

Radio

Valerie Geller

Radio Steve Warren,2005 First Published in 2005. Routledge is an imprint of Taylor & Francis, an informa company.

Raised on Radio Gerald Nachman,2000-08-23 Radio broadcasting United States History.

Lizard Radio Pat Schmatz,2015-09-08 Fifteen-year-old bender Kivali has had a rough time in a gender-rigid culture. Abandoned as a baby and raised by Sheila, an ardent nonconformist, Kivali has always been surrounded by uncertainty. Where did she come from? Is it true what Sheila says, that she was deposited on Earth by the mysterious saurians? Now she's in CropCamp, with all of its schedules and regs, and the first real friends she's ever had. Strange occurrences and complicated relationships raise questions Kivali has never before had to consider. But she has a gift, the power to enter a trancelike state to harness the knowings inside her. She has Lizard Radio. Will it be enough to save her?

The Radio Station Michael C Keith,2006-12-13 First Published in 2007. Routledge is an imprint of Taylor & Francis, an informa company.

The Radio Right Paul Matzko,2020 By the early 1960s, and for the first time in history, most Americans across the nation could tune their radio to a station that aired conservative programming from dawn to dusk. People listened to these shows in remarkable numbers; for example, the broadcaster with the largest listening audience, Carl McIntire, had a weekly audience of twenty million, or one in nine American households. For sake of comparison, that is a higher percentage of the country than would listen to conservative talk radio host Rush Limbaugh forty years later. As this Radio Right phenomenon grew, President John F. Kennedy responded with the most successful government censorship campaign of the last half century. Taking the advice of union leader Walter Reuther, the Kennedy administration used the Internal Revenue Service and the Federal Communications Commission to pressure stations into dropping conservative programs. This book reveals the growing power of the Radio Right through the eyes of its opponents using confidential reports, internal correspondence, and Oval Office tape recordings. With the help of other liberal organizations, including the Democratic National Committee and the National Council of Churches, the censorship campaign muted the Radio Right. But by the late 1970s, technological innovations and regulatory changes fueled a resurgence in conservative broadcasting. A new generation of conservative broadcasters, from Pat Robertson to Ronald Reagan, harnessed the power of conservative mass media and transformed the political landscape of America--

The Radio Station Michael C. Keith,2000 Ten years after its original publication, The Radio Station, now in its fifth edition, is considered the standard work on this audio medium. It remains a concise and candid guide to the internal workings of radio stations and the radio industry. A comprehensive blueprint, this book details the functions performed successfully within every well-run station. Not only will readers understand how each job is best performed, they will know how it meshes with those of the rest of the radio station staff. For readers uncertain of career goals, this book provides a solid foundation in who does what, when, and why. The fifth edition updates and expands this classic text acclaimed by radio educators and practitioners from around the United States. New sections on radio and the Internet, AM stereo, cable and satellite radio, niche formats, mergers and consolidation, future prospects, and digital technology, as well as new illustrations, feature boxes and quotes from industry pros bring the reader into the present world of the radio station, providing insight into this ever-changing field.

Radio Service Bulletin ,1915

How to Make Great Radio David Lloyd,2015-05-19 There is no such thing as perfect radio - and therein lies its delicious unpredictability. In fact, so charming is this quality that 90 per cent of UK adults tune into the medium every week. Like many things, radio done well sounds effortless. It is not. Producing great radio is partly down to instinct and partly down to learning then mastering the basics. Drawing upon his thirty years spent working with some of the finest talents in British radio, David Lloyd shares a plethora of valuable tips and tricks of the trade in this unique and authoritative guide to broadcasting success. Covering speech and music formats, local and national stations, technical and artistic skills, content and style considerations, and much, much more, this how-to is essential and accessible reading for all - whether you are taking your tentative first steps in radio or refreshing your existing industry knowledge. Lloyd's hugely entertaining selection of anecdotes, examples, research, insight and pointers sets out to bottle the very essence of memorable radio, determining the factors that differentiate a truly great broadcaster from a distinctly average one, and helping budding hopefuls achieve their radio goals.

