

Shooting

Brian Enos

Practical Shooting, Beyond Fundamentals Brian Enos,2012-03-21 Brian Enos's Practical Shooting, Beyond Fundamentals - often considered the competitive shooters bible - includes in-depth coverage of the technical and mental aspects of training and competition, and will offer new insights as you continue to improve. There is only one person in the world who I would allow to talk to my students, and that is Brian Enos. Rob Leatham, 15+ time National & World IPSC Champion. This isn't just another how to fire a gun book. This one talks about shooting.... The keys to consistent, high-speed shooting are within you right now. This book will show you ways to bring them out. Through Brian's advice, you'll learn how to recognize and break down the barriers that are limiting your performance—you may begin to look at shooting in an entirely different way. You'll learn to pressure-proof your match performance, how different types of shooting require different focal points, and you'll see how to develop an attitude that will let you reach beyond what you thought was your potential. You'll find a comprehensive set of exercises that will develop and sharpen your skills. You'll see how it's possible to drive the gun to wherever your eye can look. You'll discover that everything you need to know about your technique is told by the gun, if you know how to listen to it. And all the challenges and advanced techniques of practical shooting are covered too: prone, barricade, single-hand shooting, multiple targets, reloading, shooting on the move, and much more. You'll also get inside tips on IPSC strategies, steel shooting, shootoff tactics, Bianchi, and more. Chapters include: - Awareness & Focus - Tools of Shooting - Creative Shooting - Specific Challenges - Competition - Development - Shooting Tools - Revolver Shooting - Group Shooting

Instinctive Shooting Buz Fawcett,2013-01-01 Here, point and shoot.? These words from his father propelled Buz Fawcett's shooting success as a child, gaining him a number of High Gun awards at local trap clubs by the time he was fourteen. Because of his success, his father awarded him his grandfather's Model 1912 Winchester, which he mastered, even though it "kicked the whey" out of him. However, his amazing shooting abilities as a kid didn't follow him into adulthood. Fawcett entered into what he calls his "Dark Ages" of shooting after accepting an associate editor position at Sports Afield in New York City, where he had to read and edit what other gunmen were writing about shooting techniques. Eventually, he took a position as editor of Guns & Ammo magazine, located in California. He soon found himself in a position where he could shoot as much as he liked. After a number of years and extensive research into shooting methods, Fawcett rediscovered his talents through a technique called "Instinctive Shooting." This research and a lot of practice finally led to teaching a workshop on instinctive shooting to help others become adept at this miraculous "point and shoot" method. Instinctive Shooting is Fawcett's guide for other gunmen, describing exactly how and what needs to be done to achieve the ultimate shooting instincts. Practical and hands-on, the book covers such topics as determining your dominant eye, achieving proper shotgun fit, how to correct point and shoot, selecting equipment, practice regimens, mounting, and much more.

Shooting Times Guide to Accuracy Editors of Shooting Times,2017-08-15 Shooting Times Guide to Accuracy provides what all loyal audiences of Shooting Times magazine already love but with a specific focus on accuracy. A vast range of topics are covered, including: A common sense approach to better marksmanship Long-range military accuracy Handloading for accuracy Scope techniques for long-range shooting Improving your accuracy with airguns, shotguns, and handguns Twist rates and accuracy And much more! Discover tried and true tips, tactics, and techniques from the pros along with advice on buying gear and firearms from experts including J. Guthrie, Layne Simpson, Richard Mann, Reid Coffield, and David M. Fortier. Shooting Times Guide to Accuracy covers everything you need to know about improving your marksmanship.

The Dead Shot – Shotguns and Shooting Marksman,2017-09-21 A republication of the 1896 edition. The illustrated contents contain much valuable information on shooting, shotguns and ammunition. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this book now in an affordable, high-quality, modern edition.

