The Levitan Pitch. Buy This Book. Win More Pitches Peter Levitan,2014-08-28 **The Levitan Pitch. Buy This Book. Win More Pitches.** is the definitive how-to guide for every advertising, design, digital and PR agency that wants to increase its odds of winning new accounts. Based on 30 years of pitching for new accounts, I know that there is no such thing as a standard marketing services pitch scenario. Every client category, assignment, timetable, budget, search consultant, procurement system, and client

personality is unique. However... While there is no standard pitch or agency, I know from experience that there are universal pitch criteria that can be identified and addressed regardless of the type or size of client, specific marketing objectives, or agency. To that extent, The Levitan Pitch is designed to deliver one master benefit: You will win more new clients. In Chapter One of this book, I discuss the very high cost of failing to run well-crafted, efficient pitches. The costs of failure include poor agency staff morale, individual employee burnout, and the financial cost to an agency's bottom-line that comes from the cost of participating in four-month agency searches and funding an agency's annual business development plan. This chapter tells the story of Saatchi & Saatchi Advertising's The Worst Advertising Pitch Ever. Chapter Two offers an escape hatch. You should not pitch every account that comes knocking. I give you a handy tool to gauge both the value of the prospective client and your agency's chances of winning. Chapter Three begins to help you position the pitch for success. We look at the essential facts of the pitch and dig into understanding the client's mindset by understanding the type of assignment, type of relationship they are looking for, and what type of agency will fulfill their needs. Chapter Four delivers the list of The 12 Deadliest

Presentation Mistakes. These are identified pitch killers that come from my personal experience and the experiences of agency CEO's, clients, and search consultants. The accompanying cartoons wouldn't be as funny if these mistakes were not being made over and over, even by the most sophisticated agencies. In Chapter Five I lay out thirty short but very sweet suggestions for how to build a brilliant presentation that I know will greatly increase your odds of winning. These ideas cover three core elements of a successful pitch: process management, content development, and how to deliver a standout presentation. Each rule is supported by a tip or insight that offers a fast way to achieve your objectives. Chapter Six is all about don't take my word for it. This chapter brings in valuable learning via fourteen interviews with a range of communications industry experts. It is informative and often mind-blowing to hear the pitch related experiences and advice of agency search consultants, compensation experts, an ex P&G procurement executive, a negotiation trainer, the 4A's, the Association of National Advertisers, a silicon valley presentation guru, a leading agency strategist, an ex-Nike and W+K executive on building chemistry, an IP lawyer on who actually owns your pitch ideas, the CEO of a London advertising agency, and the CEO of an

independent agency network who has been on both sides of the table. Finally, I've included insights about all too common agency pitch mistakes from 16 of the world's leading search consultants. I hope that you will find the book informative, insightful, occasionally humorous, and most importantly, a good read that ultimately results in more wins for your company.

The Art of the Pitch Peter Coughter, 2016-09-29 Through an engaging and humorous narrative, Peter Coughter presents the tools he designed to help advertising and marketing professionals develop persuasive presentations that deliver business. Readers will learn how to develop skills to create the perfect presentation.

The Pitch Hugh Rank, 1991 This book probes the ways ads persuade people to purchase, and attempts to teach individuals to become more discerning consumers. Critical thinking, when applied to analyzing ads, benefits consumers by helping them recognize patterns of persuasion and sort incoming information in order to get to the hidden message. The book's basic premise is that all people are benefit-seekers and persuaders are benefit-promisers. There are four dynamics of benefit-seeking behaviors: (1) protection, or keeping a perceived good; (2) relief, or getting rid of a perceived bad; (3) acquisition, or getting a new good; and (4) prevention, or

avoiding getting a new bad. The book identifies a five-part strategy of the basic pattern of advertising (Hi, Trust Me, You Need, Hurry, Buy), discusses the vocabulary of advertising, and provides exercises, discussion topics, and quiz sheets as learning and assessment tools. (DQE)

Fever Pitch Nick Hornby, 2005-05-05 *WINNER OF THE WILLIAM HILL SPORTS BOOK OF THE YEAR* Fever Pitch is Nick Hornby's million-copy-selling, award-winning football classic 'A spanking 7-0 away win of a football book. . . inventive, honest, funny, heroic, charming' Independent For many people watching football is mere entertainment, to some it's more like a ritual; but to others, its highs and lows provide a narrative to life itself. But, for Nick Hornby, his devotion to the game has provided one of few constants in a life where the meaningful things - like growing up, leaving home and forming relationships, both parental and romantic - have rarely been as simple or as uncomplicated as his love for Arsenal. Brimming with wit and honesty, Fever Pitch, catches

perfectly what it really means to be a football fan - and in doing so, what it means to be a man. 'Hornby has put his finger on truths that have been unspoken for generations' Irish Times 'Funny, wise and true' Roddy Doyle

Beyond the Red Ava Jae, 2016-03-01 Alien queen Kora has a problem as vast as the endless crimson deserts. She's the first female ruler of her territory in generations, but her people are rioting and call for her violent younger twin brother to take the throne. Despite assassination attempts, a mounting uprising of nomadic human rebels, and pressure to find a mate to help her rule, she's determined to protect her people from her brother's would-be tyrannical rule. Eros is a rebel soldier hated by aliens and human alike for being a half-blood. Yet that doesn't stop him from defending his people, at least until Kora's soldiers raze his camp and take him captive. He's given an ultimatum: be an enslaved bodyguard to Kora, or be executed for his true identity—a secret kept even from him. When Kora and Eros are framed for the attempted assassination of her betrothed, they flee. Their only chance of survival is to turn themselves in to the high court, where revealing Eros's secret could mean a swift public execution. But when they uncover a violent plot to end the human insurgency,

they must find a way to work together to prevent genocide.

has replaced “What’s your pitch?” It’s another way of asking, “Who are you?” The art of the pitch is nothing short of a survival skill. You Get What You Pitch For Anthony Sullivan,Tim Vandehey,2017-09-12 TV's most popular pitchman reveals the secrets of pitching to get what you want in virtually any situation. Anthony Sully Sullivan went from selling car washers in rainy Welsh street markets to selling to audiences of millions around the world as the face of OxiClean. How did he do it? Convincing people to give you what you want is an art form that takes charisma and confidence. But no great pitchman achieves success based on those qualities alone. The good ones make themselves great with practice and discipline, mastering a series of skills that Sullivan dubs the ten Pitch Powers. These are essential techniques he's learned in more than twenty-five years on the joint (that's pitchman-speak for the area where you're selling). For the first time

ever, Sullivan reveals the secrets behind his seemingly superhuman ability to persuade others--even if they start out regarding you with suspicion or even hostility. Do it right and you'll change minds, open doors, get opportunities, turn adversaries into allies, make more money, and gain the kind of confidence that makes other people want to know you. From the first Pitch Power (Know Your Acceptable Outcomes) to the last (Finish with Confidence)--with invaluable strategies along the way on using your flubs to get a laugh, how to deal with push-back, and more--Sullivan reveals that pitching is all about engaging a person face-to-face and eye-to-eye so they feel like you're speaking directly to them, even if there are fifty other people in the room. It's turning a crowd of strangers with their arms folded into a legion of fans ready to say yes enthusiastically to whatever you propose, what Anthony Sullivan calls fierce agreement. It's the power to get the job, get the girl (or guy), get the part, make money, get better service, advance your career--do just about anything you want to do.