Commercial and Government Radio Stations of the U.S. United States. Dept. of Commerce. Radio Division,1919

Reality Radio John Biewen,Alexa Dilworth,2010-03-15 Over the last few decades, the radio documentary has developed into a strikingly vibrant form of creative expression. Millions of listeners hear arresting, intimate storytelling from an ever-widening array of producers on programs including This American Life, StoryCorps, and Radio Lab; online through such sites as Transom, the Public Radio Exchange, Hearing Voices, and Soundprint; and through a growing collection of podcasts. Reality Radio celebrates today's best audio documentary work by bringing together some of the most influential and innovative practitioners from the United States, Canada, the United Kingdom, and Australia. In these nineteen essays, documentary artists tell--and demonstrate, through stories and transcripts--how they make radio the way they do, and why. Whether the contributors to the volume call themselves journalists, storytellers, even audio artists--and although their essays are just as diverse in content and approach--all use sound to tell true stories, artfully. Contributors: Jad Abumrad Jay Allison damali ayo John Biewen Emily Botein Chris Brookes Scott Carrier Katie Davis Sherre DeLys Lena Eckert-Erdheim Ira Glass Alan Hall Natalie Kestecher The Kitchen Sisters Maria Martin Karen Michel Rick Moody Joe Richman Dmae Roberts Stephen Smith Sandy Tolan

Midnight Radio Iolanda Zanfardino,2019-06-04 An intriguingly interwoven tale of four lives changed by a mysterious late-night radio broadcast that wakes them up from their mundane existences. Each tale speaks to different social issues without pandering to a political agenda: LGBT+ rights, racism, social network addiction, and the difficult decision between settling down versus following your dreams. Each tale is told in a vivid, polychromatic illustration style that flows from one character to another and back again in a uniquely identifiable fashion.

Radio Broadcast Stations in the United States Federal Radio Commission,1932

The Birth of Top 40 Radio Richard W. Fatherley,David T. MacFarland,2013-12-24 Top 40 was the preeminent American radio format of the 1950s and 1960s. Although

several radio station group owners offered their own versions of the format, the AM stations owned by Todd Storz and his father were acknowledged as the principal developers of Top 40 radio, and the prime movers in making it a nationwide ratings and revenue success. The Storz Stations in St. Louis, Omaha, New Orleans, Minneapolis-St. Paul, Kansas City, Oklahoma City and Miami are profiled in this book, as are various Storz air personalities and executives. A detailed chapter examines the unique Storz Station sound, revealing the complexity of what detractors portrayed as a simplistic format. Another covers Storz advertising in radio trade magazines, which cemented the company's image as the format's most successful station group and Top 40 as the dominant programming of the day. There are extensive quotations from the memoirs of several of the founders of the format.

Radio in the Television Age Pete Fornatale, Joshua E. Mills, 1980-11-20 A history of modern radio shows why radio survived the advent of television, covers radio advertising, programming, technology, and news, and discusses radio pioneers, noncommercial radio, and government deregulation--Google Books.

Trans-Sister Radio Chris Bohjalian, 2002-08-13 From the bestselling author of *The Flight Attendant* comes a thought-provoking story about gender, love, and new relationships. When Allison Banks develops a crush on Dana Stevens, she knows that he will give her what she needs most: attention, gentleness, kindness, passion. Her daughter, Carly, enthusiastically witnesses the change in her mother. But then a few months into their relationship, Dana tells Allison his secret: he has always been certain that he is a woman born into the wrong skin, and soon he will transition. Allison, overwhelmed by the depth of her passion, finds herself unable to leave Dana. By deciding to stay, she finds she must confront questions most people never even consider. Not only will her own life and Carly's be irrevocably changed, she will have to contend with the outrage of a small Vermont community and come to terms with her lover's new body--hoping against hope that her love will transcend the physical. Look for Chris Bohjalian's new novel, *The Lioness*!

