Andrew Meredith

The Remover Kenneth Kohl,2018-04-26 Christian Carmack is a vampire experiencing a mid-life crisis. He still has an unhealthy attachment to his long-dead wife, he is struggling with his faith, and he is dealing with a mental illness. There comes a time in every vampire's life when he begins to question his choices, doubt his past actions, wonder what mistakes he will continue to make in his future. Most vampires come to terms with who and what they are, but every once in a while one slips through the cracks. A vampire who goes mad and ends up running loose like a kid in a candy shop. The most dangerous type of vampire there is - perhaps even more feared than a Nosferatu - is a rogue. So, how does one deal with a rogue? He must be disposed of. The question is How do you go about hunting the most perfect hunter that nature has ever produced? Christian finds himself asking that question along with another... Is he the hunter, or the prey?

The Removers Andrew Meredith,2014-07-15 "A darkly funny memoir about family reckonings" (O, The Oprah Magazine)—the story of a young man who, by handling the dead, makes peace with the living. Andrew Meredith's father, a literature professor at La Salle University, was fired after unspecified allegations of sexual misconduct. It's a transgression that resulted in such long-lasting familial despair that Andrew cannot forgive him. In the wake of the scandal, he frantically treads water, stuck in a kind of suspended adolescence—falling in and out of school, moving blindly from one half-hearted relationship to the next. When Andrew is forced to move back home to his childhood neighborhood in Northeast Philadelphia and take a job alongside his father as a "remover," the name for those unseen, unsung men whose charge it is to take away the dead from their last rooms, he begins to see his father not through the lens of a wronged and resentful child, but through that of a sympathetic, imperfect man. Called "artful" and "compelling" by Thomas Lynch in *The Wall Street Journal*, Meredith's poetic voice is as unforgettable as his story, and "he tucks his bittersweet childhood memories between tales of removals as carefully as the death certificates he slips between the bodies he picks up and the stretcher-like contraption that transports each body to the waiting vehicle" (*Minneapolis Star-Tribune*). "Potent" (*Publishers Weekly*), and "ultimately rewarding" (*The Boston Globe*), *The Removers* is a searing, coming-of-age memoir with "lyrical language and strong sense of place" (*The Philadelphia Inquirer*).

The Child Remover Warren T. Brussee,2012-12-18 Two seven-year-old girls are kidnapped from a depressed area of South Carolina that has terrible schools. The kidnapper says that he will not harm the girls; he only wants a year to catch them up academically and physically with children who have been raised in wealthier areas. The kidnapper works closely with the two girls. The girls adapt to their new life with the kidnapper and even

learn to love his Newfoundland dog. FBI agents suspect that the children are being sexually abused. If the girls are returned, how will the parents continue the academic progress started by the kidnapper? Or will they even want to, given how they hate him? Can the FBI, or a news reporter who got involved with the case, find the kidnapper? The kidnapper does not include religion in his teaching methods with the two girls, and this causes controversy in South Carolina. And the kidnapper has to acknowledge the tragic series of events that his actions eventually trigger.

Zerbo Health Remover W. L. Lyons III, 2016-03-22 We all have moments where we wish to go back in time and savor a friendship, a special event or our first love. In this delightful book about coming of age in Downey, California, the author, called Billy in the 1950s, re-creates his unique childhood. For instance, halfway up the block was a magical tree. To an adult, it may have appeared ordinary, but its branches were a refuge where Billy pondered the trials of boyhood. There, like butterflies waltzing on the summer breeze, he fell in love with ten-year-old Patty. In the backyard of his friend, Dave, they dug World War I trenches, grew corn so high they couldn't see over it, and plied their imaginations to convert their shack into a pirate ship or general store. Dave and Billy were also serious cowboys, replete with cap pistols slung from both hips, ten-gallon hats resting on their ears, and Winchester rifles carved from scrap wood. Relive the magic of being a youngster struggling toward maturity with the whimsical, funny, and occasionally philosophical stories lurking in *Zerbo Health Remover* and other childhood reminiscences.
