**Practical Jokes, Funny Pranks and Dirty Rotten Tricks** R. G. Grover, 2013-11 These are mostly true tales of me wreaking havoc on those around me for the amusement of myself and others. I started as a preschooler getting into mischief out of pure boredom, usually at school. It continued through grade

school, junior high, high school, the military, college, my first job . . . My very first booby trap was balancing a teddy bear on top of my slightly open bedroom door to fall on the head of anyone who entered. I only wish that I hadn't forgotten something and ran back in there . . . and I REALLY wished that I hadn't use the heavy teddy bear with the really hard music box . . . I was probably three years old. My second booby trap, and the most infamous within our family, utilized a battery-powered, motorized, futuristic toy assault vehicle. It was silver, sleek, aerodynamic, made of metal and had sharp edges and bright lead-based paint. It had six giant wheels with knobby tires. The body would pivot 180 degrees while rolling in one direction and the side-gunner's door would snap open and sparks would fly and a red light would flash as the toy Space Marine mowed down imaginary space monsters. I was almost 4 years old. I used the round posts on my bed as a series of pulleys around which I wrapped yarn to ensure the proper directional pull on the ON switch so when my mother opened the door to my room, the yarn pulled the switch on the mechanical death machine and it rolled out from under the bed, spun around, as the side door flipped open and a gunner with dual laser cannons began to lay down cover fire toward the door of my room. I'm not sure if my mother had learned to levitate, or if she had previously been bitten by a radio active spider, but by the time I awoke from a deep slumber the hysterical screaming had stopped and she was gracefully (yeah right) returning to earth pointing frantically and speaking in tongues. I must be gifted, because I clearly heard, "Would you please turn off your wake-up alarm?" I think my mother may have been surprised . . . It's almost always best to be nice to people, however, sometime you just HAVE to shake up your buddy's beer before you hand it to him. I hope you enjoy reading these tales as much as I enjoyed remembering them and writing them down.

**Jake Maddox: Point Guard Prank** Jake Maddox, 2013 Someone keeps playing pranks on Ryan and it is starting to affect how he plays basketball. Who is the big prankster and why are they out to get Ryan?

**The Ultimate Office Prank Book** Mae B Fired, 2009-03-18 Making life in cubicle land a bit more fun, this book is a clever and amusing list of practical jokes—a list that will challenge even seasoned saboteurs to take risks and reap the awkward rewards. Whether it's filling the vending machine with a coworker's desk supplies, attaching fishing wire to phones and keyboards, or putting Jello in the toilets, pranks have been an office staple since the first cubicle was born. Split into chapters labeled Entry-Level, Middle Management, and Executive, jokesters are entertained with 200+ increasingly dangerous pranks. Complete with Tips for Talking Your Way Out of Anything and a list of important phone numbers, including the fire and police departments and the American Bar Association, this book is the perfect humorous gift for a friend, family member, or coworker!

*Textastrophe: A Collection of Hilariously Catastrophic Text Pranks* Matt Andrews, 2015-02-17 Once upon a time, prank phone calls were the best way to procrastinate, but in 2015, they're so passé. Instead, Matt Andrews has mastered the art of prank texting. What happens when you offer to barter two sub-sandwiches for a used motorcycle? Who do you call when you want to build a mysterious man cave in your basement? What do you do if you need a knight in shining armor to deliver you to your high school reunion? If you've ever left a contact me pull-tab at your local grocery or posted an ad on Craigslist and received insane and unbelievable text messages in response,

Andrews is very likely to blame. We'd be mad at him if we could stop laughing long enough to hit send on the exceptionally witty come back we thought of...too bad he's already moved on to his next target and deleted us from his phone, now only to be remembered in these pages of his laugh-out-loud funny book.

*Gross Pranks* Karen M. Leet, 2013 Describes fun, gross prank ideas in a step-by-step format--Provided by publisher.
