The Godfather Notebook Francis Ford Coppola, 2016-12-20

THE PUBLISHING SENSATION OF THE YEAR FOR EVERY FILM FAN

The never-before-published edition of Francis Ford Coppola's notes and annotations on The Godfather novel by Mario Puzo reveals the story behind one of the world's most iconic films. The most important unpublished work on one of the greatest films of all time, The Godfather, written before filming, by the man who wrote and directed it—Francis Ford Coppola, then only thirty-two years old—reveals the intense creative process that went into making this seminal film. With his meticulous notes and impressions of Mario Puzo's novel, the notebook was referred to by Coppola daily on set while he directed the movie. The Godfather Notebook pulls back the curtain on the legendary filmmaker and the film that launched his illustrious career. Complete with an introduction by Francis Ford Coppola and exclusive photographs from on and off the set, this is a unique, beautiful, and faithful reproduction of Coppola's original notebook. This publication will change the way the world views the iconic film—and the process of filmmaking at large. A must-have book of the season. Nothing like it has ever been published before

The Man With The Miraculous Hands Joseph

Kessel, 2015-11-06 Felix Kersten, physician to the high-demon of the Third Reich, Heinrich Himmler could alleviate Himmler's severe stomach pains with his hands using massage and manipulation. In return, Kersten bargained with Himmler to order the release of innocent prisoners condemned to die. It is an amazing story of the good-natured little fat man who looked like a "cross between a Flemish burgomaster and a Buddha of the West," studied the higher curative powers of massage under a lama-doctor Ko, and applied them to Himmler whose excruciating stomach aches were only relieved by Kersten's therapy. During the five years to come, Kersten attended Himmler but was an alien by birth and sympathies among his entourage, with the one exception of

Himmler's private secretary who collaborated with him in drawing up the lists of doomed men—Jehovah's Witnesses, Jews, concentration camp victims of all nationalities. At the close, Kersten was jockeying with Himmler (and when persuasion failed, withholding treatment) to try and secure mass scale liberation of victims first through Sweden, then Switzerland.... Kersten is fascinating to follow-through his circumspect, ambivalent career—even though there may be points in question at its close.—KIRKUS Review

The Three Christs of Ypsilanti Milton Rokeach, 2011-04-19

On July 1, 1959, at Ypsilanti State Hospital in Michigan, the social psychologist Milton Rokeach brought together three paranoid schizophrenics: Clyde Benson, an elderly farmer and alcoholic; Joseph Cassel, a failed writer who was institutionalized after increasingly violent behavior toward his family; and Leon Gabor, a college dropout and veteran of World War II. The men had one thing in common: each believed himself to be Jesus Christ. Their extraordinary meeting and the two years they spent in one another's company serves as the basis for an investigation into the nature of human identity, belief, and delusion that is poignant, amusing, and at times disturbing. Displaying the sympathy and subtlety of a gifted novelist, Rokeach draws us into the lives of three troubled and profoundly different men who find themselves "confronted with the ultimate contradiction conceivable for human beings: more than one person claiming the same identity."

Milton's Secret Eckhart Tolle, Robert S. Friedman, 2008-11-28

For the first time ever, bestselling author Eckhart Tolle brings the core of his teachings to children, ages 7 to 100. Beautifully illustrated and artfully expressed, this charming story will bring joy to children and their parents for decades to come. Milton, who is about eight years old, is experiencing bullying on the school playground at the hands of a boy named Carter. Because he is being picked on, Milton no longer enjoys going to school. In fact, he dreads each morning because of his fear of Carter. By

discovering the difference between Then, When, and the Now, Milton is able to shed his fear of being bullied. Living in the Now, he no longer dreads encountering Carter--and this changes everything. Milton's Secret will not only appeal to the millions of adult readers of Tolle's other books, but also to any parent who wants to introduce their children to the core of Tolle's teachings: Living in the Now is the quickest path to ending fear and suffering.

Heat 2 Michael Mann, Meg Gardiner, 2023-06-27 Michael Mann, four-time Oscar-nominated filmmaker and writer-director of *Heat*, *Collateral*, *Thief*, *Manhunter*, and *Miami Vice*, teams up with Edgar Award-winning author Meg Gardiner to deliver Mann's first crime novel - an explosive return to the world and characters of his classic film *Heat* - an all-new story that illuminates what happened before and after the iconic film--

Immodest Acts Judith C. Brown, 1986-12-11 The discovery of the fascinating and richly documented story of Sister Benedetta Carlini, Abbess of the Convent of the Mother of God, by Judith C. Brown was an event of major historical importance. Not only is the story revealed in *Immodest Acts* that of the rise and fall of a powerful woman in a church community and a record of the life of a religious visionary, it is also the earliest documentation of lesbianism in modern Western history. Born of well-to-do parents, Benedetta Carlini entered the convent at the age of nine. At twenty-three, she began to have visions of both a religious and erotic nature. Benedetta was elected abbess due largely to these visions, but later aroused suspicions by claiming to have had supernatural contacts with Christ. During the course of an investigation, church authorities not only found that she had faked her visions and stigmata, but uncovered evidence of a lesbian affair with another nun, Bartolomeo. The story of the relationship between the two nuns and of Benedetta's fall from an abbess to an outcast is revealed in surprisingly candid archival documents and retold here with a fine sense of drama.

