Tony Avent

So You Want to Start a Nursery Tony Avent, 2003-07-11 When Avent announced that he was quitting his job to build a specialty nursery, his former horticulture professor begged his student to reconsider, telling him he couldn't possibly make a profit without doing something illegal. More than ten years and 20 nursery catalogs later, Avent owns a thriving national business with nearly 30 employees. He wrote *So You Want to Start a Nursery* to debunk myths about the ornamental-plants nursery business and what it takes to succeed, whether you're a backyard hobbyist or a wholesale grower. (And he still has a clean arrest record.) Assuming that the reader has some basic knowledge about how plants are grown, Avent focuses on the business and planning concerns of the nursery owner. While recounting humorous stories of his baptism by fire as a beginning nurseryman, Avent also provides a primer on the nursery industry as a whole, with discussions of the merits and disadvantages of retail, wholesale, mail-order, and liner operations, to name just a few. Readers of this book will obtain the tools they need to make a business plan of their own. This book is a must-read for horticulture students, industry insiders, and advanced gardeners who dream of turning their passion for plants into a job they love.

Favorite Nursery Rhymes from Mother Goose Scott Gustafson, 2014-10-14 IPPY Award Winner From nonsense to lessons learned, these 45 rhymes include the very well known (*Itsy Bitsy Spider*) and the somewhat familiar (*Hickety, Pickety, My Black Hen*). The truly fantastic pictures speak more than a thousand words as artist Scott Gustafson riffs in paint on themes present and

imagined in each verse. Nursery rhymes are classic, and so are some of the artist's interpretations. But other paintings are surprises, like an anthropomorphic baking bear, a pelican sea captain, and Peter Piper as a pug on two legs. Welcome to a world where *There Was a Crooked Man* is not about a hunchbacked senior but rather a madcap, double-jointed dandy who might be crooked in more ways than one. Jack (Be Nimble) is a leaping cricket and Yankee Doodle a fun-loving chipmunk on a fullsize horse. Scott Gustafson's unique style, influenced by legendary book illustrators Arthur Rackham and N. C. Wyeth, makes this a volume to be treasured by children and illustrated-book lovers of all ages.

Nursery Manual for Native Plants R. Kasten Dumroese, Tara Luna, Thomas D. Landis, 2009 In 2001, the Forest Service, U.S. Department of Agriculture (USDA), through its Virtual Center for Reforestation, Nurseries, and Genetics Resources (RNGR), invited Native Americans from across the United States to attend the Western Forest and Conservation Nursery Association annual meeting. About 25 tribal members, representing 20 tribes, attended the meeting at Fort Lewis College in Durango, Colorado. The following year, a similar meeting was held in Olympia, Washington, and tribal members initiated a Tribal Nursery Council and requested that RNGR facilitate the organization. During 2003, RNGR requested information from 560 tribes across the United States, seeking specific information on tribes' needs for native plants, facilities, training, and so on. Results

from the responding 77 tribes were incorporated into the Tribal Nursery Needs Assessment. Based on the results of that questionnaire, and input from tribal members attending the 2003 Intertribal Nursery Council meeting in Coeur d'Alene, Idaho, it was agreed that a nursery handbook was needed. That fall, planning began for writing the manual, loosely based on Agriculture Handbook 674, The Container Tree Nursery Manual, but with special attention to the uniqueness of Native American cultures.
