David McCrone,Angela Morris,Richard Kiely

The History of Scotland John Leslie, 1830

Scotland and the British Empire John M. MacKenzie, T. M.

Devine, 2011-10-27 Examines the key roles of Scots in central aspects of the Atlantic and imperial economies from the eighteenth to the twentieth centuries, and demonstrates that an understanding of the relationship between Scotland and the British Empire is vital both for the understanding of the histories of that country and of many territories of the Empire.

Scotland--the Brand David McCrone, Angela Morris, Richard Kiely, 1995 Tartanry and 'Balmoralty': is Scotland's thriving heritage industry an economic blessing or the curse of negative stereotyping? Since the eighteenth century, heritage has been synonymous with 'heritage tourism'. This book is the first to explore the images which this industry conveys and to analyse its centrality to Scotland's definition of itself. Based on an influential study by three leading sociologists, it examines the specific role and character of the major players in Scottish heritage - the National Trust for Scotland, the Scottish Tourist Board and Historic Scotland - as well as the lairds who have a stake in the industry. In describing its consumers, the authors show how heritage fits into their patterns of leisure, consumption and lifestyle. It also discusses the importance of 'heritage' (as opposed to 'history') to the country's identity and politics.

The History of Scotland Peter Somerset Fry, Rosalind

Mitchison, 1985-04-04 An ideal volume for anyone wanting a brisk overview of North Britain from the year dot to the twentieth century.

Scotland, A Very Peculiar History – Volume 1 Fiona

Macdonald,2011-12-13 From its earliest inhabitants up to the beginnings of Stewart rule, 'Scotland: A Very Peculiar History - Volume 1' is a lively and informative account of the chequered (or rather, 'tartaned') history of Scotland. Detailing grisly clan wars and the many mythical creatures to look out for while you're out in the wild, this ebook gives an objective account of the nation's history, with 'no added haggis'! Focussing on the more weird and wonderful aspects of Scottish history, such as forgotten towns and mysterious runes, it celebrates how Scotland came to be, and includes fact boxes, quotes, poetry excerpts and recipes you wouldn't believe!

Scotland, empire and decolonisation in the twentieth century

Bryan Glass,John M. MacKenzie,2017-03-01 This volume represents one of the first attempts to examine the connection between Scotland and the British empire throughout the entire twentieth century. As the century dawned, the Scottish economy was still strongly connected with imperial infrastructures (like railways, engineering, construction and shipping), and colonial trade and investment. By the end of the century, however, the Scottish economy, its politics, and its society had been through major upheavals which many connected with decolonisation. The end of empire played a defining role in shaping modern-day Scotland and the identity of its people. Written by scholars of distinction, these chapters represent ground-breaking research in the field of Scotland's complex and often-changing relationship with the British empire in the period. The introduction that opens the collection will be viewed for years to come as the single most important historiographical statement on Scotland and empire during the tumultuous years of the twentieth century. A final chapter from Stuart Ward and Jimmi Østergaard Nielsen covers the 2014 referendum.

A New History of Scotland John Belfour, 1770

Emigration from Scotland Between the Wars Marjory

Harper, 1998 Emigration from Scotland has always been very high. However, emigration from Scotland between the wars surpassed all records; more people emigrated than were born, leading to an overall population decline. Why was it so many people left? Marjory Harper, whose knowledge is grounded in a deep understanding of the local records, maps out the many factors which worked together to cause this massive diaspora. After an opening section where the author sets the Scottish experience within the context of the rest of the British Isles, the book then divides the country geographically, starting with the Highlands, then coastal Scotland, and the urban Lowland highlighting in turn the factors that particularly influenced each of these areas. Harper then discusses the organised religious and political movements that encouraged emigration. By interweaving personal stories with statistical evidence Harper brings to life the reality behind the dramatic historical migration.

The Battle for Scotland Andrew Marr, 1992 Andrew Marr's first book tells the distinctive story of Scottish politics -- now updated with a new introductory chapter. 'We may be about to see a new country - indeed, two new countries, - emerging on these islands. Half a lifetime ago, I sat down to write this book as a work of history. As it's aged, it's become current affairs.' Just twenty years ago it seemed impossible that Scotland would ever get home rule, let alone full independence. Yet very soon there will be a Scottish referendum which will not only decide on this matter but which will have profound consequences for the future of all people on these islands. In *The Battle for Scotland*, first published in 1992, Andrew Marr provides the historical backdrop to these extraordinary events. He

attempts to explain the deep sources of Scottish national feeling and the political will which has brought us to this deeply uncertain time. And in a substantial new introduction, Marr considers how we got here so suddenly, what the stakes really are and what the questions every voting Scot (and every non-voting UK citizen) will be asking themselves. Andrew Marr was born in Glasgow. He graduated from Cambridge University and has enjoyed a long career in political journalism, working for the Scotsman, the Independent , the Economist, the Express and the Observer. From 2000 to 2005 he was the BBC's Political Editor. Andrew's broadcasting includes series on contemporary thinkers for BBC 2 and Radio 4, political documentaries for Channel 4 and BBC Panorama, and Radio 4's 'Start The Week'.
