Marion Haslam

**Retro** Elizabeth E. Guffey, 2006-11-15 Bell-bottoms are in. Bell-bottoms are out. Bell-bottoms are back in again. Fads constantly cycle and recycle through popular culture, each time in a slightly new incarnation. The term "retro" has become the buzzword for describing such trends, but what does it mean? Elizabeth Guffey explores here the ambiguous cultural meanings of the term and reveals why some trends just never seem to stay dead. Drawing upon a wealth of original research and entertaining anecdotal material, Guffey unearths the roots of the term "retro" and chronicles its evolving manifestations in culture and art throughout the last century. Whether in art, design, fashion, or music, the idea of retro has often meant a reemergence of styles and sensibilities that evoke touchstones of memory from the not-so-distant past, ranging from the drug-induced surrealism of psychedelic art to the political expression of 1970s afros. Guffey examines how and why the past keeps coming back to haunt us in a variety of forms, from the campy comeback of art nouveau nearly fifty years after its original decline, to the infusion of art deco into the kitschy glamor of pop art, to the recent popularity of 1980s vogue. She also considers how advertisers and the media have employed the power of such cultural nostalgia, using recycled television jingles, familiar old advertising slogans, and famous art to sell a surprising range of products. An engrossing, unprecedented study, *Retro* reveals the surprising extent to which the past is embedded in the future.

**Retro** Loren D. Estleman, 2007-04-01 Loren D. Estleman is the quintessential noir detective writer, and Amos Walker is his quintessential noir detective. The hardboiled Amos Walker series continues with *Retro*. Walker has made a lot of friends--and a few enemies--in his years as a detective in Detroit, but he has never had to deal with quite the trouble he finds when he agrees to grant the death-bed wish of Beryl Garnet. Beryl was a madam, but she had a son a long while ago, and asks Walker to make sure that her son gets her ashes when she's gone. He finds her son, who has been in Canada since the 1960s, evading the law since he was a Vietnam War protester. A simple favor, melancholy, but benign. Except that before he can get settled back in Detroit Garnet's son is dead, with him as the prime suspect. He has little choice but to find out who might have done the deed and tried to pin the blame on him. . . and in the process he discovers another murder, of a boxer from the 1940s, Curtis Smallwood, who happens to have been the man's father. If that wasn't bad enough, his task is made much more complicated by the fact that the two murders, fifty-three years apart, were committed with the very same gun. And in a place where it was impossible for a gun to be. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Retro Style** Marion Haslam,2000 Recalling the home fashions of the 50's, this volume offers today's home decorator a more discerning perspective on an era that evokes endless nostalgia. With functional household products- kettles, toasters, hand blenders, and more-being fashionably designed, these stylish accessories make chores at home far more glamorous. This colorful, easy-to-follow guide highlights the look of the period-from materials like Formica and molded plywood to the patterns of sgraffito and dissected fruit. It also provides how-to projects for creating classic styles in a modern setting.

**Marketing - The Retro Revolution** Stephen Brown,2001-06-07 'the finest writer in our field today' - Journal of Marketing 'the great heretic' - Retrospectives in Marketing 'the most devastating critic of the academic discipline of marketing ever likely to be encountered' - Service Industries Journal 'a jewel in the crown of the academic marketing establishment' - Marketing Intelligence and Planning 'remarkably entertaining' - Public Library Journal 'dazzling erudition' - European Journal of Marketing 'instant classic' - Journal of Marketing Management · Has marketing moved from 'new and improved' to 'as good as always'? · Is old the new 'new'? Retro-marketing is all around us, whether it be retro-products like the neo-Beetle, retro-scapes, such as Niketown, or retro-advertising campaigns, which make the most of the advertiser's glorious heritage. The rise of retro has led many to conclude that it represents the end of marketing, that it is indicative of inertia, ossification and the waning of creativity. Marketing - The Retro Revolution explains why the opposite is the case, demonstrating that retro-orientation is a harbinger of change and a revolution in marketing thinking.

In his engaging and lively style, Stephen Brown shows that the implications of today's retro revolution are much more profound than the existing literature suggests. He argues that just as retro-marketing practitioners are looking to the past for inspiration, so students, consultants and academics should seek to do likewise. History reveals that new ideas often come wrapped in old packaging. Marketing - the Retro Revolution unwraps this retro-package and, in doing so, offers radically new ideas for the future of the field.

So slip on your favorite tie-dyed shirt and start crafting today!

*Retro Style* Sarah Elsie Baker, 2013-09-01 Retro interiors have come to the fore in recent years as a highly desirable and valuable branch of interior design. The emergence of a need for decorative objects and vintage furniture has resurrected retro style and placed it firmly as a key trend of contemporary design. *Retro Style: Class, Gender and Design in the Home* is the first book to explore the modern position of retro by asking important questions around the emergence of the trend, its impact on production and consumption and how it manifests itself in the contemporary interior. Examining themes ranging from design, taste and the aestheticisation of everyday life to the bohemianisation of popular culture, the book provides a fascinating insight into how retro has shaped modern interior design. Using original ethnographic research from retro retailers, enthusiasts, designers and media professionals *Retro Style* explores the positive and negative side of the style, ultimately providing an original and thought-provoking perspective on the history and trajectory of how retro has become what it now is and its bearing on the future of designed interiors.
