Fashioned Texts and Painted Books Erin E.

Edgington, 2017-10-01 Fashioned Texts and Painted Books examines the folding fan's multiple roles in fin-de-siecle and early twentieth-century French literature. Focusing on the fan's identity as a symbol of feminine sexuality, as a collectible art object, and, especially, as an alternative book form well suited to the reception of poetic texts, the study highlights the fan's suitability as a substrate for verse, deriving from its myriad associations with coquetry and sex, flight, air, and breath. Close readings of Stephane Mallarme's eventails of the 1880s and 1890s and Paul Claudel's *Cent phrases pour eventails* (1927) consider both text and paratext as they underscore the significant visual interest of this poetry. Works in prose and in verse by Octave Uzanne, Guy de Maupassant, and Marcel Proust, along with fan leaves by Edgar Degas, Edouard Manet, Berthe Morisot, and Paul Gauguin, serve as points of comparison that deepen our understanding of the complex interplay of text and image that characterizes this occasional subgenre. Through its interrogation of the correspondences between form and content in fan poetry, this study demonstrates that the fan was, in addition to being a

ubiquitous fashion accessory, a significant literary and art historical object straddling the boundary between East and West, past and present, and high and low art.

Painted Poetry Keila Womack,2014-04-21 Painted Poetry is a collection of the art infused poems of Keila Womack. The Poet

pours words of emotion in lines of poetry while bringing the essence of thoughts to life with a visual inspiration of her very own oil paintings. At the young age of 15, Keila found solace in releasing poetic thoughts as well as writing and singing her own lyrics. Writing, as well as painting has been a journey of healing, renewal and hope while walking round the unexpected corners of every day life. In her own words she expresses the need for art as the need for bread, Being an artist may not pay the bills but it restores the heart, fills an absent mind and gives bread to a hungry soul. Collectively, her vision of art and the sensitivity of literature creates a distinctly unique relationship. Poetry is in the heart of every human soul. Life breaks the man, his longing and release of words makes his being whole.

The Painted Word Phil Cousineau, Gregg Chadwick, 2012-09-18
WORDCATCHER Phil Cousineau illuminates the history and mystery of weird and wonderful word stories To untangle the knot of interlocking meanings of these painted words, logophile and mythologist Phil Cousineau begins each fascinating word entry with his own brief definition. He then fills it in with a tint of etymology and a smattering of quotes that show how the word is used, ending with a list of companion words. The words themselves range from

commonplace - like biscuit, a twice-baked cake for Roman soldiers - to loanwords including chaparral, from the Basque shepherds who came to the American West; words from myths, such as hector; metamorphosis words, like silly, which evolved holy to goofy in a mere thousand years; and words well worthy of revival, such as carrytale, a wandering storyteller. Whether old-fangled or brand new, all the words included in *The Painted Word* possess an ineffable quality that makes them luminous.

Painted Alive Craig Tracy,2012 *Painted Alive* is the first collection of bodypainted images by New Orleans artist Craig Tracy. With his masterful approach to this ancient and ephemeral art, Tracy has found the perfect way to passionately express his creativity. More than sixty transformative and intimately provocative works reveal Tracy's vision, which ranges from realistic to conceptual and surreal. In addition to the vibrant finished works captured here, Tracy shares some behind-the-scenes images of his process, which can often be as alluring as the final images. His skillful use of multiple techniques is as varied as the individuals, both male and female, that he paints upon. This monograph challenges the perception of conventional contemporary art and is ideal for anyone who collects, appreciates, and/or studies contemporary art.

The Painted Kiss Elizabeth Hickey,2006-03-07 Gustav Klimt, one of the great painters of fin de siècle Austria—and the subject of Helen Mirren's latest film, *Woman in Gold*—takes center stage in this passionate and atmospheric debut novel, which reimagines the tumultuous relationship between the Viennese painter and Emilie

Flöge, the woman who posed for his masterpiece *The Kiss*, and whose name he uttered with his dying breath. Vienna in 1886 was a city of elegant cafés, grand opera houses, and a thriving and adventurous artistic community. It is here where the twelve-year-old Emilie meets the controversial libertine and painter. Hired by her bourgeois father for basic drawing lessons, Klimt introduces Emilie to a subculture of dissolute artists, wanton models, and decadent patrons that both terrifies and inspires her. *The Painted Kiss* follows Emilie as she blossoms from a naïve young girl to one of Europe's most exclusive couturiers—and Klimt's most beloved model and mistress. A provocative love story that brings to life Vienna's cultural milieu, *The Painted Kiss* is as compelling as a work by Klimt himself.
