens, and take back our country. With each page, she inspires and empowers us to create systems that

reflect a world in which all voices are heard and all people believe and feel that they matter. —Kerry Washington A recognized expert on fair voting and civic engagement, Abrams chronicles a chilling account of how the right to vote and the principle of democracy have been and continue to be under attack. Abrams would have been the first African American woman governor, but experienced these effects firsthand, despite running the most innovative race in modern politics as the Democratic nominee in Georgia. Abrams didn't win, but she has not conceded. The book compellingly argues for the importance of robust voter protections, an elevation of identity politics, engagement in the census, and a return to moral international leadership. *Our Time Is Now* draws on extensive research from national organizations and renowned scholars, as well as anecdotes from her life and others' who have fought throughout our country's history for the power to be heard. The stakes could not be higher. Here are concrete solutions and inspiration to stand up for who we are?now. This is a narrative that describes the urgency that compels me and millions more to push for a different American story than the one being told today. It's a story that is one part danger, one part action, and all true. It's a story about how and why we fight for our democracy and win. - Stacey Abrams

Enlightenment Now Steven Pinker, 2018-02-13 INSTANT NEW YORK TIMES BESTSELLER A NEW YORK TIMES NOTABLE BOOK OF 2018 ONE OF THE ECONOMIST'S BOOKS OF THE YEAR My new favorite book of all time. --Bill Gates If you think the world is coming to an end, think again: people are living longer, healthier, freer, and happier lives, and while our problems are formidable, the solutions lie in the Enlightenment ideal of using reason and science. By the author of the new book, *Rationality*. Is the world really falling apart? Is the ideal of progress obsolete? In this elegant assessment of the human condition in the third millennium, cognitive scientist and public intellectual Steven Pinker urges us to step back from the gory headlines and prophecies of doom, which play to our psychological biases. Instead, follow the data: In seventy-five jaw-dropping graphs, Pinker shows that life, health, prosperity, safety, peace, knowledge, and happiness are on the rise, not just in the West, but worldwide. This progress is not the result of some cosmic force. It is a gift of the Enlightenment: the conviction that reason and science can enhance human flourishing. Far from being a naïve hope, the Enlightenment, we now know, has worked. But more than ever, it needs a vigorous defense. The Enlightenment project swims against currents of human nature--tribalism, authoritarianism, demonization, magical thinking--which demagogues are all too willing to exploit. Many commentators, committed to political, religious, or romantic ideologies, fight a rearguard action against it. The result is a corrosive fatalism and a willingness to wreck the precious institutions of liberal democracy and global cooperation. With intellectual depth and literary flair, *Enlightenment Now* makes the case for reason, science, and humanism: the ideals we need to confront our problems and continue our progress.

Your Best Life Now Joel Osteen, 2007-09-03 In this remarkable New York Times bestseller, Joel Osteen offers unique insights and encouragement that will help readers overcome every obstacle in their lives.

What Is History, Now? Suzannah Lipscomb, Helen Carr, 2021-09-23 'THE history book for now. This is why and how historians do what they do. And why they need to' Dan Snow 'What is History, Now? demonstrates how our constructs of the past are woven into our modern world and culture, and offers us an illuminating handbook to understanding this dynamic and shape-shifting subject. A thought-provoking, insightful and necessary re-examination of the subject' Hallie Rubenhold, author of *The Five* 'The importance of history is becoming more evident every day, and this humane book is an essential navigation tool. Urgent and utterly compelling' Sathnam Sanghera, author of *Empireland* 'Important and exciting' Kate Williams, author of *Rival Queens* Inspired by the

influential text **WHAT IS HISTORY?** authored by Helen Carr's great-grandfather, E.H. Carr, and published on the 60th anniversary of that book, this is a groundbreaking new collection addressing the burning issue of how we interpret history today. What stories are told, and by whom, who should be celebrated, and what rewritten, are questions that have been asked recently not just within the history world, but by all of us. Featuring a diverse mix of writers, both bestselling names and emerging voices, this is the history book we need NOW. **WHAT IS HISTORY, NOW?** covers topics such as the history of racism and anti-racism, queer history, the history of faith, the history of disability, environmental history, escaping imperial nostalgia, hearing women's voices and 'rewriting' the past. The list of contributors includes: Justin Bengry, Leila K Blackbird, Emily Brand, Gus Casely-Hayford, Sarah Churchwell, Caroline Dodds Pennock, Peter Frankopan, Bettany Hughes, Dan Hicks, Onyeka Nubia, Islam Issa, Maya Jasanoff, Rana Mitter, Charlotte Riley, Miri Rubin, Simon Schama, Alex von Tunzelmann and Jaipreet Virdi.

