The Qualified Sales Leader John McMahon,2021-04-22 The learnings in The Qualified Sales Leader will help you and your sales team sell more, make more money and grow your career in enterprise sales. Luca Lazzaron-CRO Sprinklr Almost monthly someone asks me, “When are you going to write a book”. When I ask, “Why?”, people tell me, “Because no one has written a sales leadership book with practical, solutions to real life issues in enterprise SaaS sales forces”, Why: 62% of sales reps fail, not because they couldn’t sell but because they were assigned the wrong accounts. Sales leaders don’t align skillsets to account complexity. Sales rep attrition at most SaaS companies is over 20% Sales leaders can’t recruit A players Sales Leaders don’t coach their reps on deal advancement issues Most sales leaders are “glorified scorekeepers” Most sales leader don’t motivate their sales team They’re focused on deals, not rep competency Sales forecasts are inaccurate because most reps game the CRM system. Sales team leaders lack qualification of sales stage exit criteria Many salesforces only win 50% of their proof of concepts They can’t frame a winning POC Criteria 8 of 10 executive buyers say the sales meetings they take are a waste of time. Sales reps lack the ability to sell business value. 42% of reps in enterprise sales say one of the top 3 biggest challenges is to establish urgency. Reps don’t quantify critical business pain to create a buying influence. Reps can’t find high-level business champions, only low-level coaches They can’t find pain above the noise. Many reps find pain but can’t attract a champion They’re selfishly focused on closing a sale instead of earning trust. Most reps say they feel out of control during the sales process. Reps can’t find a champion to help them control the process. 50% of reps say they can’t overcome price objections while companies struggle to increase the average deal size. Most sales reps are vending, not selling. Their reps aren’t immersed in the customer conversation. The reps are “thinking”, not “knowing” the key elements of the customer use case Top sales leaders will find the answers to these issues and more in The Qualified Sales Leader

The New Rules of Sales and Service David Meerman Scott,2014-08-18 Sales and service are being radically redefined like never before. With buyers now in possession of unlimited information, online content is quickly becoming the dominant driver for commerce. Today anyone working in sales or customer service needs to possess entirely new skills. Unfortunately most organizations are still using traditional selling and service models developed for a different time. In this new book by the author of the #1 bestseller *The New Rules of Marketing & PR*, David Meerman Scott demystifies the new digital commercial landscape and offers inspiring and valuable guidance for anyone not wanting to be left behind. Rich with revealing, first-hand accounts of real businesses that are charting this new territory and finding astounding success — a bicycle manufacturer that engages customers with honest and revealing openness; an enterprising network of home basement repair contractors that educates clients with free publications and innovative visual software; and an independent physician who provides her patients with online video notes to help them follow detailed medical instructions — *The New Rules of Sales & Service* shows how innovative businesses large and small are discovering new opportunities, strengthening customer loyalty, and mastering real-time buyer satisfaction. Among the topics covered in detail: Why the old rules of sales and service no longer work in an always-on world The new sales cycle and how informative Web content drives the buying process Providing agile, real-time sales and service 24/7 without letting it rule your life The importance of defining and understanding the buyer personas How agile customer service retains existing clients and expands new business Why content-rich websites motivate interest, establish authority, and drive sales How social media is transforming the role of salesperson into valued consultant Required reading for any organization that interacts with the public — ranging from independent consultants to established large corporations and small businesses to new start-ups and non-profits — *The New Rules of Sales & Service* is the essential guidebook for anyone attempting to navigate the exciting and evolving digital landscape. Note: *The New Rules of Sales & Service* is neither an update nor a sequel to *The New Rules of Marketing & PR*; rather it complements the earlier book. Each book focuses on and outlines different strategies: Marketing and PR use online content to reach many buyers at once; Sales and Service use online content to reach buyers one at a time. *The New Rules of Sales & Service* tailors its strategies and tactics to reflect this difference.