Communities of the Air Susan Merrill Squier, 2003-06-19 *DIVA* Affirms the importance of invention of radio and explores how radio creates sets of overlapping communities of the air, including those who study and theorize radio as a technological, social, cultural, and historical phenomenon./div

Beyond Powerful Radio Valerie Geller, 2012-07-26 *Beyond Powerful Radio* is a complete guide to becoming a powerful broadcast communicator on radio or internet! This how-to cookbook is for broadcasters who want to learn the craft and improve. This practical and easy-to-read book, filled with bullet lists, offers techniques to learn everything from how to produce and host a show, to news gathering, coverage of investigative and breaking stories, writing and delivering the commercial copy and selling the air time. With contributions from over 100 top experts across all broadcast fields, *Beyond Powerful Radio* offers techniques, advice and lessons to build original programming, for news, programming, talk shows, producers, citizen journalism, copy writing, sales, commercials, promotions, production, research, fundraising, and more. Plus: Tips to assemble a winning team; to develop, build, and market your brand; get your next job in broadcasting, effectively promote your product; increase sales; write and produce commercials; raise money with your station; deal with creative burnout and manage high ego talent; and to research and grow your audience. Never be boring! Get, keep, and grow audiences through powerful personality, storytelling, and focus across any format. Tried-and-true broadcast techniques apply to the myriad forms of audio broadcast available today, including Web radio and podcasting. While the technology and delivery systems change, the one constant is content! Listeners, viewers, and surfers want to be entertained, informed, inspired, persuaded, and connected with powerful personalities, and storytellers. A full Instructor Manual is available with complete lesson plans for broadcast instructors - course includes Audio Production/Radio Programming/Management/Broadcast Journalism. The Instructor Manual is available for download here: <http://cw.routledge.com/textbooks/9780240522241/>

Radio - The Forgotten Medium Edward C. Pease, Everette E. Dennis, 2018-04-24 Although television is now dominant, radio surprisingly remains a medium of unparalleled power and importance. Worldwide, it continues to be the communications vehicle with the greatest outreach and impact. Every indicator - economic, demographic, social, and democratic - suggests that far from fading away, radio is returning to our consciousness, and back into the cultural mainstream. Marilyn J. Matelski reviews radio's glory days, arguing that the glory is not all in the past. B. Eric Rhoads continues Matelski's thoughts by explaining how and why radio has kept its vitality. The political history of radio is reviewed by Michael X. Delli Carpini, while David Bartlett shows how one of radio's prime functions has been to serve the public in time of disaster. Other contributors discuss radio as a cultural expression; the global airwaves; and the economic, regulatory, social, and technological structures of radio. Collectively, the contributors provide an intriguing study into the rich history of radio, and its impact on many areas of society. It provides a wealth of information for historians, sociologists, and communications and media scholars. Above all, it helps explain how media intersect, change focus, but still manage to survive and grow in a commercial environment.

Radio's Second Century John Allen Hendricks, 2020-03-13 Winner of the 2022 Broadcast Education Association Book Award One of the first books to examine the status of broadcasting on its one hundredth anniversary, *Radio's Second Century* investigates both vanguard and perennial topics relevant to radio's past, present, and future. As the radio industry enters its second century of existence, it continues to be a dominant mass medium with almost total listenership saturation despite rapid technological advancements that provide alternatives for consumers. Lasting influences such as on-air personalities, audience behavior, fan relationships, and localism are analyzed as well as contemporary issues including social and digital media. Other essays examine the regulatory concerns that continue to exist for public radio, commercial radio, and community radio, and discuss the hindrances and challenges posed by government regulation with an emphasis on both American and international perspectives. Radio's impact on cultural hegemony through creative programming content in the areas of religion, ethnic inclusivity, and gender parity is also explored. Taken together, this volume compromises a meaningful insight into the broadcast industry's continuing power to inform and entertain listeners around the world via its oldest mass medium--radio.

The Museum of Broadcast Communications Encyclopedia of Radio Museum of Broadcast Communications, 2004 A premise of this unique encyclopedia is that radio broadcasting is so pervasive that its importance can be easily overlooked. More than 600 articles provide ample illustration of the role this medium plays throughout the world. From radio's invention to radio on the Internet, the cross-referenced and thoroughly indexed articles analyze over 100 years of topics, programs, issues, people, and places, and provide leads to further reading. Some 250 photographs give visual context to an often unseen world. Scholars, old-time-radio admirers, and

curious readers will appreciate the unparalleled comprehensiveness of this source.--The Top 20 Reference Titles of the Year, American Libraries, May 2004.
