In Search of the Sacred Book Aníbal Gonzalez, 2018-05-18 In Search of the Sacred Book studies the artistic incorporation of religious concepts such as prophecy, eternity, and the afterlife in the contemporary Latin American novel. It departs from sociopolitical readings by noting the continued relevance of religion in Latin American life and culture, despite modernity's powerful secularizing influence. Analyzing Jorge Luis Borges's secularized "narrative theology" in his essays and short stories, the book follows the development of the Latin American novel from the early twentieth century until today by examining the attempts of major novelists, from María Luisa Bombal, Alejo Carpentier, and Juan Rulfo, to Julio Cortázar, Gabriel García Márquez, and José Lezama Lima, to "sacralize" the novel by incorporating traits present in the sacred texts of many religions. It concludes with a view of the "desacralization" of the novel by more recent authors, from Elena Poniatowska and Fernando Vallejo to Roberto Bolaño.

Sacred Chris Rainier, 2022-10-04 Sacred presents photographs of locations cloaked in mysticism and imbued with a spiritual energy, exploring the meaning of the sacred in a global, multicultural context. Countless cultures have found it in the magnificence of nature and what can be called the divine gestures of the nature landscape. We looked to the majesty of snowcapped mountains, the glow of the full moon, the power of a magical waterfall, the endless sands of the Sahara Desert, the towering height of the tallest trees and the subtle essence of a lotus flower. We created remarkable buildings to the essence of what we felt to be sacred. What is sacred and what do cultures around the world consider sacred? What is sacred to a Muslim, a Tibetan monk, a Native American, a Christian elder, an atheist, a mountaineer, a poet or an artist? Chris Rainier has spent the last forty years in search of the sacred--from the peaks of Tibet to the icebergs of Antarctica, from the vibrant mysticism of India to the mysteries of the Silk Road, from the jungles of New Guinea to the druid stones of Scotland, and from the deserts of the Southwest United States to the rock art of aboriginal Australia and Africa. Rainier's photographs masterfully capture the wonder and awe inherent to all these sites. Sacred presents photographs from this lifelong journey. The collection offers spiritually driven glimpses of ancient monuments and haunting landscapes from around the world--each echoing with the energy of timeless and sacred power places. RENOWN PHOTOGRAPHER AND AUTHOR: Chris Rainier is a documentary photographer and National Geographic explorer who is highly respected for his documentation of endangered cultures and traditional languages around the globe. AWARD-WINNING PHOTOGRAPHY: Rainier was Ansel Adams last photo assistant and has contributed numerous photographs for the United Nations, UNESCO, Amnesty International, Conservation International, the Smithsonian Institution, CNN, BBC, NPR, National Geographic, TIME magazine, the New York Times, and LIFE magazine. CELEBRATED CONTRIBUTORS: Over twelve internationally recognized contributors discuss what sacred means to them and include British essayist and novelist Pico Iyer; ethnographer, writer, photographer, and filmmaker Wade Davis; and Pulitzer Prize winner and National Geographic Fellow Paul Salopek.

Sacred Dennis Lehane, 2009-10-13 A beautiful, grief-stricken woman has vanished without a trace. So has the detective hired to find her. And a lot of money... Enter tough-nosed private investigators Patrick Kenzie and Angela Gennaro. Rooted in the streets of blue-collar Dorchester, they've seen it all - and survived. But this case leads them into unexpected territory: a place of lies and corruption, where trusting anyone could get them killed, and where nothing is sacred. Another superior thriller from Dennis Lehane, the bestselling and acclaimed author of *Mystic River*, *Shutter Island*, and *Gone, Baby, Gone*.

