The Past Tessa Hadley, 2016-01-05 Winner of the Windham Campbell Prize • A Washington Post Best Book of the Year • A Time Best Book of the Year • A San Francisco Chronicle Top 10 Book of the Year • A Huffington Post Best Fiction Book of the Year • A New York Times Editors' Choice In her most accessible, commercial novel yet, the "supremely perceptive writer of formidable skill and intelligence (New York Times Book Review) turns her astute eye to a dramatic family reunion, where simmering tensions and secrets come to a head over three long, hot summer weeks. With five novels and two collections of stories, Tessa Hadley has earned a reputation as a fiction writer of remarkable gifts. She brings all of her considerable skill and an irresistible setup to *The Past*, a novel in which three sisters, a brother, and their children assemble at their country house. These three weeks may be their last time there; the upkeep is prohibitive, and they may be forced to sell this beloved house filled with memories of their shared past (their mother took them there to live when she left their father). Yet beneath the idyllic pastoral surface, hidden passions, devastating secrets, and dangerous hostilities threaten to consume them. Sophisticated and sleek, Roland's new wife (his third) arouses his sisters' jealousies and insecurities. Kasim, the twenty-year-old son of Alice's ex-boyfriend, becomes enchanted with Molly, Roland's sixteen-year-old daughter. Fran's young children make an unsettling discovery in a dilapidated cottage in the woods that shatters their innocence. Passion erupts where it's least expected, leveling the quiet self-possession of Harriet, the eldest sister. Over the course of this summer holiday, the family's stories and silences intertwine, small disturbances build into familial crises, and a way of life—bourgeois, literate, ritualized, Anglican—winds down to its inevitable end. With subtle precision and deep compassion, Tessa Hadley brilliantly evokes a brewing storm of lust and envy, the indelible connections of memory and affection, the fierce, nostalgic beauty of the natural world, and the shifting currents of history running beneath the surface of these seemingly steady lives. The result is a novel of breathtaking skill and scope that showcases this major writer's extraordinary talents.

The Simple Past Driss Chraïbi, 2020-01-07 *The Simple Past* came out in 1954, and both in France and its author's native Morocco the book caused an explosion of fury. The protagonist, who shares the author's name, Driss, comes from a Moroccan family of means, his father a self-made tea merchant, the most devout of Muslims, quick to be provoked and ready to lash out verbally or physically, continually bent on subduing his timid wife and many children to his iron and ever-righteous will. He is known, simply, as the Lord, and Driss, who is in high school, is in full revolt against both him and the French colonial authorities, for whom, as much as for his father, he is no one. Driss Chraïbi's classic coming-of-age story is about colonialism, Islam, the subjection of women, and finding, as his novel does, a voice that is as cutting and coruscating as it is original and free.

Getting Past Your Past Francine Shapiro, 2013-03-26 A totally accessible user's guide from the creator of a scientifically proven form of psychotherapy that has successfully treated millions of people worldwide. Whether we've experienced small setbacks or major traumas, we are all influenced by memories and experiences we may not remember or don't fully understand. *Getting Past Your Past* offers practical procedures that demystify the human condition and empower readers looking to achieve real change. Shapiro, the creator of EMDR (Eye Movement Desensitization and Reprocessing), explains how our personalities develop and why we become trapped into feeling, believing and acting in ways that don't serve us. Through detailed examples and exercises readers will learn to understand themselves, and why the people in their lives act the way they do. Most importantly, readers will also learn techniques to improve their relationships, break through emotional barriers, overcome limitations and excel in ways taught to Olympic athletes,

successful executives and performers. An easy conversational style, humor and fascinating real life stories make it simple to understand the brain science, why we get stuck in various ways and what to do about it. Don't let yourself be run by unconscious and automatic reactions. Read the reviews below from award winners, researchers, academics and best selling authors to learn how to take control of your life.

Past Imperfect Mark C. Carnes, 1996-11-15 Essays that consider how classic movies have reflected history include the writings of such noted historians as Paul Fussell, Antonia Fraser, and Gore Vidal.

Remembering Popular Musics Past Lauren Istvandity, Sarah Baker, Zelmarie Cantillon, 2019-06-15 Remembering Popular Music's Past capitalizes on the growing interest, globally, in the preservation of popular music's material past and on scholarly explorations of the ways in which popular music, as heritage, is produced, legitimized and conferred cultural and historical significance. The chapters in this collection consider the spaces, practices and representations that constitute popular music heritage to elucidate how popular music's past is lived in the present. Thus the focus is on the transformation of popular music into heritage, and the role of history and memory in this process. The cultural studies framework adopted in Remembering Popular Music's Past encompasses unique approaches to popular music historiography, sociology, film analysis, and archival and museal work. Broadly, the collection deals with the precarious nature of popular music heritage, history and memory.

