

Royal

The Royal Queen

Royal Danielle Steel,2020 Royal is an absorbing new novel from Danielle Steel, whose countless #1 New York Times bestsellers have made her one of America's favorite storytellers.

Port Royal Linda Lee Chaikin,1995-10-01 As the Caribbean Sea teems with piracy and privateering, Captain Baret Foxworth Buckingham searches for his father. Though declared legally dead, Baret is certain his father is alive, perhaps being held prisoner. Willing to jeopardize his title, his inheritance, and his life in order to find his father, he sets sail and swears vengeance upon Spain. Amidst the slavery, brutality, and cruel gossip on a Jamican Sugar estate, Miss Emerald Harwick seeks an escape. Rejected by her father's wealthy family, Emerald is constantly reminded of her deceased mother's notorious reputation and her father's escapades on the high seas. Only two things keep her going—working in the Christian Singing School and her plans to secretly marry an indentured servant. In desperation, they plan to leave Jamaica. But Emerald's father has other plans! As their paths intertwine, Emerald and Baret set out on a journey filled with danger, intrigue, and romance.

The Royal Bastards of Medieval England Chris Given-Wilson,Alice Curteis,2023-12-01 First published in 1984, The Royal Bastards of Medieval England establishes a list of royal bastards in medieval England, and discusses their roles in the history of the period. The authors describe how gradually the church began to formulate more definite views on sexual and marital customs, with a consequent decline in the status of illegitimate children. By early sixteenth century, however, royal bastards were once again making their way into the peerage. The book charts the lives of these men and women against the background not only of contemporary political developments, but also of changing ideas about morality and family. This book will be of interest to students of history, religion and literature.

Royal Babies Annie Bullen,2013-08-12 Since their fairy-tale wedding in 2011 and the announcement in December 2012 that William and Catherine, the Duke and Duchess of Cambridge, were expecting their first child, the British have taken the young couple into their hearts. The first decades of the 21st century have seen a surge of pride for our Royal Family as never before and the birth of HRH Prince George of Cambridge, our future king, has been greeted with genuine joy. This celebratory and beautifully illustrated guide not only commemorates this Royal birth but looks at the history of children of the monarchy from Queen Elizabeth II to her great-grandchildren. Age-old customs, ceremonies, christenings, toys and pastimes, nannies, nurseries and the Royal line of succession are also explored, presenting an illuminating portrait of Royal children through the ages.
