**Jump Shot** Tiki Barber,Ronde Barber,2013-11-05 The Barber brothers know their way around a football field—but can they succeed on the basketball court? Find out in this slam dunk with “lively basketball action and life lessons aplenty (Kirkus Reviews)” from NFL superstars and bestselling authors Tiki and Ronde Barber. *Fair Shot* Chris Hughes, 2018-02-20 ...deeply felt and cogently argued...Hughes makes a powerful case that deserves a respectful hearing. —The Financial Times Facebook co-founder Chris Hughes argues that the best way to fight income inequality is with a radically simple idea: a guaranteed income for working people, paid for by the one percent. The first half of Chris Hughes's life played like a movie reel right out of the "American Dream." He grew up in a small town in North Carolina. His parents were people of modest means, but he was accepted into an elite boarding school and then Harvard, both on scholarship. There, he met Mark Zuckerberg and Dustin Moskovitz and became one of the co-founders of Facebook. In telling his story, Hughes demonstrates the powerful role fortune and luck play in today's economy. Through the rocket ship rise of Facebook, Hughes came to understand how a select few can become ultra-wealthy nearly overnight. He believes the same forces that made Facebook possible have made it harder for everyone else in America to make ends meet. To help people who are struggling, Hughes proposes a simple, bold solution: a guaranteed income for working people, including unpaid caregivers and students, paid for by the one percent. The way Hughes sees it, a guaranteed income is the most powerful tool we have to combat poverty and stabilize America's middle class. Money—cold hard cash with no strings attached—gives people freedom, dignity, and the ability to climb the economic ladder. A guaranteed income for working people is the big idea that's missing in the national conversation. This book, grounded in Hughes's personal experience, will start a frank conversation about how we earn in modern America, how we can combat income inequality, and ultimately, how we can give everyone a fair shot.

If Jared Foster had a dollar for every time Banner Morales made his heart skip a beat—the heart everyone assumes is frozen over—he'd be richer than he already is. He's found success as a sports agent by always assuming no means I'll think about it. And he knows Banner's thinking about him. Her simmering anger? The way she puts him in his place? Foreplay. She thinks she's won the game, but they're just getting started. If Banner had a dollar for every time Jared broke her heart, she'd have exactly one dollar. One epic failure of a night.

After parting on such bad terms, Banner has no intention of ever giving Jared a second chance. She's found success in a field ruled by men like him. She's learned to call the shots and block them when she has to. So she'll ignore the way he makes her heart pound. Sure, he seems carved from her most private fantasies, but she can get past that. She's got her one dollar, and Jared won't have her.

And a slam-dunk case explodes. Soon Reacher is teamed with a young defense lawyer who is working against her D.A. father and dueling with a prosecution team that has an explosive secret of its own. Like most things Reacher has known in life, this case is a complex battlefield. But, as always, in battle, Reacher is at his best. Moving in the shadows, picking his spots, Reacher gets closer and closer to the unseen enemy who is pulling the strings. And for Reacher, the only way to take him down is to know his ruthlessness and respect his cunning and then match him shot for shot.