On Kubrick James Naremore, 2019-07-25 On Kubrick provides an illuminating critical account of the films of Stanley Kubrick, from his earliest feature, *Fear and Desire* (1953), to the posthumously-produced *A.I. Artificial Intelligence* (Steven Spielberg, 2001). The book offers provocative analysis of each of Kubrick's films, together with new information about their production histories and cultural contexts. Its ultimate aim is to provide a concise yet thorough discussion that will be useful as both an academic text and a trade publication. James Naremore argues that in several respects Kubrick was one of the cinema's last modernists: his taste and sensibility were shaped by the artistic culture of New York in the 1950s; he became a celebrated auteur who forged a distinctive style; he used art-cinema conventions in commercial productions; he challenged censorship regulations; and throughout his career he was preoccupied with one of the central themes of modernist art – the conflict between rationality and its ever-present shadow, the unconscious. War and science are key concerns in Kubrick's oeuvre, and his work has a hyper-masculine quality. Yet no director has more relentlessly emphasized the absurdity of combat, as in *Paths of Glory* (1957) and *Full Metal Jacket* (1987), the failure of scientific reasoning, as in *2001* (1968), and the fascistic impulses in masculine sexuality, as in *Dr Strangelove* (1964) and *Eyes Wide Shut* (1999). The book also argues that while Kubrick was a voracious intellectual and a life-long autodidact, the fascination of his work has less to do with the ideas it espouses than with the emotions it evokes. Often described as 'cool' or 'cold,' Kubrick is best understood as a skillful practitioner of what might be called the aesthetics of the grotesque; he employs extreme forms of caricature and black comedy to create disgusting, frightening yet also laughable images of the human body, creating a sense of unease that leaves viewers unsure of how to react.

Ecstasy and Me My Life As a Woman Hedy Lamarr, J. Lewis Bruce, Philip Lambert, Sam Sloan, 2014-08-16 This is the autobiography of Hedy Lamarr, who is famous for two things: First: Her movie career, as she was regarded as the most beautiful woman in Hollywood. She was also the first woman ever to appear nude in a movie. Second: She is famous as an inventor, a scientist and a researcher, especially during the Second World War, as she developed and patented a method to defend against torpedoes and missiles. She also developed an anti-aircraft system where the anti-aircraft fire would not hit the aircraft but would explode nearby. Nowadays, in the aftermath of the shooting down of Malaysian Airline 17 over Eastern Ukraine, killing 298 passengers, a new look is being taken at the process developed by Hedy Lamarr. The missile that shot down the Malaysian Airplane used a system similar to the one developed by Hedy Lamarr, and the defense against torpedoes she developed might have applications to prevent future commercial aircraft from being knocked down.

The Operators Michael Hastings, 2012-01-05 The inspiration for the Netflix original movie *War Machine*, starring Brad Pitt, Tilda Swinton, and Ben Kingsley From the author of *The Last Magazine*, a shocking behind-the-scenes portrait of our military commanders, their high-stake maneuvers, and the political firestorm that shook the United States. In the shadow of the hunt for Bin Laden and the United States' involvement in the Middle East, General Stanley McChrystal, the commanding general of international and U.S. forces in Afghanistan, was living large. His loyal staff liked to call him a "rock star." During a spring 2010 trip, journalist Michael Hastings looked on as McChrystal and his staff let off steam, partying and openly bashing the Obama administration. When Hastings's article appeared in *Rolling Stone*, it set off a political firestorm: McChrystal was unceremoniously fired. In *The Operators*, Hastings picks up where his *Rolling Stone* coup ended. From patrol missions in the Afghan hinterlands to senior military advisors' late-night bull sessions to hotel bars where spies and

expensive hookers participate in nation-building, Hastings presents a shocking behind-the-scenes portrait of what he fears is an unwinnable war. Written in prose that is at once eye-opening and other times uncannily conversational, readers of *No Easy Day* will take to Hastings' unyielding first-hand account of the Afghan War and its cast of players.

