Red Amy Goldwasser, 2007-11-08 A vivid portrait of what it means to be a teenage girl in America today, from 58 of the country's finest, most credentialed writers on the subject If you're a teenage girl today, you live your life in words-in text and instant messages, on blogs and social network pages. It's how you conduct your friendships and present yourself to the world. Every day, you're creating a formidable body of personal written work. This generation's unprecedented comfort level with the written word has led to a fearless new American literature. These collected essays, at last, offer a key to understanding the inscrutable teenage girl-one of the most mislabeled and underestimated members of society, argues editor and writer Amy Goldwasser, whose work has appeared in Seventeen, Vogue, The New York Times, and The New Yorker. And while psychologists and other experts have tried to explain the teen girl in recent years, no book since *Ophelia Speaks* has given her the opportunity to speak for herself-until now. In this eye-opening collection, nearly sixty teenage girls from across the country speak out, writing about everything from post-Katrina New Orleans to Johnny Depp; from learning to rock climb to starting a rock band; from the loneliness of losing a best friend to the loathing or pride they feel about their bodies. Ranging in age from 13 to 19, and hailing from Park Avenue to rural Nevada, Georgia to Hawaii, the girls in RED-whose

essays were selected from more than 800 contributions-represent a diverse spectrum of socioeconomic, political, racial, and religious backgrounds, creating a rich portrait of life as a teen girl in America today. Revealing the complicated inner lives, humor, hopes, struggles, thrills, and obsessions of this generation, RED ultimately provides today's teen girl with much-needed community, perspective, and validation-and helps the rest of us to better understand her.

When he retired, he wanted to put his past behind him and be left alone. This war...is personal!

The Red Book Deborah Copaken Kogan,2012-04-03 The Big Chill meets The Group in Deborah Copaken Kogan's wry, lively, and irresistible new novel about a once-close circle of friends at their twentieth college reunion. Clover, Addison, Mia, and Jane were roommates at Harvard until their graduation in 1989. Clover, homeschooled on a commune by mixed-race parents, felt woefully out of place. Addison yearned to shed the burden of her Mayflower heritage. Mia mined the depths of her suburban ennui to enact brilliant performances on the Harvard stage. Jane, an adopted Vietnamese war orphan, made sense of her fractured world through words. Twenty years later, their lives are in free fall. Clover, once a securities broker with Lehman, is out of a job and struggling to reproduce before her fertility window slams shut.

Addison's marriage to a writer's-blocked novelist is as stale as her so-called career as a painter. Hollywood shut its gold-plated gates to Mia, who now stays home with her four children, renovating and acquiring faster than her director husband can pay the bills. Jane, the Paris bureau chief for a newspaper whose foreign bureaus are now shuttered, is caught in a vortex of loss. Like all Harvard grads, they've kept abreast of one another via the red book, a class report published every five years, containing brief autobiographical essays by fellow alumni. But there's the story we tell the world, and then there's the real story, as these former classmates will learn during their twentieth reunion weekend, when they arrive with their families, their histories, their dashed dreams, and their secret yearnings to a relationship-changing, score-settling, unforgettable weekend.

Red Book on Work Incentives ,1999

Black Michel Pastoureau,2023-06-13 The story of the color black in art, fashion, and culture—from the beginning of history to the twenty-first century Black—favorite color of priests and penitents, artists and ascetics, fashion designers and fascists—has always stood for powerfully opposed ideas: authority and humility, sin and holiness, rebellion and conformity, wealth and poverty, good and bad. In this beautiful and richly illustrated book, the acclaimed author of *Blue* now tells the fascinating social history of the color black in Europe. In the beginning was black, Michel Pastoureau tells us. The archetypal color of darkness and death, black was associated in the early Christian period with hell and the devil but also with monastic virtue. In the medieval era, black became the habit of courtiers and a hallmark of royal luxury. Black took on new meanings for early modern Europeans as they began to print words and images in black and white, and to absorb Isaac Newton's announcement that black was no color after all. During the romantic period, black was melancholy's friend, while in the twentieth century black (and white) came to dominate art, print, photography, and film, and was finally restored to the status of a

true color. For Pastoreau, the history of any color must be a social history first because it is societies that give colors everything from their changing names to their changing meanings—and black is exemplary in this regard. In dyes, fabrics, and clothing, and in painting and other art works, black has always been a forceful—and ambivalent—shaper of social, symbolic, and ideological meaning in European societies. With its striking design and compelling text, *Black* will delight anyone who is interested in the history of fashion, art, media, or design.

