Frank Freidel

*The President's Book of Secrets* David Priess, 2016-03-01 Every president has had a unique and complicated relationship with the intelligence community. While some have been coolly distant, even adversarial, others have found their intelligence agencies to be among the most valuable instruments of policy and power. Since John F. Kennedy's presidency, this relationship has been distilled into a personalized daily report: a short summary of what the intelligence apparatus considers the most crucial information for the president to know that day about global threats and opportunities. This top-secret document is known as the President's Daily Brief, or, within national security circles, simply "the Book." Presidents have spent anywhere from a few moments (Richard Nixon) to a healthy part of their day (George W. Bush) consumed by its contents; some (Bill Clinton and George H. W. Bush) consider it far and away the most important document they saw on a regular basis while commander in chief. The details of most PDBs are highly classified, and will remain so for many years. But the process by which the intelligence community develops and presents the Book is a fascinating look into the operation of power at the highest levels. David Priess, a former intelligence officer and daily briefer, has interviewed every living president and vice president as well as more than one hundred others intimately involved with the production and delivery of the president's book of secrets. He offers an unprecedented window into the decision making of every president from Kennedy to Obama, with many character-rich stories revealed here for the first time.

**Under This Roof** Paul Brandus, 2015-09-29 "Like taking a tour of the White House with a gifted storyteller at your side!" Why, in the minutes before John F. Kennedy was murdered, was a blood-red carpet installed in the Oval Office? If Abraham Lincoln never slept in the Lincoln Bedroom, where did he sleep? Why was one president nearly killed in the White House on inauguration day—and another secretly sworn in? What really happened in the Situation Room on September 11, 2001? History leaps off the page in this "riveting," "fast-moving" and "highly entertaining" book on the presidency and White House in *Under This Roof*, from award-winning White House-based journalist Paul Brandus. Reporting from the West Wing briefing room since 2008, Brandus—the most followed White House journalist on Twitter (@WestWingReport)—weaves together stories of the presidents, their families, the events of their time—and an oft-ignored major character, the White House itself. From George Washington—who selected the winning design for the White House—to the current occupant, Barack Obama—the story of the White House is the story of America itself, Brandus writes. You'll: Walk with John Adams through the still-unfinished mansion, and watch Thomas Jefferson plot to buy the Louisiana Territory Feel the fear and panic as British invaders approach the mansion in 1814—and Dolley Madison frantically saves a painting of Washington Gaze out the window with Abraham Lincoln as Confederate flags flutter in the breeze on the other side of the Potomac Be in the room as one president is secretly sworn in, and another gambles away the White House china in a card game Stand by the presidential bed as one First Lady—covering up her husband's illness from the nation—secretly makes decisions on his behalf Learn how telephones, movies, radio, TV changed the presidency—and the nation itself Through triumph and tragedy, boom and bust, secrets and scandals, Brandus takes you to the presidential bedroom, movie theater, Situation Room, Oval Office and more. *Under This Roof* is a "sensuous account of the history of both the home of the President, and the men and women who designed, inhabited, and decorated it. Paul Brandus captivates with surprising, gloriously raw observations."

*Public Papers of the Presidents of the United States* United States. President, 1956 Containing the public messages, speeches, and statements of the President, 1956-1992.

American Heritage History of the Presidents Michael R. Beschloss, 2015-09-19 Here, from American Heritage, is the story of our presidents. From George Washington's reluctant oath-taking through George W. Bush's leadership challenges after September 11, 2001, we view ambitious and fallible men through the new lens of the twenty-first century. Where did they succeed? Where did they fail? And what do we know now that we could not have known at the time?

*Wounded Titans* Max Lerner, 2017-06-06 "Readers who miss the magisterial pronunciamientos of the late Max Lerner . . . will relish this collection of Lerner's writings on a subject that preoccupied him." —Booklist Max Lerner taught generations of Americans about their government. For almost half a century, the office of the presidency preoccupied his prodigious energies and unparalleled expertise. Lerner not only wrote about the men who inhabited the Oval Office during that time, he knew them personally, from Franklin D. Roosevelt to Bill Clinton—and he knew what made them tick. Here are Lerner's complete writings on the presidency and American presidents. Lerner believed that the nature of the office transforms presidents into titans, but wounded titans, bowed and sometimes broken by forces, fate, destiny, or history, that lie beyond their control. Roosevelt's attempt to pack the Supreme Court; Truman's efforts to manhandle the steel industry; Eisenhower's belief that he could control the military-industrial complex; Kennedy's hyperactive libido and recklessness; Nixon's conviction he could manipulate political process: every president has had immortal yearnings, and the office that inflated his pride also enlarged his flaws. With a new foreword, *Wounded Titans* contains Lerner's classic essays on the presidency and its development as well as his most famous presidential portraits and the best of his campaign journalism. Learned, wise, illuminating, entertaining, both timely and timeless, *Wounded Titans* is as large in spirit and scope as the American presidency itself.

