Sirius Jay B. Holberg,2007-02-22 This book tells two stories. The first and most obvious is why the star known as Sirius has been regarded as an important fixture of the night sky by many civilizations and cultures since the beginnings of history. A second, but related, narrative is the prominent part that Sirius has played in how we came to achieve our current scientific understanding of the nature and fate of the stars. This is the first book to integrate the cultural history of Sirius with modern astrophysics in a way which provides a realistic view of how science progresses over time.

Bevelations Bevy Smith,2021-01-12 Bevy knows what's what, and she is the kind of woman you want in your corner. If you don't believe me . . . buy the book. —Whoopi Goldberg Funny, wise, well-experienced, empathetic, colorful—Bevy brings the spirit of humanity wherever she goes. —Pharrell Williams From the host of the fabulous and popular show Bevelations on SiriusXM's Radio Andy channel, Bevy Smith's irreverent and inspiring memoir about learning to live a big, authentic, and unapologetic life—and how you can, too Bevy Smith was living what seemed like a glamorous dream as a fashion advertising executive, blazing a lucrative career for herself in the whitewashed magazine world. She jetsetted to Europe for fashion shows, dined and danced at every hot spot, and enjoyed a mighty roster of lovers. So it came as quite a shock to Bevy when one day, after arriving at her luxury hotel in Milan, she collapsed on the Frette bedsheets and sobbed. Years of rolling with the in-crowd had taken its toll. Her satisfaction with work and life had hit rock bottom. But Bevy could not be defeated, and within minutes (okay, days) she grabbed a notepad and started realizing a truer path—one built on self-reflection and, ultimately, clarity. She figured out how to redirect her life toward meaningful creativity and freedom. In her signature lively and infectious voice (there's no one like Bevy!), Bevelations candidly shares how she reclaimed her life's course and shows how we too can manifest our most bodacious dreams. From repossessing her bold childhood nature to becoming her own brand to envisioning her life's next great destination (which will feature natural hair, important charitable giving, and a midcentury house overlooking the Pacific Ocean), Bevy invites readers along on the route of her personal transformation to reveal how each of us can live our best lives with honesty, joy, and, when we're in the mood, a killer pair of shoes.

The Decade That Rocked Mark Weiss, Richard Bienstock, 2020-06-02 "I have read pretty much every rock 'n' roll biography there is worth reading, and you never know what to expect when you pick up a new book. Well, let me tell you Mark Weiss has raised the bar for rock 'n' roll books with *The Decade That Rocked*. Mark has always been at the top of his field, and the level of detail and quality put into this book is the ultimate testament to his rock n' roll photographic legacy." – Sebastian Bach "Mark is the real deal. He may not play the guitar, but that camera is his guitar. He's a rockstar." – Gene Simmons Mark's energy, his creativity, his drive, his positive attitude and his enthusiasm that make him one of the legends of rock photography. It's why his work—both old and new—is still so in demand today. Mark Weiss inspires greatness in all he turns his camera lens on. But don't take my word for it. Just look at the pictures in this book. – Dee Snider "His pictures say as much as the music" – Rob Halford "He was one of the guys. He wasn't one of the 18 photographers you'd work with that day." – Alice Cooper "He had that instinct, to recognize our energy and use his technical talent to capture it." – Joe Perry "The Decade That Rocked breaches a level of intimacy that so many music photographers are lacking today. Each and every photo exemplifies the trust and the synergy between photographer and subject. You can feel the essence of the music in the live shots, just as vibrantly as you can feel the spirit and the essence of the musicians behind the scenes." – Screamer Magazine Mark "Weissguy" Weiss set an unmatched standard for rock photography. Starting out as a teenager by sneaking into concerts with a neighbor's 35mm camera, he embarked on a legendary career that took him around the globe and onto some of the most memorable album and magazine covers in rock history- featuring the likes of Van Halen, Ozzy Osbourne, Aerosmith, and Mötley Crüe to Metallica, Guns N' Roses, Bon Jovi, and KISS, and so many more. With 700+ photos, brand new interviews, and stories from Mark himself, *Decade that Rocked* is a monument to the photography, friendships, and legacy of an artist that helped define one of rock's most iconic eras. This career-spanning collection features: A unique lens on the golden age of rock: Never-before or rarely seen photos of legends like Van Halen, Ozzy Osbourne, Aerosmith, and Mötley Crüe to Metallica, Guns N'

Roses, Bon Jovi, and KISS, as well as countless others whose sound and image defined the era. Exclusive interviews: Ozzy Osbourne, Dee Snider, Nikki Sixx, Joe Perry, Rob Halford, and many more recall their memories of this era-defining decade. Untold Stories: Relive Mark's unbelievable journey through rock history, from getting arrested for selling photos outside of Kiss concert to touring with legends like Van Halen, to photographing Bon Jovi's infamous "Slippery When Wet" shoot, shooting backstage at Live Aid with Black Sabbath, and so many more. Definitive Lens: Creem magazine readers ranked Mark Weiss as rock's top photographer of the 80s. His work has appeared on some of the most iconic album and magazine covers of all time. Captured from the unique vantage point of a photographer who lived and breathed the '80s in all its grit and glory, *The Decade That Rocked* brings to life the no-holds-barred sounds and sights that changed the world of hard rock and metal forever.

