man. Born in Shanghai during the chaos of World War I, he is the son of an aristocratic Russian mother and a mysterious German father and is the protégé of a Japanese Go master. Hel survived the destruction of Hiroshima to emerge as the world's most artful lover and its most accomplished—and well-paid—assassin. Hel is a genius, a mystic, and a master of language and culture, and his secret is his determination to attain a rare kind of personal excellence, a state of effortless perfection known only as shibumi. Now living in an isolated mountain fortress with his exquisite mistress, Hel is unwillingly drawn back into the life he'd tried to leave behind when a beautiful young stranger arrives at his door, seeking help and refuge. It soon becomes clear that Hel is being tracked by his most sinister enemy—a supermonolith of international espionage known only as the Mother Company. The battle lines are drawn: ruthless power and corruption on one side, and on the other . . . shibumi.

*Ryld's Shadows* Angel Martinez, Bellora Quinn, 2022-03-08 FROM POPULAR AUTHORS OF LGBTQIA ROMANCE ANGEL MARTINEZ AND BELLORA QUINN Book four in the AURA series Ryld must learn to control his dangerous shadows before they kill someone he cares about or someone unscrupulous learns how to control him. AURA's offices have been quiet since the mage tower incident—as quiet as they can be for an agency dedicated to policing holes in reality—and the department heads have been free to turn their attention back to mundane matters. The return to quiet bureaucracy gives AURA's Director of Research, Kai Hiltas, the time to turn his energy to a new issue—a young drow with unusual and dangerous powers named Ryld. Though his shadows always lurk at the edges of his vision, Ryld does his best to live peacefully and not let them hurt anyone. He has his work, his apartment and a succession of minders assigned by AURA who are, ostensibly, there to keep him safe in his new world and to prevent him from causing any scenes with his shadows. Most of the time, the arrangement works. But one disastrous incident causes Ryld's minder to leave him unattended and lost—the precise thing he was hired to prevent. To replace the faithless minder, Kai suggests Hank, a half-goblin accountant recently in the middle of a string of terrible luck, while Kai works out how best to get Ryld the magical training he so desperately needs. For his part, Hank truly likes Ryld and insists he would be happier working as Ryld's companion rather than as a controlling minder. As Hank and Ryld slowly come to terms with sharing space—and eventually more—Kai's search for a teacher for Ryld takes them out west on the invitation of the Elvenhome's aelfe queen and right into the lap of inter-elven feuds, ancient prejudice, conspiracies and trafficking rings. What should have been a pleasant visit soon turns into more than even forever-scheming Kai can handle.

A sexy, passionate, utterly addictive, roomies-to-lovers MM romance from #1 NYT Bestseller Lauren Blakely! Look, when I met the sexy, witty Brit on the streets of London last night, I had no idea who he was. He was just that hot guy I wanted to have a drink with so I asked him out for my first evening in town. One thing almost led to another. After a midnight kiss, we made plans for a whole lot more the next day. But when I unlock the door to my rental in the morning, the English hottie is lounging on the couch like he lives here too. Great. For the next year I'll be sharing a tiny flat with the sexiest guy I've ever known. Time for a few simple rules -- don't walk around the flat wearing only a towel, don't spend our nights together exploring London, and don't crack open my secrets for him. Even as I smash all those rules, I try to resist falling for the cocky charmer. But after a taste of his lips, I give all the way in, telling myself one night and we won't fall in love. Too bad in the morning I discover that hiding my true feelings is the least of my worries, compared to a twist I never see coming. Contents Include: One broody American, one charming Brit, and two libidos that can barely fit into the smallest flat in London. It crosses time, space and everything else in between... Love is a force of nature. The last thing Thea Maloney expects the day after her first love, Gerard Wyatt, is executed for a crime he didn't commit, is a chance to travel to the twenty-second century to a place called the Haunted Hollow. There time is splintered into hundreds of timelines and a savage ghost war has ravaged the planet. One man stands between what remains of the human race and extinction, a man known only as the General. A man who also happens to be another version of Gerard. Thea's mission in this haunted place is to solve the riddle of the broken timelines and show the General the power of love before he makes a choice that will doom them all. But how do you convince a man who already thinks you're the enemy and who's known only horror his entire life that you're his soulmate? Raised in the trenches of the Great Ghost War, the General lives and breathes only one thing. Death. His enclave of ghost hunters and refugees is all that's left of the human race and he will do anything to reverse humanity's fate, even if it means rewriting history in a bold gambit to turn back time. What he doesn't count on is the arrival of Thea Maloney, a woman who makes him feel things he's never experienced before. Was she sent to seduce and spy on him, or worse, sabotage the enclave from the inside? Or could she be the one person who just might save them all?