The Pursuit of the Sacred John Chitakure, 2016-03-03 Globalization has taken the world by storm and has facilitated the unprecedented migrations of the peoples of this world. Whether we like it or not, we will meet foreigners in

our communities, schools, universities, buses, and other public places. But, when people migrate they take their religions with them. If people of different religious traditions are to live side by side amicably, interfaith dialogue becomes imperative. But, for people to be able to speak about their own religions with enlightenment and listen to other people's religious beliefs with respect, they must have some basic knowledge of how faiths and believers operate because for some people, religion is inseparably intertwined with their economics, politics, and everyday lives. This book clearly and concisely introduces religious studies to the reader. It makes a strong case for the quest and study of world religions and explores the challenges, controversies, and methodological issues in the study of religions. It also explores other pertinent religious issues such as beliefs, rituals, myths, sacredness, morality, the problem of evil, and interreligious dialogue. Although written from a classroom perspective, this book can be useful to any reader who would like to acquire knowledge of religious issues.

Seeing the Sacred Julie E. Neraas, 2021-01-27 Anyone who wants to make a simple, accessible spiritual practice part of their daily life will find the invitation in this book irresistible: we can use our smartphones to see what is vibrant, profound, and sacred in the seemingly ordinary moments of our lives. It will appeal to spiritual seekers, those with a theological background, and families who want fresh ways to see and appreciate what is all around them.

Sacred Sacrifice Rick Franklin Talbott, 1995 *Sacred Sacrifice* examines how analogous mythological ideas and the experience of sacred presence during the ritual act created similar ritual paradigms in two non-contiguous cultures. Vedic fire sacrifice, the Horse sacrifice in ancient India and the sacrificial development of the Christian Eucharist serve as examples. This book takes to task theories on sacrifice and ritual that emphasize the psycho-social and functionalist interpretation to the exclusion of the religious. The relationship between myth and ritual, and conscious and unconscious human behavior emerges from this analysis of universal religious structures.

Sacred Interests Karine V. Walther, 2015-09-21 Throughout the nineteenth and early twentieth centuries, as Americans increasingly came into contact with the Islamic world, U.S. diplomatic, cultural, political, and religious beliefs about Islam began to shape their responses to world events. In *Sacred Interests*, Karine V. Walther excavates the deep history of American Islamophobia, showing how negative perceptions of Islam and Muslims shaped U.S. foreign relations from the Early Republic to the end of World War I. Beginning with the Greek War of Independence in 1821, Walther illuminates reactions to and involvement in the breakup of the Ottoman Empire, the efforts to protect Jews from Muslim authorities in Morocco, American colonial policies in the Philippines, and American attempts to aid Christians during the Armenian Genocide. Walther examines the American role in the peace negotiations after World War I, support for the Balfour Declaration, and the establishment of the mandate system in the Middle East. The result is a vital exploration of the crucial role the United States played in the Islamic world during the long nineteenth century--an interaction that shaped a historical legacy that remains with us today.

Sacred Worlds Chris C. Park, 1994 Exploring the definitions of religion and its historical and ideological origins, Chris Park looks at the ways in which religion, its symbols, rites, beliefs and hopes, has shaped and changed the world in which we live.

The Sacred in Music Albert L. Blackwell, 1999-04-15 Religion and music are complementary resources for interpreting our lives. Music serves the sacred in ways that can be specified and articulated, yet the connection between them has been sorely neglected in the scholarly study of religion. In *The Sacred in Music*, Albert Blackwell brings the two subjects together in a celebration of the rich Western musical tradition, both classical and

Christian.

Sacred Word and Sacred Text Harold G. Coward, 1988

Sacred Dialogues Nicholas Griffiths, 2006 A Spanish conquistador who posed as a sorcerer and cured native Americans as he trekked across an unknown wilderness; a French Jesuit who conjured rain clouds in order to impress his indigenous flock with the potency of Christian magic; a Puritan minister who healed a native chief in order to win him for God; a Mexican noble who was burned at the stake for resisting the gentle Franciscan friars; an Andean chief who was haunted by nightmares in which his native gods did battle with the Christian Father; a Huron magician who vied with French missionaries over spirits of the night in a shaking tent ceremony. These are a few of the individuals whose struggles are brought to life in the pages of this book. Their experiences, among others, reveal what happened when Christianity came into contact with Native American religions in three distinct regions of sixteenth- and seventeenth-century colonial America: Spanish, French and British.