Past, Space, and Self John Campbell, 1994 John Campbell shows that the general structural features of human thought can be seen as having their source in the distinctive ways in which we think about space and time.

Projecting the Past Maria Wyke, 2013-12-02 Brought vividly to life on screen, the myth of ancient Rome resonates through modern popular culture. Projecting the Past examines how the cinematic traditions of Hollywood and Italy have resurrected ancient Rome to address the concerns of the present. The book engages contemporary debates about the nature of the classical tradition, definitions of history, and the place of the past in historical film.

Speaking in the Past Tense Herb Wyile, 2006-12-15 "Speaking in the Past Tense participates in an expanding critical dialogue on the writing of historical fiction, providing a series of reflections on the process from the perspective of those souls intrepid enough to step onto what is, practically by definition, contested territory." – Herb Wyile, from the Introduction The extermination of the Beothuk ... the exploration of the Arctic ... the experiences of soldiers in the trenches during World War I ... the foibles of Canada's longest-serving prime minister ... the Ojibway sniper who is credited with 378 wartime kills—these are just some of the people and events discussed in these candid and wide-ranging interviews with eleven authors whose novels are based on events in Canadian history. These sometimes startling conversations take the reader behind the scenes of the novels and into the minds of their authors. Through them we explore the writers' motives for writing, the challenges they faced in gathering information and presenting it in fictional form, the sometimes hostile reaction they faced after publication, and, perhaps most interestingly, the stories that didn't make it into their novels. Speaking in the Past Tense provides fascinating insights into the construction of national historical narratives and myths, both those familiar to us and those that are still being written.

Lifelines from Our Past L. S. Stavrianos, 2015-03-04 This book offers an extraordinary interpretation of world history, from the paleolithic era to the present. Renowned historian L.S. Stavrianos conceptualizes human history into three categories: kinship societies, tributary societies, and capitalist societies. In each, he discerns and studies four life-line issues - ecology, gender relations, social relations, and war - that encompass the broadest areas of human experience. The revised edition projects forward to the twenty-first century, offering the author's views on possible future scenarios involving the same lifeline issues.

Half Past Practice Sally Fisk, 1995-09-01 This packet provides a variety of fun activities designed to help children understand the concept of time. Emphasis is placed on identifying the position of numerals and hands on a clock face. Parents who wish their children to have practice in learning to tell time will find this packet as helpful as classroom teachers will find it. The exercises are presented so that a child can work with a minimum of supervision. Additional suggestions for using this book are included on the inside back cover. Answers are included.

The Unmasterable Past Charles S. Maier, 2009-07-01 Bringing his book up to date with reflections since its first publication a decade ago, Charles S. Maier writes that the historians' controversy gave Germany a chance to air the issues immediately before unification and, in effect, the controversy substituted for the constitutional debate that a united Germany never got around to holding. The premises of national community, whether formulated in terms of legal culture, inherited collective responsibilities, or patriotic habits of the heart, had already been subjects for vigorous discussion.

Perspectives on Oceans Past Kathleen Schwerdtner Máñez, Bo Poulsen, 2016-05-24 Marine environmental history analyses the changing relationships between human societies and marine natural resources over time. This is the first book which deals in a systematic way with the theoretical backgrounds of this discipline. Major theories and methods are introduced by leading scholars of the field. The book seeks to encapsulate some of the major novelties of this fascinating new discipline and its contribution to the management, conservation and restoration of marine and coastal ecosystems as well as the cultural heritages of coastal communities in different parts of the world.

Monster's Past Laura Greenwood, 2023-11-28 The search for answers may lie in dreams of the past. Anja has never been able to answer the question of what she is, but now she's at Blackthorn Academy, she's determined to find out—even if it means facing the dreams that plague her nights. The moment Cethin meets Anja, he knows she's more than just a classmate, he just hopes that she can see beyond his twisted lineage and won't run screaming when she discovers she's his mate. Between the nightmares, the new class load, and the charming dark warlock plaguing her thoughts, there's no doubt that Anja has her hands full, but can it help find her the answers she's looking for? Monster's Past is book five in the Blackthorn Academy for Supernaturals shared world, featuring a heroine with no clue about her past, a cinnamon roll dark warlock determined to help her, and more.