More! Tracey Corderoy, 2015 Uh-oh! Archie has discovered a new word: more! **MORE** books at bedtime! **MORE** ice cream! **MORE** bubble bath! He wants to build **BIGGER** towers and **BETTER** fancy dress costumes. But sometimes more is just too much... The indomitable Archie returns in his hilarious sequel to **No! and Why?** With acutely observed text from Tracey Corderoy (Shifty McGifty and Slippery Sam, Hubble Bubble, Granny Trouble) and laugh-out-loud illustrations from Tim Warnes (Dangerous!), it's set to become a bedtime favourite. The perfect tale for families with strong-willed toddlers who just want **MORE!**

The Perpetual Now Michael D. Lemonick, 2018-01-16 In the aftermath of a shattering illness, Lonni Sue Johnson—a renowned artist who regularly produced covers for *The New Yorker*, a gifted musician, a skilled amateur pilot, and a joyful presence to all who knew her—lives in a perpetual now. Lonni Sue has almost no memories of the past and a nearly complete inability to form new ones. Remarkably, however, she retains much of the intellect and artistic skills from her previous life. As such, Lonni Sue's story has become part of a much larger scientific narrative—one that is currently challenging traditional wisdom about how human memory and awareness are stored in the brain. In this probing, compassionate, and illuminating book, award-winning science journalist Michael D. Lemonick tells the unique drama of Lonni Sue Johnson's day-to-day life and explains the groundbreaking revelations about memory, learning, and consciousness her unique case has uncovered. This is his nuanced and intimate look of the science that lies at the very heart of human nature.

The Patient Will See You Now Eric Topol, 2016-10-25 The essential guide by one of America's leading doctors to how digital technology enables all of us to take charge of our health A trip to the doctor is almost a guarantee of misery. You'll make an appointment months in advance. You'll probably wait for several hours until you hear the doctor will see you now-but only for fifteen minutes! Then you'll wait even longer for lab tests, the results of which you'll likely never see, unless they indicate further (and more invasive) tests, most of which will probably prove unnecessary (much like physicals themselves). And your bill will be astronomical. In *The Patient Will See You Now*, Eric Topol, one of the nation's top physicians, shows why medicine does not have to be that way. Instead, you could use your smartphone to get rapid test results from one drop of blood, monitor your vital signs both day and night, and use an artificially intelligent algorithm to receive a diagnosis without having to see a doctor, all at a small fraction of the cost imposed by our modern healthcare system. The change is powered by what Topol calls medicine's Gutenberg moment. Much as the printing press took learning out of the hands of a priestly class, the mobile internet is doing the same for medicine, giving us unprecedented control over our healthcare. With smartphones in hand, we are no longer beholden to an

impersonal and paternalistic system in which doctor knows best. Medicine has been digitized, Topol argues; now it will be democratized. Computers will replace physicians for many diagnostic tasks, citizen science will give rise to citizen medicine, and enormous data sets will give us new means to attack conditions that have long been incurable. Massive, open, online medicine, where diagnostics are done by Facebook-like comparisons of medical profiles, will enable real-time, real-world research on massive populations. There's no doubt the path forward will be complicated: the medical establishment will resist these changes, and digitized medicine inevitably raises serious issues surrounding privacy. Nevertheless, the result-better, cheaper, and more human health care-will be worth it. Provocative and engrossing, *The Patient Will See You Now* is essential reading for anyone who thinks they deserve better health care. That is, for all of us.

Now & When Sara Bennett Wealer, 2020-07-14 For fans of Jenny Han and Christine Riccio comes a romantic dramedy about a teen girl who stumbles upon a mysterious website that tells her everything she doesn't want to know about her future. There's something about Truman Alexander that Skyler Finch finds incredibly annoying. Actually, several things: his voice (grating), his arrogance (total know-it-all), his debate-team obsession (eyeroll), and his preppy vibe (does he iron his shorts?). She does her best to avoid him and focus on the important stuff: friends, school, and her boyfriend, Eli. His promposal was perfect--just like he is--and the future is looking bright. Or is it? For some unexplainable reason, Skylar's phone is sending her notifications from the future . . . a future in which, to her horror, she appears to be with Truman. As in, romantically. As in, Skyler cannot let that happen. But trying to change the future means messing up the present, and what Skyler sees keeps shifting. Classmates disappear and reappear, swap partners and futures. Turns out there are no actions without reactions, and life doesn't come with a road map. But sometimes the wandering leads you exactly where you need to be, and people--like glitchy phones--are full of surprises.

This book delves into Now!. Now! is a vital topic that must be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Now!, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:

- Chapter 1: Introduction to Now!
- Chapter 2: Essential Elements of Now!
- Chapter 3: Now! in Everyday Life
- Chapter 4: Now! in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, this book will provide an overview of Now!. This chapter will explore what Now! is, why Now! is vital, and how to effectively learn about Now!.

3. In chapter 2, this book will delve into the foundational concepts of Now!. This chapter will elucidate the essential principles that must be understood to grasp Now! in its entirety.
 4. In chapter 3, this book will examine the practical applications of Now! in daily life. The third chapter will showcase real-world examples of how Now! can be effectively utilized in everyday scenarios.
 5. In chapter 4, the author will scrutinize the relevance of Now! in specific contexts. The fourth chapter will explore how Now! is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, the author will draw a conclusion about Now!. The final chapter will summarize the key points that have been discussed throughout the book.
- This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Now!.