*After the White House* Max J. Skidmore, 2004-07 Examines the lives of U. S. Presidents after they have left office, describing how they have often engaged in a wide variety of roles, and continue to be influential in American history.

*Presidents Fact Book Revised and Updated!* Roger Matuz, 2017 An All-New Edition! The Presidents Fact Book is a complete compendium of all things presidential and a sweeping survey of American history through the biographical lens of every president from George Washington through Donald Trump. Organized chronologically by president, each entry covers the major accomplishments and events of the presidential term; cabinet members, election results, groundbreaking legislation, and Supreme Court appointments; personality and personal habits; career before the presidency; a behind-the-scenes look at the wives, families, friends, and foes; and much more, including hobbies, odd behaviors, and outlandish penchants. Major primary documents from each administration—from the Bill of Rights to Barack Obama's speech on race in America—provide a glimpse into the crucial moments of America's storied past in the words of those who led the nation. Perfect for students, history buffs, and political junkies, The President's Fact Book is at once an expansive collage of our nation's 45 individual presidents and a comprehensive view of American history.

**The Look-it-up Book of Presidents** Wyatt Blassingame, 1990 Brief biographies of the presidents of the United States from George Washington to George Bush.

*Public Papers of the Presidents of the United States, George W. Bush* United States. President (2001-2009 : Bush), 2003 Containing the public messages, speeches, and statements of the President, 1956-1992.

**American Presidents** David C Whitney, 2012-05-10 The American Presidents covers the history of the presidents of the United States of America from George Washington to Barack Obama and contains information on the influences of our country's leaders including the people in their personal and professional lives. From birth to manhood, presidency and post-presidency, THE AMERICAN PRESIDENTS brings to life the men who have shaped the highest office in the land and affected the course of the United States from its founding to the present day. Beginning with George Washington, who had already refused to be made king of this country when he reluctantly accepted the office of president, this fascinating book takes the reader all the way through the 2008 election of Barack Obama. Each comprehensive yet concise portrait is written to bring the man behind the office vividly to life, including the influences of childhood, education and previous careers, style, and his successes and failures as president. Revealing anecdotes, famous (and infamous) quotes, and scholarly interpretations by historians capture each man's

philosophy of leadership and his vision for America. A special section of tables at the end of the book summarizes important facts about the presidents and their terms of office, including information about first ladies, vice presidents, presidential elections, Cabinets and leading officials, political control of Congress, presidential historical sites, and much more.

**A Compilation of the Messages and Papers of the Presidents** United States. President, 1897

**The Addresses and Messages of the Presidents of the United States, Inaugural, Annual, and Special, from 1789 to 1849** United States. President, 1849

*Lincoln's Way* Richard Striner, 2010-09-16 The debate is as old as the American Republic and as current as this morning's headlines. Should a president employ the powers of the federal government to advance our national development and increase the influence and power of the United States around the world? Under what circumstances? What sort of balance should the president achieve between competing visions and values on the path to change? Over the course of American history, why have some presidents succeeded brilliantly in applying their power and influence while others have failed miserably? In *Lincoln's Way*, historian Richard Striner tells the story of America's rise to global power and the presidential leaders who envisioned it and made it happen. From Abraham Lincoln to Theodore Roosevelt within the Republican Party, the legacy was passed along to FDR—the Democratic Roosevelt—who bequeathed it to Harry S. Truman, Dwight D. Eisenhower, and John F. Kennedy. Six presidents—three from each party—helped America fulfill its great potential. Their leadership spanned the huge gulf that exists between our ideological cultures: they drew from both conservative and liberal ideas, thus consolidating powerful centrist governance. No creed of mere government for government's sake, their program was judicious: it used government for national necessities. But it also brought inspiring results, thus refuting the age-old American ultra-libertarian notion that the government that governs best, governs least. In a forceful narrative blending intellectual history and presidential biography, Striner presents the legacy in full. An important challenge to conventional wisdom, *Lincoln's Way* offers both an intriguing way of looking at the past and a much-needed lens through which to view the present. As a result, the book could change the way we think about the future.