Possessing the Past Wen Fong, James C. Y. Watt, 1996 A major scholarly work, published in conjunction with the exhibition titled Splendors of Imperial China: Treasures from the National Palace Museum, Taipei (on display at the Metropolitan Museum of Art during 1996, and scheduled for several other American cities during 1996-1997). Written by scholars of both Chinese and Western cultural backgrounds and conceived as a cultural history, the book synthesizes scholarship of the past three decades to present the historical and cultural significance of individual works of art and analyses of their aesthetic content, as well as reevaluation of the cultural dynamics of Chinese history. Includes some 600 illustrations, 436 in color. Annotation copyright by Book News, Inc., Portland, OR

The Mythic Past: Biblical Archaeology And The Myth Of Israel Thomas L. Thompson, L Thompson, 2008-08-05 The Jewish people's historical claims to a small area of land bordering the eastern Mediterranean are not only the foundation for the modern state of Israel, they are also at the very heart of Judeo-Christian belief. Yet in *The Mythic Past*, Thomas Thompson argues that such claims are grounded in literary myth, not history. Among the author's startling conclusions are these: * There never was a united monarch of Israel in biblical times * We can no longer talk about a time of the Patriarchs * The entire notion of Israel and its history is a literary fiction. *The Mythic Past* provides refreshing new ways to read the Old Testament as the great literature it was meant to be. At the same time, its controversial conclusions about Jewish history are sure to prove incendiary in a worldwide debate about one of the world's seminal texts, and one of its most bitterly contested regions.

The Vichy Past in France Today Richard J. Golsan, 2016-12-20 *The Vichy Past in France Today: Corruptions of Memory* is an interdisciplinary study examining the continuing impact of the memory of Vichy and World War II in French politics, literature, intellectual discourse and debates, and the law. It argues that despite multiple efforts in all of these areas to come to terms with France's World War II past and to fulfill a "duty to memory" to Vichy's Jewish victims, the nation is still not reconciled to the so-called "Dark Years," even seventy years after the Liberation. Indeed the Vichy past "occupies" important recent works of literature, inflects much political discussion and debate, often serving as a metaphor for political (and moral) evil. Its legacies include the passage of problematic laws that dangerously distort and simplify complex historical realities. Chapter I examines the historical and legal legacies of the 1990s trials for crimes against humanity and traces their impact on the so-called "memorial laws" of the new century. Chapter II revisits the 2002 presidential elections in France and the impact of Jean-Marie Le Pen's first round victory on intellectual and cultural debate. Chapter III explores Alain Badiou's controversial characterization of Sarkozy's presidential victory as a return of "Petainism" in *The Meaning of Sarkozy*. The discussion is cast against the backdrop of Badiou's "radical" political thought and Sarkozy's political uses and misuses of the World War II past. Chapter IV examines the controversy surrounding the publication of Jonathan Littell's *The Kindly Ones* (2006) and its morally and historically problematic portrayal of an unrepentant Nazi and SS officer. Chapter V discusses Yannick Haenel's fictional recreation of the Polish resistance hero Jan Karski (*The Messenger*, 2009) in his novel by that name, and the polemics between the novel's author and the maker of the classic Holocaust documentary film, *Shoah*, Claude Lanzmann. The Conclusion first explores the ways in which the memory of Vichy inflects literary and political reflections on the recent terrorist attacks in France. It also examines strategies proposed by French philosophers for moving beyond the "impasse" of Vichy's memory in France before concluding with a different strategy proposed by the author for the French nation to move beyond the memory of the Dark Years.

Creating the Monastic Past in Medieval Flanders Karine Ugé, 2005 Examination of the self-produced histories of a number of religious communities, tracing out the complex reasons for their composition. The creation of a past for themselves was of pressing importance to religious communities, enabling them to increase their status and legitimise their existence. This book examines

the process in a group of communities from the southern part of Flanders (the monks of Saint-Bertin at Saint-Omer, the community of Saint-Rictrude at Marchiennes and the canons of Saint-Amé at Douai) over a period running from the ninth to the end of the eleventh century. The central contention is that the communities produced their narratives (history, hagiography, charter materials) for a specific time and purpose, frequently as a response to or intended resolution of internal or external crises. The book also discusses how the circumstances which triggered narrative production had an impact not only on the content but also on the form of the texts.
