For the Record Kären M. Hess, Henry M. Wroblewski,1978-01-01 This text is designed for use by police science students or working law enforcement officers offers guidelines for report writing at all levels of law enforcement; investigative reports are stressed. A self-teaching method is employed, in which the student or law enforcement officer reads background information, works through exercises, corrects sentences, and refines final reports; answers follow each activity so that readers may check their work. Chapter headings cover an introduction to reports and report writing; characteristics of a well-written report; steps in report writing; principles of clear writing; grammar; sentences that make sense; spelling and the apostrophe; abbreviations, numbers, and capitalization; the comma; other marks of punctuation; and review and practice. At the end of each chapter is a self-test to help the reader master the skills and principles of the chapter. A final test is provided at the end of the text, and a checklist containing guidelines for evaluating written reports is appended. An index and a list of common abbreviations used in law enforcement reports are also included.
