Pick-Up Charles Willeford,2017-11-07 First published as an unheralded paperback original, Pick-Up is an authentic underground classic, an explosive bulletin from the urban underbelly of mid-1950s America. It was Charles Willeford's second novel, after a rough and wandering earlier life that had taken him from Depression-era hobo camps and soup kitchens to wartime battlefields. The unblinking story of two lost and self-destructive drifters—a failed painter working as a counterman in a cheap diner and a woman in flight from domestic violence—trying to find a place for themselves in the back streets of San Francisco, Pick-Up is hardboiled writing at its nihilistic best: Willeford's preferred title for the book was Until I Am Dead. Its bleak vision of life beyond the edge is haunted by rape, racism, alcoholism, suicide, and inescapable poverty, yet shot through with a tenderness and compassion sustained against all odds in a society offering few breaks to its outcasts and misfits. Pick-Up's many twists and violent turns culminate in an ending that continues to surprise, confirming it as what critic Woody Haut has called “a razor-sharp narrative that rips open the genre.”

Pickups A Love Story Howard Zehr,2015-01-27 This book takes you straight inside that mystical bond between a man and his truck, a woman and her truck. Photographer Howard Zehr has captured these passionate connections in striking images and stories, told in the voices of the trucks' owners.

Pickup Trucks John Carroll,2006-04 Pickup trucks--those most practical of vehicles--are practically everywhere; rusty old beaters and shiny new ones, two-wheel and four-wheel-drive models, trucks from the era of classic design as well as the aerodynamic styles of the nineties. So plentiful and hard working are they that it is difficult to imagine any economy functioning without them. This survey of the pickup truck takes the reader from its early beginnings in World War I right up to the present day, spotlighting the major American manufacturers as well as noted truck builders around the world. This colorfully illustrated volume celebrates not only the classic and traditional pickups but the flashy and sporty hot-rod trucks as well.

The Pickup Nikki Ash,2023-06-06 Nick Somebody once said we don't decide who we love. The world decides for us. But I disagree. I believe love is a decision. Who we love, how we love. It's in our control--in our hands. I grew up having no clue about the true meaning of love. Money. Cars. Houses. Status. Fame. That's what love means to the people around me. It wasn't until the woman I picked up in a bar came back into my life and showed me love can be so much more. So, what's the problem? The woman I'm falling in love with believes in fairytales. She compares everything to a storybook and wants the happily-ever-after. So while she's stuck on recreating stories that have already been told, page by page, I'm showing her it's time we write our own book. Nobody ever said the journey of falling in love would be easy, just that it would be worth it.
