Sing! Keith Getty, Kristyn Getty, 2017-09-01 Sing! has grown from Keith and Kristyn Getty's passion for congregational singing; it's been formed by their traveling and playing and listening and discussing and learning and teaching all over the world. And in writing it, they have five key aims: • to discover why we sing and the overwhelming joy and holy privilege that comes with singing • to consider how singing impacts our hearts and minds and all of our lives • to cultivate a culture of family singing in our daily home life • to equip our churches for wholeheartedly singing to the Lord and one another as an expression of unity • to inspire us to see congregational singing as a radical witness to the world They have also added a few "bonus tracks" at the end with some more practical suggestions for different groups who are more deeply involved with church singing. God intends for this compelling vision of His people singing—a people joyfully joining together in song with brothers and sisters around the world and around his heavenly throne—to include you. He wants you, he wants us, to sing.

Sing a Song Kelly Starling Lyons, 2019-08-06 Lyons delivers the history of a song that has inspired generations of African-Americans to persist and resist in the face of racism and systemic oppression. . . . A heartfelt history of a historic anthem.--Publishers Weekly Sing a song full of the faith that the dark past has taught us. Sing a song full of the hope that the present has brought us. In Jacksonville, Florida, two brothers, one of them the principal of a segregated, all-black school, wrote the song Lift Every Voice and Sing so his students could sing it for a tribute to Abraham Lincoln's birthday in 1900. From that moment on, the song has provided inspiration and solace for generations of Black families. Mothers and fathers passed it on to their children who sang it to their children and grandchildren. Known as the Black National Anthem, it has been sung during major moments of the Civil Rights Movement and at family gatherings and college graduations. Inspired by this song's enduring significance, Kelly Starling Lyons and Keith Mallett tell a story about the generations of families who gained hope and strength from the song's inspiring words. --A CCBC Choice --A Notable Social Studies Trade Book for Young People --An ALSC Notable Children's Book

How to Sing Luisa Tetrazzini, 2021-11-05 How to Sing by Luisa Tetrazzini was originally published in the 20th century and aimed to give concise but invaluable information about singing. Indeed, though singing can be considered a natural talent, there is logic and theory behind the art form. Thus, books like Tetrazzini's that could give tips and advice on the matter were always much appreciated among those who could not afford lessons on their own.

So You Want to Sing Jazz Jan Shapiro, 2015-12-17 Since the 1930s and '40s, jazz has stood tall in American popular music, drawing into its embrace not only great horn players, percussionists, guitarists, bassists, and pianists, but also some of the greatest singers in America's musical history. Jazz has laid the groundwork for important innovations in modern singing, opening up entirely new ways of delivering songs through what would eventually become jazz standards—songs that formed the basis of the American Songbook. In *So You Want to Sing Jazz*, singer and professor of voice Jan Shapiro gives a guided tour through the art and science of the jazz vocal style. Throughout, Shapiro hones in on what makes jazz singing distinctive, suggesting along the way how other types of singers can make use of jazz. She looks at such key matters in jazz singing as the role of improvisation, the place of specific singers who influenced and even defined vocal jazz as we know it today, and the unique way in which jazz incorporates vibrato, conversational delivery, rhythmic phrasing, and melodic embellishment and improvisation. The book includes guest-authored chapters by singing voice researchers Dr. Scott McCoy and Dr. Wendy LeBorgne. In *So You Want to Sing Jazz*, singers and voice teachers finally have the go-to resource they need for singing vocal jazz. The *So You Want to Sing* series is produced in partnership with the National Association of Teachers of Singing. Like all books in the series, *So You Want to Sing Jazz* features online supplemental material on the NATS website. This is a READ and DO book with 61 practical drills specifically designed to get fast unshakable results. So You Want to Sing Country Kelly K. Garner, 2016-10-27 Country music, an original American artform, has been around since before the recording industry began and long before a singer even had the opportunity to sing into a microphone. From the early beginnings in the hills of Appalachia, to the rise of Hank Williams, Patsy Cline, and the more recent megastars, including Garth Brooks and Carrie Underwood, country music has proven to have staying power. It is one of the most popular styles of music in the world today, garnering more sales and downloads currently than any other genre. Many talented individuals are aspiring to sing country music and are determined to turn it into a successful career. Because of this growing popularity, there is a need to educate interested singers with information and methods that will give them the best possible chance at either having a career as a artist, working in the industry as a background vocalist or session singer, or simply realizing their potential in country music. Kelly K. Garner's So You Want To Sing Country is a book devoted to briefly reviewing the rich heritage of country singing and thoroughly examining the techniques and methods of singing in a country style. Additional topics of discussion will include country song types and structure, instrumentation, performing on stage and in the studio, and career options in country music. Additional chapters by Scott McCoy and Wendy LeBorgne, and Matthew Edwards address universal questions of voice science and pedagogy, vocal health, and audio enhancement technology. The So You Want to Sing series is produced in partnership with the National Association of Teachers of Singing. Like all books in the series, So You Want to Sing Country features online supplemental material on the NATS website. How High Should Boys Sing? Dr Martin Ashley, 2013-01-28 'A boy sings...a beautiful thing' (www.boychoirs.org), but is it? What kinds of boy, singing what kinds of music and to whom? Martin Ashley presents a unique consideration of boys' singing that shows the high voice to be historically, culturally and physiologically more problematic even than is commonly assumed. Through Ashley's extensive conversations with young performers and analysis of their reception by 'peer audiences', the research reveals that the common supposition that 'boys don't want to sound like girls' is far from adequate in explaining the 'missing males' syndrome that can perplex choir directors. The book intertwines the study of singing with the study of identity to create a rich resource for musicians, scholars, teachers and all those concerned with young male involvement in music through singing. The conclusions of the book will challenge many attitudes and unconsidered positions through its argument that many boys actually want to sing but are discouraged by a failure of the adult world to understand the boy mind. Ashley intends the book to stand as an indictment of much complacency and myopia with regard to the young male voice. A substantial grant from the Arts and Humanities Research Council has enabled the production of a multi-media resource for schools, choirs and youth organizations called Boys Keep Singing. Based on the contents of this book, the resource shows how, once the interest of boys is captured in primary schools, their singing can be sustained and developed through the difficult but vital early secondary years of ages 11 - 14, about which this book says so much. The resource is lavishly illustrated by short films of boys singing, supported by interviews with boys and their teachers, and a wealth of of animated diagrams and cartoons. It is available to schools and organizations involved in musical education through registration at www.boys-keep-singing.com.