**The Complete Book of U.S. Presidents** William A. DeGregorio, 1993 A ready reference guide to the presidents of the United States.

**The Presidents** Brian Lamb, Susan Swain, 2019-04-23 The complete rankings of our best -- and worst -- presidents, based on C-SPAN's much-cited Historians Surveys of Presidential Leadership. Over a period of decades, C-SPAN has surveyed leading historians on the best and worst of America's presidents across a variety of categories -- their ability to persuade the public, their leadership skills, their moral authority, and more. The crucible of the presidency has forged some of the very best and very worst leaders in our national history, along with everyone in between. Based on interviews conducted over the years with a variety of presidential biographers, this book provides not just a complete ranking of our presidents, but stories and analyses that capture the character of the men who held the office. From Abraham Lincoln's political savvy and rhetorical gifts to James Buchanan's indecisiveness, this book teaches much about what makes a great leader -- and what does not. As America looks ahead to our next election, this book offers perspective and criteria to help us choose our next leader wisely.

A Compilation of the Messages and Papers of the Presidents United States. President, 1909

**Our Country's Presidents** Frank Freidel, 1966 Brief biographies of the thirty-eight Presidents.

*Presidents and Political Thought* David J. Siemers, 2010-01-01 "What did the president know and when did he know it?" takes on a whole new meaning in *Presidents and Political Thought*. Though political philosophy is sometimes considered to be dry and abstract, many of our presidents have found usable ideas embedded within it. In this first comparative study of presidents and political theory, David Siemers examines how some of them have applied this specialized knowledge to their job. *Presidents and Political Thought* explores the connection between philosophy and practical politics through a study of six American chief executives: John Adams, Thomas Jefferson, James Madison, Woodrow Wilson, Franklin D. Roosevelt, and Bill Clinton. Writing at the intersection of politics, history, and philosophy, Siemers combines his extensive understanding of political philosophy with careful research and analysis of individual presidents to produce provocative and astute judgments about how their understanding of political theory affected their performance. Each chapter examines a particular president's attitude about political theory, the political theorists he read and admired, and the ways in which he applied theory in his activities as president. Viewing presidents through the lens of political theory enables Siemers to conclude that Madison and Adams have been significantly underrated. Wilson is thought to have abandoned his theoretical viewpoint as president, but actually, he just possessed an unorthodox interpretation of his favorite thinker, Edmund Burke. Often thought to be so pragmatic or opportunistic that they lacked any convictions, FDR and Clinton gained their orientations to politics from political theory. These and other insights suggest that we cannot understand these presidencies without being more aware of the ideas the presidents brought to the office. Siemers's study takes on special relevance as the United States experiences regime change and a possible party realignment because, as he notes, Barack Obama has read and learned from political theory, too. Avoiding much of the jargon that often accompanies political theory, this book demonstrates the relevance of political theory in the real world, chronicling both the challenges and potentially rich payoffs when presidents conceive of politics not just as a way to reward friends and punish enemies, but as a means to realize principles.

A Compilation of the Messages and Papers of the Presidents United States. President, 1897

**The Complete Book of US Presidents, Fourth Edition** Bill Yenne, 2021-03-02 Discover the history and personal stories of 46 US Presidents in this beautifully illustrated volume. From the first president, George Washington, to the forty-sixth, Joe Biden, the United States has seen a host of extraordinary men take office. Their stories are all included in this fourth edition of *The Complete Book of US Presidents* by journalist and historian Bill Yenne. This book features short, biographical essays about the lives of 46 presidents, jam-packed with unusual details and commentary on the significant roles each commander-in-chief played in the shaping of the United States and its relations with the world. Lavishly illustrated, including the presidents' official White House portraits, sidebars about each and every vice president and first lady, and intriguing anecdotes, this book is accessible to a broad audience and will captivate any history lover. *The Complete Book of US Presidents* is an expansive collection that reflects on America's rich presidential history, telling the story of a nation through the biographies of some of its greatest political leaders.

**Presidents Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Presidents has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Presidents has opened up a world of possibilities. Downloading Presidents provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Presidents has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Presidents. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Presidents. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Presidents, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the

ability to download Presidents has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

**FAQs About Presidents Books**

1. Where can I buy Presidents books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Presidents book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Presidents books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Presidents audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the

book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Presidents books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
