E. J. Josey Renate L. Chancellor,2020-02-21 This work provides a comprehensive examination of the life and professional career of E.J Josey within the broader historical and political landscape of the civil rights movement. In the era of Jim Crow, Josey rose to prominence in the library profession by challenging the American Library Association (ALA) to live up to its creed of equality for all. This was not easy during the 1950s and 1960s, during segregation. Using interviews with Josey and his contemporaries, as well as several archival sources, library educator Renate Chancellor analyzes Josey's leadership, particularly within modern day racial currents. During his professional career, spanning over fifty years (1952-2002), Josey worked as a librarian (1953-1966), an administrator of library services (1966-1986), and as a professor of library science (1986-1995). He also served as President of the American Library Association and perhaps his most notable achievement, he successfully drafted a resolution that prevented state library associations from discriminating against African American librarians. This essentially ended segregation in the ALA. Josey's transformative leadership provides a model to tackle today's civil rights challenges both in and outside the library profession. This authoritative work copublished by the Association for Library and Information Science Education (ALISE) documents for the historical record a significant period of history that is underexplored in the scholarly literature. The target audience for this book are researchers, historians, LIS educators and students interested in understanding the complex struggle for civil and human rights in professional organizations.

Here is the story that started it all, introducing two remarkable characters, Claire Beauchamp Randall and Jamie Fraser, in a spellbinding novel of passion and history that combines exhilarating adventure with a love story for the ages. One of the top ten best-loved novels in America, as seen on PBS's The Great American Read! Scottish Highlands, 1743. Claire Randall, a former British combat nurse, is just back from the war and reunited with her husband on a second honeymoon when she walks through a standing stone in one of the ancient circles that dot the British Isles. Suddenly she is a Sassenach—an "outlander"—in a Scotland torn by war and raiding clans in the year of Our Lord . . . 1743. Claire is catapulted into the intrigues of a world that threatens her life, and may shatter her heart. Marooned amid danger, passion, and violence, Claire learns her only chance of safety lies in Jamie Fraser, a gallant young

Scots warrior. What begins in compulsion becomes urgent need, and Claire finds herself torn between two very different men, in two irreconcilable lives. Triptych Karin Slaughter,2006-08-15 NEW YORK TIMES BESTSELLER • Features a new introduction on the origins of the Will Trent novels and Triptych's place in the series "Crime fiction at its finest."—Michael Connelly From Atlanta's wealthiest suburbs to its stark inner-city housing projects, a killer has crossed the boundaries of wealth and race. And the people who are chasing him must cross those boundaries, too. Among them is Michael Ormewood, a veteran detective whose marriage is hanging by a thread—and whose arrogance and explosive temper are threatening his career. And Angie Polaski, a beautiful vice cop who was once Michael's lover before she became his enemy. But unbeknownst to both of them, another player has entered the game: a loser ex-con who has stumbled upon the killer's trail in the most coincidental of ways—and who may be the key to breaking the case wide open. In this gritty, gripping firecracker of a novel, the author of the bestselling *Grant County*, Georgia, series breaks thrilling new ground, weaving together the threads of a complex, multilayered story with the skill of a master craftsman. Packed with body-bending switchbacks, searing psychological suspense and human emotions, Triptych ratchets up the tension one revelation at a time as it races to a shattering and unforgettable climax.

Brenda Novak Whiskey Creek Series Vol Two Brenda Novak,2015-09-14 Join the many readers who've fallen in love with Whiskey Creek, the Northern California town created by New York Times bestselling author Brenda Novak. HOME TO WHISKEY CREEK When Adelaide Davies has returned to Whiskey Creek to take care of her aging grandmother, she isn't happy to be back—there are too many people here who were involved in that terrible June night fifteen years ago, people she'd rather avoid. But popular and successful Noah Rackham is

shocked when Adelaide won't have anything to do with him. He has no idea that his very presence reminds her of something she'd rather forget. He only knows that he's finally met a woman he could love. TAKE ME HOME FOR CHRISTMAS Everyone in Whiskey Creek remembers Sophia DeBussi as the town's Mean Girl. Especially Ted Dixon, whose love she once scorned. But Sophia has paid the price—the man she did marry was rich and powerful but abusive. When he goes missing, she learns that he died running from an FBI probe of his investment firm, leaving her penniless and forced to face all the townspeople he cheated. Desperate for work, she accepts a job as housekeeper for Ted, now a successful writer. He refuses to get emotionally involved, but will the holidays bring them another chance at happiness? COME HOME TO ME When Presley Christensen returns to Whiskey Creek with her little boy, she has completely changed her life. Now she's back in the small town that was the closest thing to “home” she ever knew. There's just one catch. Aaron Amos still lives in Whiskey Creek, and no matter how hard she's tried, Presley hasn't been able to get over him. She's come too far to backslide now. And there's a secret she's been guarding—a secret she'll do anything to protect.

