The Profiler Pat Brown,Bob Andelman,2010-05-18 In 1990, a young woman was strangled on a jogging path near the home of Pat Brown and her family. Brown suspected the young man who was renting a room in her house, and quickly uncovered strong evidence that pointed to him--but the police dismissed her as merely a housewife with an overactive imagination. It would be six years before her former boarder would be brought in for questioning, but the night Brown took action to solve the murder was the beginning of her life's work. Pat Brown is now one of the nation's few female criminal profilers--a sleuth who assists police departments and victims' families by analyzing both physical and behavioral evidence to make the most scientific determination possible about who committed a crime. Brown has analyzed many dozens of seemingly hopeless cases and brought new investigative avenues to light. In *The Profiler*, Brown opens her case files to take readers behind the scenes of bizarre sex crimes, domestic murders, and mysterious deaths, going face-to-face with killers, rapists, and brutalized victims. It's a rare, up-close, first-person look at the real world of police and profilers as they investigate crimes--the good and bad, the cover-ups and the successes.

Profiler Mi Lei,Gabriel Ascher,Kim Fout,Judy Ye,Verbena C. W.,2013-06-03 A perfect mix between Chinese versions of *The Girl with the Dragon Tattoo* and *Silence of the Lambs*. Three young women are found dead one after another in Jiangbin City, each horribly murdered and disemboweled in her home. Police investigations reveal that the killer is a monster who likes to mix milk together with human blood--and then drink it. Is he some kind of immortal vampire, straight out of legend? A series of four rape and murder cases surface in Changhong City. All of the victims are white-collar workers between the ages of twenty-five and thirty. A graduate student at the top of his class suddenly goes mad and begins attacking his friends and fellow classmates. After a succession of seemingly unrelated homicides occurring not far from the city, the police are still completely at a loss. A television viewer sends in a letter with a sketch of what he claims is the murderer's face. Intrigued, the chief of the Public Security Bureau seeks out the author of the letter, and to his surprise it is a reticent, anti-social university student--Fang Mu. After the killer is executed, however, another spate of homicides begins to crop up. Was Fang Mu mistaken? Following deductive reasoning, he realizes that the ultimate victim will be Fang Mu himself. Can he profile this monster and discover his true identity before it's too late? Editorial Review-----Author Lei Mi has been called the king of the Chinese crime novel. Employed at China Criminal Police University as a teacher of criminal psychology, he has a clear insight into all sorts of criminal behavior. Early in 2007, with the publishing of the *Psychological Criminals* series (which, along with the prequel *The Seven Readers*, has been called the Fang Mu series by readers), this book's performance was no more than mediocre at first in a Chinese marketplace that had grown accustomed to European and American crime novels. Still, a small number of readers became deeply fascinated by it. Before they were formally published, the second book, *Skinner's Box*, and the third book, *Blade of Silence*, had already gained 600,000 fans by word of mouth alone. By December 2012, *City Lights*, the fourth book in the *Psychological Criminals* series, was hot off the press and had climbed straight to fifth place in Amazon China's new release rankings list in the suspense category. In this series of novels, you will read about an unprecedented new master sleuth. Fang Mu. He is sensitive, fragile, and deeply afraid of death, but has been blessed with innate skill and an intuition that allows him to solve crimes with almost miraculous proficiency. His instinctual process of elimination causes him to be drawn inexorably down into a cruel whirlpool of murder cases, and during a constant battle of wits with the killers, Fang Mu begins to discover that he has his own dark side, deep within his psyche. He seems to be no different from them; his blood flows with all sorts of insane but somehow superlative criminal thoughts. At the same time that he uncovers the identity of a killer, he also reveals his own indecisiveness and loss of self-control. Using a deft pen planted firmly in the foundations of realism, a heavy flavor of the aesthetics of crime, trains of thought and reasoning that are totally different from what ordinary people might be used to, and reflections on ethics that are truly thought-provoking, the author has provided readers with a new perspective from which to understand a realistic version of China society.

Chasing a Serial Killer Alix Wood,2017-07-15 Criminal profilers have the challenging task of building a profile, or description, of an unknown criminal offender. Using clues left behind at a crime scene and various investigative processes, they can discover what the culprit was feeling, planning, and perhaps even their next move. This is especially important when the perpetrator is a serial killer who will likely strike again. Readers will be engrossed in this account of a criminal profiler on a case. Vivid on-the-job photographs and images perfectly match the action of the story and support key attributes of this important career.

Between Good and Evil Roger L. Depue,Susan Schindehette,2005-02-01 He was a pioneer in modern law enforcement, a trailblazing leader in the hunt for serial killers. But after decades of staring deep into the darkness, he entered a seminary to search for the good... BETWEEN GOOD AND EVIL No one gets closer to evil than a criminal profiler, trained to penetrate the hearts and minds of society's most vicious psychopaths. And no one is a more towering figure in the world of criminal profilers than Roger L. Depue. Chief of the FBI Behavioral Science Unit at a time when its innovative work first came to prominence, he headed a renowned team of mind hunters that included John Douglas, Robert Ressler, and Roy Hazelwood. In a subbasement sixty feet under the Academy gun vault in Quantico, he broke new ground with analytical techniques and training programs that are still used today. After retiring from the FBI, he founded an elite forensics group that consulted on high-profile cases, including the Martha Moxley and JonBenet Ramsey murders, and the Columbine school shootings. But coming face-to-face with the darkest deeds human beings are capable of took a horrific toll. After suffering a devastating personal loss, Depue, on the brink of despair, walked away from the outside world and joined a

seminary. For three years this was his safe haven, a place where he exorcised personal demons and found a refuge from terrifying memories of real-life monsters. And it was there, while counseling maximum security inmates, that he rediscovered the capacity for goodness in people, and made the decision to return to the world to resume his work. Here is Depue's extraordinary personal account, from growing up as a police officer's son to tracking down some of today's most brutal murderers. With its harrowing descriptions of human depravity and passionate call to fight against evil, BETWEEN GOOD AND EVIL is both a riveting dispatch from the front lines of a war against human predators...and the powerful story of one man's journey between darkness and redemption.
