The Story About Ping Marjorie Flack, 2014-09-04

The Story About Ping covers the concepts Family and Problem Solving. This classic children's book was first published in 1933 and is still as delightful and relevant as ever. Ping's owner takes him and his siblings to the river for dinner. When it's time to go, Ping is the last duck in the water and, as such, will receive a spanking. To avoid punishment, he hides—only to be captured the next morning by a young boy for his family's dinner. Finally Ping is set free, and when he sees his master's boat, the last thing he fears is a spanking—he's just thankful to be home!

Ping Ani Castillo, 2019-09-03 With the visual ingenuity of Press Here and the emotional resonance of What Do You Do with a Problem?, this wise and timely book about the fragile art of personal connection will strike a chord with children and adults alike. In the era of social media, communication feels both more anxiety-producing, and more inescapable, than ever before. This clever, comforting picture book debut explores the challenges and joys of self-expression and social connection. Using an imaginative visual metaphor to bring to life how we send out (ping!) and receive (pong!) communications, Ani Castillo's words and pictures will empower and inspire anyone who has experienced the fear of sharing themselves with the world. With an artful, accessible package, an eloquent message, and a lot of heart, here is a new classic to bring courage and comfort to humans of all ages.

Vojkovic, 2009-03-01 Yuen Woo Ping's kung fu comedy based on the legendary female character Wing Chun is a landmark of action choreography and heroic womanhood in Chinese cinema. This book explores Wing Chun's narrative representation of femininity and the martial arts genre, its history, traditions and cultural influences.

Pete & Ping's Moving Day Chris te

Lindert, 2022-08-02 This book tells the story of the anxiety experienced by Pete and his jazz band figures, Ping a Japanese Japanese doll, Chester the toy clown and Snowy – a big, fluffy white bear at possibly being separated when Millicent and her family who own them are preparing to move house. The two boxes that appear in the pictures, or are referred to in the text represent those items

going with the family and those being given away. Each toy expresses their fear of being separated from their friends who come alive to play each night while the family sleeps.

Bend, Not Break Ping Fu, Mei Mei Fo, 2013-11-26

Born on the eve of China's Cultural Revolution, Ping Fu was separated from her family at the age of eight. She grew up fighting hunger and humiliation and shielding her younger sister from the teenagers in Mao's Red Guard. At twenty-five, she found her way to the United States; her only resources were \$80 and a few phrases of English. Yet Ping persevered, and the hard-won lessons of her childhood guided her to success in her new homeland. Aided by her well-honed survival instincts, a few good friends, and the kindness of strangers, she grew into someone she never thought she'd be—a strong, independent, entrepreneurial leader. "She tells her story with intelligence, verve and a candor that is often heart-rending." —The Wall Street Journal "This well-written tale of courage, compassion, and undaunted curiosity reveals the life of a genuine hero." —Booklist (starred review) "Her success at the American Dream is a real triumph." —The New York Post

The Story about Ping Marjorie Flack, Kurt Wiese, 1991 *The Story About Ping* covers the concepts Family and Problem Solving. This classic children's book was first published in 1933 and is still as delightful and relevant as ever. Ping's owner takes him and his siblings to the river for dinner. Adventures of the Ping-Pong Diplomats Fred Danner, 2012-01-17 This story reads like an adventure novel. The only difference is that the events in a novel are made up; these adventures really happened; the people are real; and the political effects of their actions have produced 40 years of peaceful coexistence between the Peoples Republic of China and the United States. This is the only historically complete narrative which covers the actual ping-pong diplomacy events, provides the background foreign policy information to explain why these events happened, & shows what could have happened if there were no ping-pong diplomats. The world news media was prevented from general coverage of the U.S. World Table Tennis Team to China, while U.S. publicity about the return visit of the Chinese World Team to the U.S. on the Grand Tour was largely controlled to serve the political aims and objectives of the Nixon administration. For those average Americans who became our Cold-War Warriors willingly taking the risks involved, and those who worked behind the scenes to make their risks worthwhile; such experiences occur only once in a lifetime. America and the world are a lot better off because of their efforts. Its time to read the real story of ping-pong diplomacy!

Faith Maya Ajmera, Cynthia Pon, Magda Nakassis, 2009-02-01 Families around the world celebrate faith in many different ways--through

praying, singing, learning, helping, caring, and more. With stunning photographs from many cultures and religious traditions, Faith celebrates the ways in which people worship around the globe . Thematically organized back matter gives additional information on common expressions of faith, and a glossary describes particular religions and elements of faith depicted in the book. A portion of the proceeds from the sales of this book helps support The Global Fund for Children's grantmaking to community-based projects serving vulnerable children around the world.

