Alex's society uses Spinners to help solve crimes, but their powers come with a price: no Spinner ever lives past the age of twenty. This title is perfect for fans of author Jennifer Lynn Barnes (*The Naturals*; *Killer Instinct*) and Vivian Vande Velde (*23 Minutes*). Hated and feared because of their ability to find the truth, the small population of Spinners is restricted to Centers—compounds created to house and protect them. Fast Forward, Play, and Rewind Michael Oberman, 2020-10-15 The Doors, James Brown, the Grateful Dead, the Sir Douglas Quintet, David Bowie—the list goes on. . . . From 1967 to 1973, Michael Oberman interviewed more than three hundred top musical artists. Collected together for the first time, *Fast Forward, Play and Rewind* presents more than one hundred interviews Oberman conducted with the most important musical artists of the day. Along the way, Oberman touches on the influence of his brother, who interviewed the Beatles and other top artists from 1964 to 1967. He also recounts stories from his later career working for the major Warner-Elektra Atlantic recording company and producing concerts for Cellar Door Productions and managing recording artists. Want to know the true story of how David Bowie became Ziggy Stardust? That and dozens more true tales that might seem like fiction are waiting inside the pages of *Fast Forward, Play and Rewind*. Each short interview is an invitation for readers to relive (or live for the first time) one of the greatest periods in rock 'n' roll history.

Rewind Terry England, 2014-05-27 Mysterious but seemingly peaceful aliens visit Earth and give select people a miraculous and terrifying gift in this highly original sci-fi novel. “I am Aaron Lee Fairfax. I am forty-three years old. I am married to Janessa, but she wants a divorce. I work for Thagg, Morgan, and Edwards Brokerage Group in Kansas City, Missouri. I own a Maserati.” It all sounded so false, these big words coming out of a boy's mouth. He sat alone, small in the adult-size chair, clad only in shortie pajamas with Peanuts characters rampant. His feet did not even reach the floor. “Why did you go on the Holn ship?” “Because I was curious.” “What happened in the Holn ship on June 10?” He stopped, stared at the floor. He took a breath, let it out. “They did something to us.”

Rewind Jan Page, 2009-07-15 What if you could press the rewind button on your life? Time is a funny thing. Some people believe it only moves in one direction—forward. But others think time moves forward and backward simultaneously. Of course, no one really knows the answer. No one, that is, until Liam is killed by a falling speaker at a Battle of the Bands contest. Suddenly Liam travels back in time and soon finds himself in the middle of his teenaged parents' band rehearsal, and an unseen observer of a love triangle between bandmates. Would his mother be happier ending up with the drummer instead of his father? Would that choice save the drummer from a fatal accident that is about to end his life? And if Liam helps them along, will he be canceling out his own existence? If only he can figure out how to use time to his own advantage.

The Rewind Allison Winn Scotch, 2022-11-01 A Good Morning America Buzz Pick One of Amazon's Best Romances of November! Two exes wake up together with wedding bands on their fingers—and no idea how they got there. They have

just one New Year's Eve at the end of 1999 to figure it out in this big-hearted and nostalgic rom-com from New York Times bestselling author Allison Winn Scotch. When college sweethearts Frankie and Ezra broke up before graduation, they vowed to never speak to each other again. Ten years later, on the eve of the new millennium, they find themselves back on their snowy, picturesque New England campus together for the first time for the wedding of mutual friends. Frankie's on the rise as a music manager for the hottest bands of the late '90s, and Ezra's ready to propose to his girlfriend after the wedding. Everything is going to plan—they just have to avoid the chasm of emotions brought up when they inevitably come face to face. But when they wake up in bed next to each other the following morning with Ezra's grandmother's diamond on Frankie's finger, they have zero memory of how they got there—or about any of the events that transpired the night before. Now Frankie and Ezra have to put aside old grievances in order to figure out what happened, what didn't happen...and to ask themselves the most troubling question of all: what if they both got it wrong the first time around?

Rewind Lisa Graff, 2024-05-14 Back to the Future meets When You Reach Me in this powerful novel by National Book Award nominee Lisa Graff, in which a young girl is able to make sense of the present—and change her future—by meeting her father in the past. As far as twelve-year-old McKinley O'Dair is concerned, the best thing about living in Gap Bend, Pennsylvania, is the Time Hop—the giant party the town throws every June to celebrate a single year in history. That one day is enough to make the few things that aren't so fantastic about McKinley's life—like her crabby homeroom teacher or her super-scheduled father—worth suffering through. And when McKinley learns that this year's theme is 1993, she can't wait to enter the Time Hop fashion show with a killer '90s outfit she's designed and sewn all on her own. But when the Time Hop rolls around, nothing goes as planned. In fact, it's the biggest disaster of McKinley's life. Before she knows what's hit her, McKinley somehow finds herself in the real 1993—and it's not all kitschy parachute pants and Jurassic Park. All McKinley wants is to return to the present, but before she can, she's going to have to make a big change—but which change is the right one? This humorous and heartfelt novel about destiny and self-discovery shines a poignant light on the way life could play out—if a person is given a chance to rewind.

Spectral Rewind Terry Lloyd Vinson, 2008-11 As the atypical small southern town, Baymont, Alabama holds but one unique, albeit tragic distinction; that being the mysterious, grisly murders of two former high school standouts the night of the Class of '81's twenty-fifth reunion. Hoping to shed new light on the bizarre, quasi-supernatural circumstances surrounding the twin slayings, a documentary filmmaker and his crew descend upon the town amid a general indifference from the locals, the majority of which regard all media-related types as little more than predatory blood-mongers and publicity seekers. However, as filming progresses and interviews with former classmates of the victims reveal a dark, sinister flipside to Baymont's tranquil surroundings, the identity of a possible killer begins to take shape, unlocking not only the shocking secret to the reunion night murders, but also the horrid truth behind a similarly gruesome cold-case from twenty-five years earlier.

Rewind Your Body Clock Jayney Goddard, 2019-05-14 Packed with science-based insight into what it really means to 'age' and reminding us that we have far more control over how young we feel and look than most of us realize, this comprehensive guide, by natural health expert Jayney Goddard, offers the ultimate blueprint for anti-ageing the natural way. Our attitudes towards ageing have undergone radical changes in recent years and many women now recognize that beauty and health come not from invasive procedures, fillers or expensive skincare brands but from the inside out. This book is an expert holistic guide on the science of how to age well - not only physically and mentally but also emotionally and even spiritually - covering everything from nutrition, herbal medicine, good breathing, the best exercise, mental attitude, natural skincare, haircare and facelift techniques, hormonal balance, good relationships, the power of nature and the power of sleep. Each chapter includes easily implementable techniques which, while natural, are supported by solid scientific research, with a focus on the neurobiology of happiness and how to develop a 'rewind' mindset. All this is underpinned with biological age tests for readers to try for themselves and, at the end, a specifically designed practical programme called the 'Personal 21-Day Rewind Plan'. The result? Better skin, a leaner body, stronger bones, improved cognitive function, enhanced libido, more energy, improved immune function, increased resistance to degenerative diseases, more resilience against stress and much more. So, while we can't change our chronological age, we can dramatically

reduce and even reverse our biological age so that we have plenty more healthy, happy years to look forward to.