Shooters Abigail A. Kohn,2004-06-10 Frequenting gun shops and shooting ranges, and devoting particular attention to those whose interest in weaponry extends beyond the casual, Abigail A. Kohn captures in finegrained and often entertaining, yet always humane, detail how gun owners actually think and feel about their guns. Through her conversations--with cowboy action shooters at a regional match, sport shooters, hunters, with shooters of all ages and races--we hear of the savage beauty of a beautifully crafted long gun, of the powerful historical import owners attach to their guns, of the sense of empowerment that comes with shooting skill, and the visceral thrill of discharging a dangerous weapon. Cutting through the cliches that link gun ownership with violent, criminal subcultures and portray shooters as gun nuts or potential terrorists, Kohn provides us with a lively and untainted portrait of American gun enthusiasts.

Shooting the Pacific War: Marine Corps Combat Photography in WWII Thayer Soule,2000 John Marion Porter (1839--1898) grew up working at his family's farm and dry goods store in Butler County, Kentucky. The oldest of Reverend Nathaniel Porter's nine children, he was studying to become a lawyer when the Civil War began. As the son of a family of slave owners, Porter identified with the Southern cause and wasted little time enlisting in the Confederate army. He and his lifelong friend Thomas Henry Hines served in the Ninth Kentucky Calvary under John Hunt Morgan, the Thunderbolt of the Confederacy. When the war ended, Porter and Hines opened a law practice together, but Porter was concerned that the story of his service during

the Civil War and his family's history would be lost with the collapse of the Confederacy. In 1872, Porter began writing detailed memoirs of his experiences during the war years, including tales of scouting behind enemy lines, sabotaging a Union train, being captured and held as a prisoner of war, and searching for an army to join after his release. Editor Kent Masterson Brown spent several years preparing Porter's memoir for publication, clarifying details and adding annotations to provide historical context. *One of Morgan's Men: Memoirs of Lieutenant John M. Porter of the Ninth Kentucky Cavalry* is a fascinating firsthand account of the life of a remarkable Confederate soldier. In this unique volume, Porter's insights on Morgan and the Confederacy are available to readers for the first time.

***An Illustrated Treatise on the Art of Shooting* Charles Lancaster, 1906**

***Shooting Log Book* Shooting Book, 2019-07-14** If you love shooting weapons in the range and you want to organize your progress in bullet tests and long range shooting, then this is the book for you. You can track perfectly and have all the most important details of each shot. Inside you will have a sheet with some targets to mark your shots, the distance and the type of weapon you used. This book of shooting records is designed for you. A notebook to last over time, we want this notebook to last you a long time, so you can always look back in time and see all the progress without worrying about it falling apart. A sturdy paperback book with a secure and secure commercial binding so the pages do not fall off after a few months of use. You will always be able to consult it and keep track of your progress. **USEFUL AND CONVENIENT:** all the basic records you must track are summarized so you can complete as much or as little as you want without forgetting any vital information, plus enough space to add some additional data if you did something else in the range want to take note of. It is the perfect gift for family gun enthusiasts with: - 100 pages (2 pages / record), alternating between shooting data and white drawings with a 1-inch grid. Shooting data includes: date, location, firearm, bullet, seat depth, dust, grains, first, brass, distance, weather and wind. **INTERIOR** - We only use white paper. The pages are clearly marked to facilitate filling and cross-reference. **PERFECT SIZE:** at 6 x 9, it is an excellent addition to any range bag. Practical and with the perfect size that you can easily carry in your car or truck. **COVERS WITH FRESH DESIGNS!** - We are concerned about our designs and we want our customers to be satisfied with what we do. That's why we have a wide variety of cover designs, so you can choose the ones you like the most. Our design team works every day to satisfy all our clients. It's time to go to the Gun Log Book to help you track your personal firearms training and maintenance. Get a copy now!

***Practical Shooting Scene Investigation* Dean Garrison, 2003** Early in the investigation of a shooting incident, proper crime scene work is critical to the final outcome. Whether the shooting is ruled to be an accident, a homicide, or suicide often depends heavily on the initial on-scene work-up. What photographs and which measurements will one need to thoroughly reconstruct the event? What information, if any, can be learned from the physical evidence and surrounding objects in a shooting crime? Beginning with the basic tools and terminology, the book explains what a crime scene investigator needs to look for and document in the quest for the truth.