Spontaneous Mind Allen Ginsberg, 2002-03-26 From his conversation with the conservative William F. Buckley on PBS to his testimony at the Chicago Seven trial to his passionate riffs on Cezanne, Blake, Whitman, and Pound, the interviews collected in *Spontaneous Mind*, chronologically arranged and in some cases previously unpublished, were conducted throughout Allen Ginsberg's long career. From the late 1950s to the mid-1990s, Ginsberg speaks frankly about his life, his work, and major events, allowing us to hear once again the impassioned voice of one of the most influential literary and cultural figures of our time.

It Doesn't Suck Adam Nayman, 2018 What's celebrated as the worst movie ever, film writer Adam Nayman explores the 1995 Paul Verhoeven film that won the Razzie and perhaps ended its star's career. He argues that *Showgirls* is not so bad it's good, it's so good it's mistaken for bad.

Zona Geoff Dyer, 2012-02-02 In this spellbinding book, the man described by the Daily Telegraph as 'possibly the best living writer in Britain' takes on his biggest challenge yet: unlocking the film that has obsessed him all his adult life. Like the film *Stalker* itself, it confronts the most mysterious and enduring questions of life and how to live.

The Living Dead George A. Romero, Daniel Kraus, 2020-08-04
“A horror landmark and a work of gory genius.”—Joe Hill, New York Times bestselling author of *The Fireman* New York Times bestselling author Daniel Kraus completes George A. Romero's brand-new masterpiece of zombie horror, the massive novel left unfinished at Romero's death! George A. Romero invented the modern zombie with *Night of the Living Dead*, creating a monster that has become a key part of pop culture. Romero often felt hemmed in by the constraints of film-making. To tell the story of the rise of the zombies and the fall of humanity the way it should be told, Romero turned to fiction. Unfortunately, when he died, the story was incomplete. Enter Daniel Kraus, co-author, with Guillermo del Toro, of the New York Times bestseller *The Shape of Water* (based on the Academy Award-winning movie) and *Trollhunters* (which became an Emmy Award-winning series), and author of *The Death and Life of Zebulon Finch* (an Entertainment Weekly Top 10 Book of the Year). A lifelong Romero fan, Kraus was honored to be asked, by Romero's widow, to complete *The Living Dead*. Set in the present day, *The Living Dead* is an entirely new tale, the story of the zombie plague as George A. Romero wanted to tell it. It begins with one body. A pair of medical examiners find themselves battling a dead man who won't stay dead. It spreads quickly. In a Midwestern trailer park, a Black teenage girl and a Muslim immigrant battle newly-risen friends and family. On a US aircraft carrier, living sailors hide from dead ones while a fanatic makes a new religion out of death. At a cable news station, a surviving anchor keeps broadcasting while his undead colleagues try to devour him. In DC, an autistic federal employee charts the outbreak, preserving data for a future that may never come. Everywhere, people are targeted by both the living and the dead. We think we know how this story ends. We. Are. Wrong. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Best Pick John Dorney, Jessica Regan, Tom

Salinsky, 2022-02-15 A fascinating history of motion pictures through the lens of the Academy Awards, Best Pick provides a decade-by-decade look at the Oscars by examining the Best Picture winners, highest-grossing films, and biggest misses alongside a discussion of the trends, innovations, and stories that defined the decade.

Killing For Pleasure Debi Marshall, 2011-05-02 The bestselling account of one of South Australia's worst series of crimes - the bodies in the barrels. A disused bank vault holding eight dismembered bodies immersed in barrels of acid. Two bodies buried in a suburban backyard. A further two found in the bush. Such was the findings of one of South Australia's most horrific murder trials. Informed by material never seen before - an interview with Bunting's last lover Elizabeth Harvey, and with the Crown's key eye-witness James Vlassakis and with details of the torture and crimes not previously released - this is a tensely woven and microscopic examination of tawdry lives and tragic deaths. Four men who tortured and killed for fun, for power. Four men who kept each other's dark secrets for years. By the time the police investigation concluded, the story had invited comparison with the nightmare of Rosemary and Fred West, the British House of Horrors. Details of what the killers did to their victims before and after their deaths were deemed so depraved that suppression orders were in place throughout the trial. But the killers were not insane. They made deliberate choices to kill and lived in a culture of complete anarchy, sadistic violence, deviance and chaos. Journalist and author Debi Marshall explores the killers' psychopathic makeup in minute and harrowing detail. She charts the victims' exposure to generational paedophilia, incest, unemployment and hopelessness. Marshall covers the exhaustive trials and interviews the lawyers who ran them. Through interviews, she captures the voices of the victim's families and examines the police and forensic investigation and then wades

into the social structure that spawned the people in this story. This book was used as a primary source for the acclaimed Australian feature film, Snowtown.