Red Laura Vaccaro Seeger, 2021-10-05 From the Two-time Caldecott Honor Award winning author/illustrator of *Green* and *Blue* comes *Red*, a story about a lost fox that explores emotions--fear, love, anger, and more-- through the use of vivid color. With a combination of sumptuous illustrations, ingenious die-cut pages, and simple text, *Red* is a beautiful companion to the Caldecott Honor Book *Green* and the highly acclaimed *Blue*. In this book, award-winning artist Laura Vaccaro Seeger once again turns her attention to the ways in which color evokes emotion. Dark Red, Light Red, Lost red, Bright red. Separated from its family, a lone fox experiences, anger, fear, and ultimately love as it journeys home. Lost and alone, he makes his way through a dark forest, injures his paw, has glancing encounters with humans, and finds himself trapped in a cage, before an act of kindness returns him to the wilderness. Red Legacies in China Jie Li,Enhua Zhang,2020-10-26 What has contemporary China inherited from its revolutionary past? How do the realities and memories, aesthetics and practices of the Mao era still reverberate in the post-Mao cultural landscape? The essays in this volume propose “red legacies” as a new critical framework from which to examine the profusion of cultural productions and afterlives of the communist revolution in order to understand China’s continuities and transformations from socialism to postsocialism. Organized into five parts—red foundations, red icons, red classics, red bodies, and red shadows—the book’s interdisciplinary contributions focus on visual and performing arts, literature and film, language and thought, architecture, museums, and memorials. Mediating at once unfulfilled ideals and unmourned ghosts across generations, red cultural legacies suggest both inheritance and debt, and can be mobilized to support as well as to critique the status quo.

Patterns in the Production of Paestan Red-Figure Pottery

Edward Herring, 2022-05-10 Most of the previous scholarship on Paestan red-figure pottery has focused on the cataloguing of collections, the attribution of vases to painters and workshops, iconographic and stylistic matters, and individual vessels and vase forms. This partly reflects the history of vase-painting scholarship, which grew out of antiquarian collecting during 18th and 19th centuries, and partly the fact that a full archaeological provenance is not preserved for the majority of vessels. This book uses a database containing in excess of 1,800 vessels and fragments to identify patterns in the production and decoration of Paestan vases that cast light on the choices made by vase-producers and the preferences of their customers. It considers the popularity of different vessel shapes over time, the use of highly generic decorative scenes, which are characteristic of Paestan red-figure, as well as the popularity of scenes of myth, images of the gods, and scenes of nude and half-draped women. Paestan red-figure is compared with the vessels decorated in Applied Red produced at the same site. A comparison is also made between the output of the Paestan red-figure industry and that of Apulia. As the majority of the vases in the sample derive from tombs, the patterns identified provide insights into the ways in which the ancient populations of Paestum and South-West Italy commemorated the dead.

The Red Dream Carl E. Walter, 2022-08-31 An eye-opening deep dive into the sources and consequences of how China has financed its rise to global economic prominence In *The Red Dream: The Chinese Communist Party and the Financial Deterioration of China*, veteran finance executive Carl Walter uses his unique experience in Chinese finance to deepen his exploration of how the Chinese Communist Party finances its obsession with GDP growth and social control. Overwhelmingly debt-fueled, the party's financial strategy has driven an unsustainable growth in banking and state enterprise assets. Inevitably the party's own financial health is being severely weakened and China's future over the next decades put in doubt. You'll also find: A discussion of the financial power of local governments and the Ponzi scheme created by their sale of land use rights How China's entry into the World Trade Organization gave rise to today's China How the party and China's regulators enable banks to present outstanding performance metrics An exploration of the party's financial assets and liabilities since 1979 Examples of financial crisis management and related costs incurred by China and the US A look at Japan's experience as a potential guide for China future development An essential read for anyone interested in international economics, geopolitics, and finance, *The Red Dream* will also earn a place in the hands of finance professionals, bankers, policymakers, corporate strategists, and investors.