God Hides in Plain Sight Dean Nelson, 2009-09 This colorful, story-driven introduction to sacramental living offers a way to see the presence of God amid the chaos and monotony of everyday life.

Sacred Woman Queen Afua, 2012-06-20 The twentieth anniversary edition of a transformative blueprint for ancestral healing—featuring new material and gateways, from the renowned herbalist, natural health expert, and healer of women's bodies and souls "This book was one of the first that helped me start practices as a young woman that focused on my body and spirit as one."—Jada Pinkett Smith Through extraordinary meditations, affirmations, holistic healing plant-based medicine, KMT temple teachings, and The Rites of Passage guidance, Queen Afua teaches us how to love and rejoice in our bodies by spiritualizing the words we speak, the foods we eat, the relationships we attract, the spaces we live and work in, and the transcendent woman spirit we manifest. With love, wisdom, and passion, Queen Afua guides us to accept our mission and our mantle as Sacred Women—to heal ourselves, the generations of women in our families, our communities, and our world.

Into the Dark Craig Detweiler, 2008-08 Examines forty-five films from the early twenty-first century, offering insight into their spiritual connections and theological applications.

The Sacred Heart of the World David Richo, 2016-09-08

Sacred Places of Goddess Karen Tate, 2005-11 Designed to present a diversity of places both sacred and feminine, this coffee table book is filled with photographs from every corner of the world. From the Middle East, to Europe, Africa, and the Americas, the images of feminine divinity presented in this work are as uniform in their beauty as they are diverse in cultural tradition.

Sacred Selves, Sacred Settings Dr Adam J. Powell, Professor Douglas J. Davies, 2015-02-28 As a sociologist, Hans Mol significantly influenced the sociological study of religion by developing ideas of identity. This biography brings current social-religious topics to sharp focus as international scholars analyse, challenge, and apply Mol's theoretical assertions. This biographical material supports the overall content by describing Mol's key intellectual influences, and the way they offer a fresh perspective upon popular subjects such as secularization, pluralism, and the place of religion in the public sphere.

Spotting the Sacred Bruce D. Main, 2006-10-01 Most people these days are overwhelmed by the busyness of life, and so they often miss the little evidences of God's presence and activity around them. In contrast, Jesus led a full life but never hurried. He took time to notice his surroundings, and he often saw and then pointed out great spiritual truths in the everyday experiences of life. Using Jesus as a model, Bruce Main explores the act of noticing as a means for spiritual growth. Filled with engaging, often poignant stories that illustrate acts of godly virtue, Spotting the Sacred

will challenge and encourage readers to go through their day more attuned to God's work in their lives and the lives of others.

Secular, Sacred, More Sacred Stuart Brooking, Paul Branch, Federico G. Villanueva, 2021-10-06 The sacred-secular divide continues to threaten the health of the global church, disempowering lay Christians and undermining the call to integrate all aspects of life under the lordship of Christ. Theological educators seeking a path out of this dichotomy will find themselves both challenged and encouraged by this collection of essays drawn from the 2018 ICETE conference in Panama City. Within its four sections, contributors explore biblical frameworks for integration, urge seminaries to value identity formation as much as skill acquirement, call for a robust theology of work, and challenge theologians to consider their responsibility to the world beyond the church's borders. Filled with thought-provoking questions and practical suggestions, this book is an excellent resource for all those pursuing a holistic approach to theological education.

Reinventing the Sacred Stuart A. Kauffman, 2010-11-29 Consider the complexity of a living cell after 3.8 billion years of evolution. Is it more awesome to suppose that a transcendent God fashioned the cell at a stroke, or to realize that it evolved with no Almighty Hand, but arose on its own in the C...