Driving Identities Ken McLeod, 2020-04-30 *Driving Identities* examines long-standing connections between popular music and the automotive industry and how this relationship has helped to construct and reflect various socio-cultural identities. It also challenges common assumptions regarding the divergences between industry and art, and reveals how music and sound are used to suture the putative divide between human and non-human. This book is a ground-breaking inquiry into the relationship between popular music and automobiles, and into the mutual aesthetic and stylistic influences that have historically left their mark on both industries. Shaped by new historicism and cultural criticism, and by methodologies adapted from gender, LGBTQ+, and African-American studies, it makes an important contribution to understanding the complex and interconnected nature of identity and cultural formation. In its interdisciplinary approach, melding aspects of ethnomusicology, sociology, sound studies, and business studies, it pushes musicological scholarship into a new consideration and awareness of the complexity of identity construction and of influences that inform our musical culture. The volume also provides analyses of the confluences and coactions of popular music and automotive products to highlight the mutual influences on their respective aesthetic and technical evolutions. *Driving Identities* is aimed at both academics and enthusiasts of automotive culture, popular music, and cultural studies in general. It is accompanied by an extensive online database appendix of car-themed pop recordings and sheet music, searchable by year, artist, and title.

Dr. Laura asserts that in order to produce and sustain a wonderfully satisfying marriage, spouses must recognize and appreciate the polarity between the masculine and the feminine. Both husband and wife have power in the relationship, and each needs to realize this in order to ensure personal satisfaction. Using real-life examples from her call-in radio show, and giving real-life solutions, Dr. Laura focuses on the typical mistakes made by men and women in their relationships and shows how marriages can not only survive but thrive.

Sirius Matters Noah Brosch,2008-05-24 Since very early times Sirius was a point of attraction in the night sky. It served to synchronize calendars in antiquity and was the subject of many myths and legends, including some modern ones. It was perceived as a red star for more than 400 years, but such reports were relegated to the Mediterranean region. Astronomically, Sirius is a very bright star. This, and its present close distance to us, argues in favor of it being the target of detailed studies of stellar structure and evolution. Its binary nature, with a companion that is one of the more massive white dwarfs, is an additional reason for such studies. This book collects the published information on Sirius in an attempt to derive a coherent picture of how this system came to look as it does.

The Sirius Mystery Robert K. G. Temple,1976

The End of White Politics Zerlina Maxwell,2020-07-07 An MSNBC political analyst and former Hillary Clinton staffer examines the past and present problems of the Left—and makes a compelling case for how to take back our government and secure a better future for America. In the entire history of the United States of America, we've never elected a woman as our president. And we've only had one president who was not a white man. After working on two presidential campaigns (for Barack Obama and Hillary Clinton), MSNBC political analyst and SiriusXM host Zerlina Maxwell gained first-hand knowledge of everything liberals have been doing right over the past few elections-and everything they are still doing wrong. Ultimately, these errors worked in President Donald Trump's favor in 2016; he effectively ran a campaign on white identity politics, successfully tapping into white male angst and resistance. In 2020, after the Democratic Party's most historically diverse pool of presidential candidates finally dwindled down to Joe Biden, once again an older white man, Maxwell has posed the ultimate question: what now, liberals? Fueled by Maxwell's trademark wit and candor, *The End of White Politics* dismantles the past and present problems of the Left, challenging everyone from scrappy, young Bernie Bros to seasoned power players in the Billionaire Boys' Club. No topic is taboo; whether tackling the white privilege that enabled Mayor Pete Buttigieg's presidential run, the controversial #HashtagActivism of the Millennial generation, the massive individual donations that sway politicians toward maintaining the status quo of income inequality, or the lingering racism that debilitated some Democratic presidential contenders and cut their promising campaigns short, Maxwell pulls no punches in her fierce critique. However, underlying all of these individual issues, Maxwell argues that it's the liberal-minded party's struggle to engage women and communities of

color-and its preoccupation with catering to the white, male working class—that threatens to be its most lethal shortfall. The times—and the demographics—are changing, and in order for progressive politics to prevail, we must acknowledge our shortcomings, take ownership of our flaws, and do everything in our power to level the playing field for all Americans. The End of White Politics shows exactly how and why progressives can lean into identity politics, empowering marginalized groups, and uniting under a common vision that will benefit us all. ***TIME, 100 Must-Read Books of 2020!*** Witty and piercing. —TIME
