Protecting Those Who Serve Institute of Medicine, Committee on Strategies to Protect the Health of Deployed U.S. Forces, 2000-11-04 Since the Gulf War ended in 1991, various constituencies, including a significant number of veterans, speculate that unidentified risk factors led to chronic, medically unexplained illnesses, and these constituencies challenge the depth of the military's commitment to protect the health of deployed troops. Despite general concurrence in findings to support these claims, few changes have been made at the field level. The most important recommendations remain unimplemented, despite the compelling rationale for urgent action. *Protecting Those Who Serve* illuminates these recommendations and government-developed plans that remain inactive due to a lack of authority within the Department of Defense, while describing the dangers that may result from failure to protect our forces in the field.

To Serve and Protect Bruce L. Benson, 1998-08 In his provocative analysis, Benson (economics, Florida State U.; The Independent Institute, Oakland, CA) argues for contracting out and other controversial private justice options as preferable to government's pervasive and misguided criminal justice role. Why the timing may be right is the theme of the preface by Marvin Wolfgang, Director of the U. of Pennsylvania's Sellin Center for Studies in Criminology and Criminal Law. The Austrian School of the series title favors less government economic control. Annotation copyrighted by Book News, Inc., Portland, OR

Serve 'N' Protect Tee O'Fallon, 2021-09-20 Ambushed and left for dead, U.S. Secret Service K-9 Officer Markus York is on the mend and laying low in a safe house while his team tracks down his attacker. But Markus isn't good at sitting still. Even with his K-9, Ghost, for company, he gets restless and decides now is the perfect time to do some repairs around the house...and inadvertently tears open his wounds. Fresh out of a bad relationship that ended after a car accident left her with limited mobility, freelance accountant Cassidy Morgan has sworn off men. At least, that's the plan. Until a frantically barking dog leads her to a neighbor's house where she finds a mysterious man out cold and bleeding on the floor...and mumbling things like "no, they'll find me" when she tries to call an ambulance. Yeah, that's not at all concerning. Despite Markus's surly attitude, Cassidy senses there's something else at work beneath his rugged, keep-your-distance exterior. Whatever it is, it's sexy as hell. With someone still trying to kill him, Markus doesn't want an innocent to get hurt, let alone take care of him. If only his dog wasn't crazy in love with her. If only the chemistry between Markus and Cassidy didn't explode whenever they were in the same room. If only Cassidy wasn't a target now, too.

To Protect and Serve VK Powell, 2008-03-01 To protect or serve—a choice no detective should ever be forced to make. Lieutenant Alex Troy is caught in the paradox of her life—to hold steadfast to her professional oath or to protect the woman she loves. Assigned to the Vice/Narcotics Division, Alex is given the dangerous but career-building mission of catching notorious and elusive drug lord Sonny Davis. She has to assemble the perfect team of officers to pursue the man suspected of killing numerous coeds—and a friend of Alex's—with the poison he peddles. Keri Morgan is young, enthusiastic, and alive in ways that Alex can barely remember, and Keri has a reason of her own to want Sonny Davis dead. Before justice can be served, Alex and Keri are caught in a web of love, duty, vengeance, and desire that will change both their lives.

Theirs to Protect Stasia Black, 2018-04-05 In the New Republic, every woman must marry five men. It's the law. Welcome to the apocalypse. Nix never put his name in the marriage raffle for a reason. He doesn't need a woman. There aren't that many to go around anyway after a genetically engineered virus wiped out 90% of the female population. He has his job as head of the Security Squadron and it's all he needs. He looks out for the township. He protects the few women there are left. But when his name is called to be one of the five husbands to the woman rescued from the badlands, he doesn't speak up to correct the error. Because Audrey's like no one he's ever met before. Fiesty. That's the name for her. Not like so many of the women they've brought back before. She's not broken. She might be just the woman to handle a rough, brutal man like him. Sharing her with four other men is a small price to pay. In fact, the closer they all grow, the more Nix realizes he might finally have again what he lost so long ago—a real family. But when outside forces threaten everything he holds dear, Nix will be forced to face his deepest, darkest fear. When Audrey's life is endangered, will he be able to save the woman he's just learned how to love?

