Restore Vince Antonucci, 2018-01-09 What should we do when we feel stuck in life? You know how it feels. There's a hurt in your past that is hard to get beyond. There's a bad habit that's difficult to break. There's a setback that is just too tough to overcome. We all have our own unique situations in which we feel "stuck." Americans' favorite suggestions for how to fix our lives—self-help programs, self-esteem techniques, or simple willpower—leave many of us ceaselessly spinning our wheels and feeling just as "stuck" as ever. Vince Antonucci knows what this feels like, and he knows many who have struggled to fix their lives with these dead-end methods. He struggled to get past the pain of a neglectful and angry father. It wasn't until Vince decided to go through a recovery and rehab course, focused on God, that he learned ways to break free of that hurt and to live in God's future. Today, when someone walks through the doors of Vince's innovative church, located just off the Las Vegas Strip, he offers a Restore class as one of three core classes that every member takes. He knows how important it is to learn to break free of these old hurts and bad habits. The essence of that popular class is contained in this book. Move past your past, heal your hurts, and break your bad habits.

His approach begins with a major focus for each room, such as vanities, sinks, and tubs in the bathroom. Sharing his flea market and thrift shopping skills as well as some savvy wisdom inspired by his grandmother, Florke will help you create a welcoming, lovely, earth-friendly décor--without spending a fortune--P. Mark Zimmerman,

American Restoration Timothy S. Goeglein, Craig Osten, 2019-07-02 THIS IS NO TIME TO RUN AND HIDE America seems to be crumbling from within. Having abandoned the Judeo-Christian values that are the foundation of its culture, our nation, in the eyes of many, is going the way of the great civilizations of the past. If our 250-year experiment in ordered liberty has really run its course, is it time to recognize the inevitable, pack up our families, and head for the hills, hunkering down through the dark days to come? Or is there hope for an American restoration? Tim Goeglein and Craig Osten, battle-hardened veterans of the culture wars, know as well as anyone that the decadence is undeniable. But they make the case that an American restoration is not only possible,

but probable—if we act now. The key is for Christians to engage with the culture, not flee from it, to be the salt and light that will renew it from within. That engagement must take place especially at the local level, where real spiritual and cultural transformation occurs. If America returns to its spiritual foundations, the tumultuous times we live in will be nothing more than a bumpy detour in our nation's history. This book is a roadmap for the way back. In this clear-eyed but hopeful guide to restoration, Goeglein and Osten explain how patriotic Americans, with God's help, can renew fifteen critical components of our culture. Government will not provide the solutions we desperately need. The solutions lie in our churches, our communities, and our homes. The light for our path is faith. As that light pierces the darkness, America will experience a reawakening, regeneration, and renewal.

Restoring Ecological Health to Your Land Steven I.

Apfelbaum,Alan W. Haney,2012-02-13 Restoring Ecological Health to Your Land is the first practical guidebook to give restorationists and would-be restorationists with little or no scientific training or background the “how to” information and knowledge they need to plan and implement ecological restoration activities. The book sets forth a step-by-step process for developing, implementing, monitoring, and refining on-the-ground restoration projects that is applicable to a wide range of landscapes and ecosystems. The first part of the book introduces the process of ecological restoration in simple, easily understood language through specific examples drawn from the

authors' experience restoring their own lands in southern and central Wisconsin. It offers systematic, step-by-step strategies along with inspiration and benchmark experiences. The book's second half shows how that same "thinking" and "doing" can be applied to North America's major ecosystems and landscapes in any condition or scale. No other ecological restoration book leads by example and first-hand experience like this one. The authors encourage readers to champion restoration of ecosystems close to where they live . . . at home, on farms and ranches, in parks and preserves. It provides an essential bridge for people from all walks of life and all levels of experience—from land trust member property stewards to agency personnel responsible for restoring lands in their care—and represents a unique and important contribution to the literature on restoration.

Loved as I Am Sr. Miriam James Heidland
SOLT,2014-11-03 When Sr. Miriam James Heidland's life as a successful college athlete proved unfulfilling, she went searching for something deeper and ended up falling in love with Jesus. By charting her own journey toward wholeness, Heidland invites young Catholics to pursue their own relationship with Jesus. Although originally full of athletic ambition and goals for a career in sports news, Heidland was transformed in a very slow but deep way during her undergraduate years, moving from party girl to bride of Christ. In Loved as I Am: An Invitation to Conversion, Healing, and Freedom through Jesus, Heidland helps readers learn from her experience of seeking love in the wrong places and instead finding it in Christ. She shares her struggles—learning she was adopted, battling alcoholism, and healing from childhood sexual abuse—as signs of hope that anyone who desires to know Christ can find him and be loved intimately by him in return. By bringing readers into Heidland's healing process, Loved as I Am provides a gentle and subtle template for finding peace and freedom in Jesus.

Primer of Ecological Restoration Karen
Holl,2020-03-03 The pace, intensity, and scale at which humans have altered our planet in recent decades is unprecedented. We have dramatically transformed

landscapes and waterways through agriculture, logging, mining, and fire suppression, with drastic impacts on public health and human well-being. What can we do to counteract and even reverse the worst of these effects? Restore damaged ecosystems. The Primer of Ecological Restoration is a succinct introduction to the theory and practice of ecological restoration as a strategy to conserve biodiversity and ecosystems. In twelve brief chapters, the book introduces readers to the basics of restoration project planning, monitoring, and adaptive management. It explains abiotic factors such as landforms, soil, and hydrology that are the building blocks to successfully recovering microorganism, plant, and animal communities. Additional chapters cover topics such as invasive species and legal and financial considerations. Each chapter concludes with recommended reading and reference lists, and the book can be paired with online resources for teaching. Perfect for introductory classes in ecological restoration or for practitioners seeking constructive guidance for real-world projects, Primer of Ecological Restoration offers accessible, practical information on recent trends in the field.