***Come Duck Shooting with Me* Herbert Gardner, 1917**

***Shooting Up* Lukasz Kamienski, 2016-02-10** *Shooting Up: A Short History of Drugs and War* examines how intoxicants have been put to the service of states, empires and their armies throughout history. Since the beginning of organized combat, armed forces have prescribed drugs to their members for two general purposes: to enhance performance during combat and to counter the trauma of killing and witnessing violence after it is over. Stimulants (e.g. alcohol, cocaine, and amphetamines) have been used to temporarily create better soldiers by that improving stamina, overcoming sleeplessness, eliminating fatigue, and increasing fighting spirit. Downers (e.g. alcohol, opiates, morphine, heroin, marijuana, barbiturates) have also been useful in dealing with the soldier's greatest enemy - shattered nerves. Kamienski's focuses on drugs prescribed by military authorities, but also documents the widespread unauthorised consumption by soldiers themselves. Combatants have always treated with various drugs and alcohol, mainly for recreational use and as a reward to themselves for enduring the constant tension of preparing for. Although not officially approved, such self-medication is often been quietly tolerated by commanders in so far as it did not affect combat effectiveness. This volume spans the history of combat from the use of opium, coca, and mushrooms in pre-modern warfare to the efforts of modern militaries, during the Cold War in particular, to design psychochemical offensive weapons that can be used to incapacitate rather than to kill the enemy. Along the way, Kamienski provides fascinating coverage of on the European adoption of hashish during Napoleon's invasion of Egypt, opium use during the American Civil War, amphetamines in the Third Reich, and the use of narcotics to control child soldiers in the rebel militias of contemporary Africa.

***School Shootings and the Never Again Movement* Laurie Collier Hillstrom, 2019-03-14** This volume provides a concise but authoritative overview of the Never Again Movement, which arose in the aftermath of a mass shooting that killed 17 people at a high school in Parkland, Florida, in February 2018. This volume in the 21st Century Turning Points series, a one-stop resource for understanding the people and events changing America today, analyzes school shootings and examines the broader issue of gun violence in America. It focuses on the history of school shootings in the United States and the debate that has raged for decades between gun control advocates and supporters of gun ownership rights. *School Shootings and the Never Again Movement: 21st Century Turning Points* provides a broad perspective on these issues. It recounts the evolution of gun politics and policy

throughout the twentieth century, explains the positions and activities of organizations and activists on both sides of the gun debate, details notorious school shootings ranging from Columbine to Parkland, and explores the potential impact of the Never Again Movement on American gun policy at the state and federal levels.

A Kids Book about School Shootings Crystal Woodman Miller, 2021-10-05 School shootings are a tragic reality. And while they're not as common as they seem, they are still very real, and so is the fear, anxiety, and trauma that comes with them—even if you've never actually experienced one. This book will help grownups and kids better understand school shootings and encourage us to be prepared while reminding us that we should never let the fear of the what ifs take over our lives.

Long Range Shooting Log Book A Dream Cafe Publishing, 2020-01-12 If you love shooting guns at the range and want to organize your progress on testing bullets and long range shots, then this is the book for you. Track all the important details like weather, gun type, distance, etc. plus you even get target drawings. **USEFUL & CONVENIENT** -All of the basic records that you should keep track of are outlined so that you can fill out as much or as little as you like without forgetting any vital information, plus enough space to add some extra data if you did something else at the range that you want to make a note of. It makes the perfect gift for the gun enthusiast in the family with: - 120 Pages (2 pages/log), Alternating Between Shooting Data and Target Drawings with 1 Inch Grid- Shooting Data Includes: Date, Location, Firearm, Bullet, Seating Depth, Powder, Grains, Primer, Brass, Distance, Weather and Wind **PERFECT SIZE**- At 6 x 9, it's a great addition to any range bag. Handy and just the perfect size that you can easily carry in your car or truck. **COOL COVERS!**- To top it all, we have an array of cover designs for you to choose from. Get inspired by our collection of truly creative book covers.