I'm Supposed to Protect You from All This Nadja Spiegelman, 2017-08-01 A Vogue Best Book of the Year What Ferrante did for female friends—exploring the tumult and complexity their relationships could hold—Spiegelman sets out to do for mothers and daughters. She's essentially written *My Brilliant Mom*. —Slate A memoir of mothers and daughters—and mothers as daughters—traced through four generations, from Paris to New York and back again. For a long time, Nadja Spiegelman believed her mother was a fairy. More than her famous father, Maus creator Art Spiegelman, and even more than most mothers, hers—French-born New Yorker art director Françoise Mouly—exerted a force over reality that was both dazzling and daunting. As Nadja's body changed and “began to whisper to the adults around me in a language I did not understand,” their relationship grew tense. Unwittingly, they were replaying a drama from her mother's past, a drama Nadja sensed but had never been told. Then, after college, her mother suddenly opened up to her. Françoise recounted her turbulent adolescence caught between a volatile mother and a playboy father, one of the first plastic surgeons in France. The weight of the difficult stories she told her daughter shifted the balance between them. It had taken an ocean to allow Françoise the distance to become her own person. At about the same age, Nadja made the journey in reverse, moving to Paris determined to get to know the woman her mother had fled. Her grandmother's memories contradicted her mother's at nearly every turn, but beneath them lay a difficult history of her own. Nadja emerged with a deeper understanding of how each generation reshapes the past in order to forge ahead, their narratives both weapon and defense, eternally in conflict. Every reader will recognize herself and her family in *I'm Supposed to Protect You From All This*, a gorgeous and heartbreaking memoir that helps us to see why sometimes those who love us best hurt us most.

Humanitarian Intervention and the Responsibility to Protect Cristina Gabriela Badescu, 2010-11-23 This book explores attempts to develop a more acceptable account of the principles and mechanisms associated with humanitarian intervention, which has become known as the 'Responsibility to Protect' (R2P). Cases of genocide and mass violence have raised endless debates about the theory and practice of humanitarian intervention to

save innocent lives. Since the humanitarian tragedies in Rwanda, Burundi, Bosnia, Kosovo and elsewhere, states have begun advocating a right to undertake interventions to stop mass violations of human rights from occurring. Their central concern rests with whether the UN’s current regulations on the use of force meet the challenges of the post-Cold War world, and in particular the demands of addressing humanitarian emergencies. International actors tend to agree that killing civilians as a necessary part of state formation is no longer acceptable, nor is standing by idly in the face of massive violations of human rights. And yet, respect for the sovereign rights of states remains central among the ordering principles of the international community. How can populations affected by egregious human rights violations be protected? How can the legal constraints on the use of force and respect for state sovereignty be reconciled with the international community’s willingness and readiness to take action in such instances? And more importantly, how can protection be offered when the Security Council, which is responsible for authorizing the use of force when threats to international peace and security occur, is paralyzed? The author addresses these issues, arguing that R2P is the best framework available at present to move the humanitarian intervention debate forward. This book will be of interest to students of the responsibility to protect, war and conflict studies, human security, international organisations, security studies and IR in general.

Protect and Defend Richard North Patterson,2003-08-12 On a cold day in January, President-elect Kerry Kilcannon takes the oath of office—and within days makes his first, most important move: appointing a new Chief Justice of the Supreme Court. Kilcannon’s choice is a female judge with a brilliant record. And a secret. While the Senate spars over Caroline Masters’s nomination, an inflammatory abortion rights case is making its way toward the judge—and will explode into the headlines. Suddenly, the most divisive issue in America turns the President’s nomination into all-out war. And from Judge Masters to a conservative, war-hero senator facing a crisis of conscience and a fifteen-year-old girl battling for her future, no one will be safe.

Don't Go That Way Juanita Nicole Harrison,2017-09 Have you ever found yourself at a crossroad in life, not sure which direction you should go? You have tried so many different things and it just seems like you keep ending up back at the starting line. Being connected to God in every season of your life is vitally important. There are so many things that we will face in our lives and if we are disconnected from his word we won't know how to handle it. I learned the hard way, countless tests and trials threatened to steal my joy and take my life. I missed so many warning signs that were there to protect me. And I ignored the directions there to guide me to my purpose. The amazing thing about God is that He is always with us! And when we are ready and tired of trying to figure life out alone, he will lead and guide us every step of the way!
