*The Levitan Pitch. Buy This Book. Win More Pitches* Peter Levitan,2014-08-28 The Levitan Pitch. Buy This Book. Win More Pitches. is the definitive how-to guide for every advertising, design, digital and PR agency that wants to increase its odds of winning new accounts. Based on 30 years of pitching for new accounts, I know that there is no such thing as a standard marketing services pitch scenario. Every client category, assignment, timetable, budget, search consultant, procurement system, and client personality is unique. However... While there is no standard pitch or agency, I know from experience that there are universal pitch criteria that can be identified and addressed regardless of the type or size of client, specific marketing objectives, or agency. To that extent, The Levitan Pitch is designed to deliver one master benefit: You will win more new clients. In Chapter One of this book, I discuss the very high cost of failing to run well-crafted, efficient pitches. The costs of failure include poor agency staff morale, individual employee burnout, and the financial cost to an agency's bottom-line that comes from the cost of participating in four-month agency searches and funding an agency's annual business development plan. This chapter tells the story of Saatchi & Saatchi Advertising's The Worst Advertising Pitch Ever. Chapter Two offers an escape hatch. You should not pitch every account that comes knocking. I give you a handy tool to gauge both the value of the prospective client and your agency's chances of winning. Chapter Three begins to help you position the pitch for success. We look at the essential facts of the pitch and dig into understanding the client's mindset by understanding the type of assignment, type of relationship they are looking for, and what type of agency will fulfill their needs. Chapter Four delivers the list of The 12 Deadliest Presentation Mistakes. These are identified pitch killers that come from my personal experience and the experiences of agency CEO's, clients, and search consultants. The accompanying cartoons wouldn't be as funny if these mistakes were not being made over and over, even by the most sophisticated agencies. In Chapter Five I lay out thirty short but very sweet suggestions for how to build a brilliant presentation that I know will greatly increase your odds of winning. These ideas cover three core elements of a successful pitch: process management, content development, and how to deliver a standout presentation. Each rule is supported by a tip or insight that offers a fast way to achieve your objectives. Chapter Six is all about don't take my word for it. This chapter brings in valuable learning via fourteen interviews with a range of communications industry experts. It is informative and often mind-blowing to hear the pitch related experiences and advice of agency search consultants, compensation experts, an ex P&G procurement executive, a negotiation trainer, the 4A's, the Association of National Advertisers, a silicon valley presentation guru, a leading agency strategist, an ex-Nike and W+K executive on building chemistry, an IP lawyer on who actually owns your pitch ideas, the CEO of a London advertising agency, and the CEO of an independent agency network who has been on both sides of the table. Finally, I've included insights about all too common agency pitch mistakes from 16 of the world's leading search consultants. I hope that you will find the book informative, insightful, occasionally humorous, and most importantly, a good read that ultimately results in more wins for your company.

**The Pitch** Hugh Rank, 1991 This book probes the ways ads persuade people to purchase, and attempts to teach individuals to become more discerning consumers. Critical thinking, when applied to analyzing ads, benefits consumers by helping them recognize patterns of persuasion and sort incoming information in order to get to the hidden message. The book's basic premise is that all people are benefit-seekers and persuaders are benefit-promisers. There are four dynamics of benefit-seeking behaviors: (1) protection, or keeping a perceived good; (2) relief, or getting rid of a perceived bad; (3) acquisition, or getting a new good; and (4) prevention, or avoiding getting a new bad. The book identifies a five-part strategy of the basic pattern of advertising (Hi, Trust Me, You Need, Hurry, Buy), discusses the vocabulary of advertising, and provides exercises, discussion topics, and quiz sheets as learning and assessment tools. One Perfect Pitch: How to Sell Your Idea, Your Product, Your Business--or Yourself Marie Perruchet,2016-03-25 What’s YOUR story? In the hypercompetitive world of Silicon Valley, this question has replaced “What’s your pitch?” It’s another way of asking, “Who are you?” The art of the pitch is nothing short of a survival skill. If an entrepreneur can’t convince an investor in 10 minutes that a business idea has potential, that is often the end of it. If a project manager in a large enterprise can’t win support from other stakeholders, his or her project is at risk. You always need to be selling yourself, pitching your partners or your clients to work with you, or pitching what makes your new business an exciting and worthwhile investment. You may not realize it right now, but you do have a one-of-a-kind story to tell, one that makes you stand out from everyone else—a unique tale that makes you, your product, or your business unforgettable. In One Perfect Pitch, Marie Perruchet will help you discover it, hone it, and present it, so that you get buy-in from colleagues and potential investors. Learn: • How to mine the worst experiences of your life for your pitch • How to tell me, show me, and sign me up in one minute • How to make a good impression through any medium • The dos and don’ts of pitching etiquette—and how to correct common mistakes • The unspoken rules in Silicon Valley A former mentor at 500 Startups, where she was a pitching coach to world-changing companies at one of the largest incubators in the U.S., Perruchet shares her proven methodology, insider advice, and hands-on exercises. She provides a step-by-step framework that ensures you are pitch perfect whenever you need to sell an idea, a product, a business—or yourself. **Elevator Pitch** Linwood Barclay,2019-09-17 **\*\*INSTANT NATIONAL BESTSELLER\*\*** The #1 bestselling Linwood Barclay returns with an edge-of-your-seat thriller that does for elevators what Psycho did for showers and Jaws did for the beach—a heart-pounding tale of terror and menace that will make you think twice the next time you hit Up. It all begins on a Monday, when four people board an elevator in a Manhattan office tower. Each presses a button for their floor, but the elevator proceeds, nonstop, to the top. Once there it pauses for a few seconds, but the doors don't open. Instead, the elevator begins to descend floor-by-floor. Then it plummets. Right to the bottom of the shaft. It appears to be a random accident. . . . But on Tuesday, it happens again, in a different Manhattan skyscraper. And then Wednesday brings yet another tragic high-rise catastrophe. In only three days, one of the most vertical cities in the world—and the nation's capital of media, finance and entertainment--is plunged into chaos. Clearly, this is anything but random. This is a cold, calculated bid to terrorize the city. And it's succeeding. Fearing for their lives, thousands of men and women working in offices across the city refuse to leave their homes. Commerce has slowed to a trickle. Emergency calls to the top floors of apartment towers go unanswered. Who is behind this? Why are they doing it? Are these deadly acts of sabotage somehow connected to a fingerless body found on the High Line? Two seasoned New York detectives and a straight-shooting journalist race against time to uncover the truth before the city's newest, and tallest, residential tower has its ribbon-cutting on Friday night. With each diabolical twist, Linwood Barclay ratchets up the tension, building to a shattering finale. Elevator Pitch is a riveting tale of psychological suspense that is all too plausible . . . and will chill you to the bone.