Shooting at the Stars John Hendrix, 2014-10-07 Shooting at the Stars is the moving story of a young British soldier on the front lines during World War I who experiences an unforgettable Christmas Eve. In a letter to his mother, he describes how, despite fierce fighting earlier from both sides, Allied and German soldiers ceased firing that evening and came together on the battlefield to celebrate the holiday. They sang carols, exchanged gifts, and even lit Christmas trees. But as the holiday came to a close, they returned to their separate trenches to await orders for the war to begin again. Award-winning creator John Hendrix wonderfully brings the story of the Christmas Truce of 1914 to life with his signature style, interweaving detailed illustrations and hand-lettered text. His telling of the story celebrates the humanity that can persist during even the darkest periods of our history.

Roll! Shooting TV News Rich Underwood, 2007-06-19 Roll! Shells fly overhead as night-scopes capture deadly fire fights with an eerie green hue, a category 5 hurricane devastates the Big Easy, hidden cameras enter a Cambodian village of brothels and a veteran journalist interviews himself throughout his own brain surgery. Part non-fiction drama, part trade publication, part text book, all woven together giving the reader a look through the viewfinders of the very best television photojournalists. As 19 experts weigh in with their candid, personal stories and photographic tips, it's as if you're over their shoulders, following their intuitions and hearing their thoughts as they shoot. The trade term for what they do is called ENG (Electronic News Gathering) and whether they're called Cameramen, Backpack Journalists, Television Photographers or any other moniker de jour, they're all paid to bring the world's events into living rooms around the world. These are the men and women who capture the bleeding edge of history - as it happens. Written in a smooth, unique interview style, this book is a necessary read for photojournalists, videographers and tv photojournalists.

Pistol and Revolver Shooting Abraham Lincoln Artman Himmelwright, 1932

The Upland Shooting Life George Bird Evans, 1971 A basic shooting book by a writer-shooter who shares with his readers a lifetime of experience in the fields, the pines, the birches, the alder swamps, and the brushy borders, in pursuit of grouse, pheasant, woodcock, and other upland game.--Dustjacket.

Hints on Revolver Shooting Walter Winaus, 1904

Start Shooting Charlie Newton, 2012-01-10 “The best way I can describe the Four Corners neighborhood of Chicago is find a length of rebar, scratch a big cross into the concrete, set your feet solid in the quadrant you like best, lean back, and start shooting.” Officer Bobby Vargas is hard-edged but idealistic, a Chicago cop who stands at the epicenter of a subterranean plot that will have horrific ramifications for both himself and the entire city. Twenty-five years earlier, a gruesome murder rocked the unforgiving streets of Four Corners. Now, suddenly, a dying Chicago paper is running a serial exposé on new evidence in that old case, threatening to implicate Bobby and his older brother, Ruben—a decorated, high-ranking detective and cop- prince of the streets. The smear campaign stirs up decades-old bad blood, leading the Vargas brothers down an increasingly twisted and terrifying path, where the sins of the past threaten to destroy what remains of the truth. As readers and critics discovered in his first novel, Calumet City, Charlie Newton’s Chicago is a landscape as brutal and poignant as any in modern crime fiction—a multi-faceted, shockingly violent labyrinth of gangland politics, political backstabbing, corporate malfeasance, and, possibly, hope. Start Shooting is a riveting read.

Shooting Introduction

In the digital age, access to information has become easier than ever before. The ability to download Shooting has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Shooting has opened up a world of possibilities. Downloading Shooting provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Shooting has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Shooting. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Shooting. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Shooting, users should

also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Shooting has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Shooting Books

1. Where can I buy Shooting books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Shooting book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Shooting books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Shooting audiobooks, and where can I find them?

Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Shooting books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
