Emergency Medicine Recall William A. Woods, Jeffrey Seth Young, Joseph Scott Just, 2000 Emergency Medicine Recall is an important addition to the successful RECALL series, which uses a double-column, rapid-fire, question and answer format to help medical students, residents, nurse practitioners, physician assistants and other healthcare professionals to recall important information presented on wards. This information also is critical for USMLE test preparation. Auto Safety: NHTSA Has Options to Improve the Safety Defect Recall Process Susan A. Fleming, 2011-05-12 In 2010, auto manufacturers recalled more vehicles than any other year, according to the Nat. Highway Traffic Safety Admin. (NHTSA), the federal oversight authority for vehicle recalls. However, many recalled vehicles are never fixed, posing a risk to vehicle operators, other drivers, and pedestrians. After the recent recalls of Toyota vehicles, Congress raised questions about the auto safety defect recall process, including the sufficiency of NHTSA's oversight authorities and whether vehicle owners are being effectively motivated to comply with recalls. This report reviewed laws and documents and interviewed NHTSA and stakeholders about the (1) extent of NHTSA's role in the recall process, and how its authorities compare to selected federal and foreign agencies that oversee recalls; (2) benefits and challenges of the recall process for NHTSA and manufacturers; and (3) options for improving the recall process. Figures and tables. This is a print on demand report.

Fatal Recall Gini Rifkin, 2021-08-25 Hudson Kincaid prefers the wide-open spaces. But tracking down a serial killer means hanging out in Denver as he investigates neuroscientist Dr. Marilyn Monroe. So far, he can't figure out if she's a city kitty in high heels or a country kitten in cowgirl boots. Marilyn's experiment in ramped-up virtual reality captures the final moments of each murder victim's life, a chilling discovery she's trying to keep secret. The last interruption she needs is a determined private detective barging into her lab—no matter how sexy he looks wearing his Stetson hat. When word of her research gets leaked to the press, Marilyn becomes the killer's next target. Now the woman Hudson races to save is the one who has stolen his heart.