Phenomenological Structure for the Large Deviation Principle in Time-Series Statistics Takahiro Nemoto,2015-11-06 This thesis describes a method to control rare events in non-equilibrium systems by applying physical forces to those systems but without relying on numerical simulation techniques, such as copying rare events. In order to study this method, the book draws on the mathematical structure of equilibrium statistical mechanics, which connects large deviation functions with experimentally measureable thermodynamic

functions. Referring to this specific structure as the “phenomenological structure for the large deviation principle”, the author subsequently extends it to time-series statistics that can be used to describe non-equilibrium physics. The book features pedagogical explanations and also shows many open problems to which the proposed method can be applied only to a limited extent. Beyond highlighting these challenging problems as a point of departure, it especially offers an effective means of description for rare events, which could become the next paradigm of non-equilibrium statistical mechanics.

A widower, and single father, his focus is on building the MacLaren ranch into the largest and most successful in northern Arizona. He is serious about two things—his responsibility to the family and his future marriage to the wealthy, well-connected widow who will secure his place in the territory’s destiny. Katherine is determined to live the life she’s dreamed about. With a job waiting for her in the growing town of Los Angeles, California, the young teacher from Philadelphia begins a journey across the United States with only a couple of trunks and her spinster companion. Life is perfect for this adventurous, beautiful young woman, until an accident throws her into the arms of the one man who can destroy it all. Fighting his growing attraction and strong desire for the beautiful stranger, Niall is more determined than ever to push emotions aside to focus on his goals of wealth and political gain. But looking into the clear, blue eyes of the woman who could ruin everything, Niall discovers he will have to harden his heart and be tougher than he’s ever been in his life...Tougher than the Rest. Faster than the Rest – Book Two MacLarens of Fire Mountain Historical Western Romance Series “Headstrong, brash, confident, and complex, the MacLarens of Fire Mountain will captivate you with strong characters set in the wild and rugged western frontier.” Handsome, ruthless, young U.S. Marshal Jamie MacLaren had lost everything—his parents, his family connections, and his childhood sweetheart—but now he’s back in Fire Mountain and ready for another chance. Just as he successfully reconnects with his family and starts to rebuild his life, he gets the unexpected and unwanted assignment of rescuing the woman who broke his heart. Beautiful, wealthy Victoria Wicklin chose money and power over love, but is now fighting for her life—or is she? Who has she become in the seven years since she left Fire Mountain to take up

her life in San Francisco? Is she really as innocent as she says? Marshal MacLaren struggles to learn the truth and do his job, but the past and present lead him in different directions as his heart and brain wage battle. Is Victoria a victim or a villain? Is life offering him another chance, or just another heartbreak? As Jamie and Victoria struggle to uncover past secrets and come to grips with their shared passion, another danger arises. A life-altering danger that is out of their control and threatens to destroy any chance for a shared future. Harder than the Rest – Book Three MacLarens of Fire Mountain Historical Western Romance Series “They are men you want on your side. Hard, confident, and loyal, the MacLarens of Fire Mountain will seize your attention from the first page.” Will MacLaren is a hardened, plain-speaking bounty hunter. His life centers on finding men guilty of horrendous crimes and making sure justice is done. There is no place in his world for the carefree attitude he carried years before when a tragic event destroyed his dreams. Amanda is the daughter of a successful Colorado rancher. Determined and proud, she works hard to prove she is as capable as any man and worthy to be her father’s heir. When a stranger arrives, her independent nature collides with the strong pull toward the handsome ranch hand. But is he what he seems and could his secrets endanger her as well as her family? The last thing Will needs is to feel passion for another woman. But Amanda elicits feelings he thought were long buried. Can Will’s desire for her change him? Or will the vengeance he seeks against the one man he wants to destroy—a dangerous opponent without a conscious—continue to control his life?