Fu Ping Anyi Wang,2019-08-06 Nainai has lived in Shanghai for many years, and the time has come to find a wife for her adopted grandson. But when the bride she has chosen arrives from the countryside, it soon becomes clear that the orphaned girl has ideas of her own. Her name is Fu Ping, and the more she explores the residential lanes and courtyards behind Shanghai's busy shopping streets, the less she wants to return to the country as a dutiful wife. As Fu Ping wavers over her future, she learns the city through the stories of the nannies, handymen, and garbage collectors whose labor is bringing life and bustle

back to postwar Shanghai. Fu Ping is a keenly observed portrait of the lives of lower-class women in Shanghai in the early years of the People's Republic of China. Wang Anyi, one of contemporary China's most acclaimed authors, explores the daily lives of migrants from rural areas and other people on the margins of urban life. In shifting perspectives rich in detail and psychological insight, she sketches their aspirations, their fears, and the subtle ties that bind them together. In Howard Goldblatt's masterful translation, Fu Ping reveals Wang Anyi's precise renderings of history, class, and the human heart.

Ping Wants to Play Adam Gudeon, 2014-07-07 Ping and Pong are friends. They like to eat and walk together, but they have their differences, too. Pong loves to nap, and he does it a lot. Ping likes to play! She runs and jumps around the yard while Pong sleeps the day away. Sometimes, this boundless energy gets Ping into tricky situations. Luckily, Pong likes to help when he's not napping. These dogs are a great pair. Adam Gudeon's lively illustrations capture Ping's and Pong's contrasting personalities in bold shapes and bright colors that are perfect for young readers. An I Like to Read(R) book. Guided Reading Level D.

Ping-Pong Diplomacy Nicholas Griffin, 2014-01-02 It was one of the most significant developments of the post-war era: China finally abandoning its close relationship with the Soviet Union to begin detente with the USA. Astonishingly, the man who helped make it happen was a British aristocrat, Ivor Montagu, a Soviet spy who knew Stalin and

dined with Trotsky. Even more remarkably, the means to this rapprochement was table tennis, a sport loved by both Chairman Mao and Montagu. For years, Montagu had lived a dual life, working to spread communism and also table tennis around the world. Surprisingly, the two strands of his career would come together in an event of global significance. Nicholas Griffin weaves a compelling story to reveal the background to the famous occasion in 1971, when the USA's Glenn Cowan, a 19-year-old hippie, befriended China's world champion Zhuang Zedong, who was imprisoned during the Cultural Revolution. Within days, the Americans would be playing the Chinese in front of 18,000 fans in Beijing, with the whole world watching. It was the beginning of a thaw in Sino-US relations that forced the Soviets into a crippling arms race that acted as a catalyst to pressuring them into errors that would draw the Cold War to an end. Sometimes sport truly can have the biggest consequences.

Bend, Not Break Ping Fu, MeiMei Fo, 2012-12-31
"Bamboo is flexible, bending with the wind but never breaking, capable of adapting to any circumstance. It suggests resilience, meaning that we have the ability to bounce back even from the most difficult times. . . . Your ability to thrive depends, in the end, on your attitude to your life circumstances. Take everything in stride with grace, putting forth energy when it is needed, yet always staying calm inwardly." –Ping Fu's
"Shanghai Papa" Ping Fu knows what it's like to be a child soldier, a factory worker, and a political prisoner. To be beaten and raped for the crime of

being born into a well-educated family. To be deported with barely enough money for a plane ticket to a bewildering new land. To start all over, without family or friends, as a maid, waitress, and student. Ping Fu also knows what it's like to be a pioneering software programmer, an innovator, a CEO, and Inc. magazine's Entrepreneur of the Year. To be a friend and mentor to some of the best-known names in technology. To build some of the coolest new products in the world. To give speeches that inspire huge crowds. To meet and advise the president of the United States. It sounds too unbelievable for fiction, but this is the true story of a life in two worlds. Born on the eve of China's Cultural Revolution, Ping was separated from her family at the age of eight. She grew up fighting hunger and humiliation and shielding her younger sister from the teenagers in Mao's Red Guard. At twenty-five, she found her way to the United States; her only resources were \$80 in traveler's checks and three phrases of English: thank you, hello, and help. Yet Ping persevered, and the hard-won lessons of her childhood guided her to success in her new homeland. Aided by her well-honed survival instincts, a few good friends, and the kindness of strangers, she grew into someone she never thought she'd be—a strong, independent, entrepreneurial leader. A love of problem solving led her to computer science, and Ping became part of the team that created NCSA Mosaic, which became Netscape, the Web browser that forever changed how we access information. She then started a company, Geomagic, that has literally reshaped the world, from

personalizing prosthetic limbs to repairing NASA spaceships. Bend, Not Break depicts a journey from imprisonment to freedom, and from the dogmatic anticapitalism of Mao's China to the high-stakes, take-no-prisoners world of technology start-ups in the United States. It is a tribute to one woman's courage in the face of cruelty and a valuable lesson on the enduring power of resilience.
