Dividing Lines J. Mills Thornton, 2002-09-25 In all three cities, the white municipal leadership, which had previously been united and intractable, experienced deep divisions, creating the indispensable window that permitted the resistance movements. *Dividing Lines* shows that the action campaigns in three southern cities that mobilized black resistance to segregation and disfranchisement grew directly from specific events of municipal politics in those cities.--BOOK JACKET.

Secret Society Stuart R. West, 2018-08-10 Leon Garber has his reasons for ridding the world of abusive people. Opportunity comes knocking from Like-Minded Individuals, Inc., a global company fulfilling the needs of clients: new identities, security, and even lists of potential "projects." But let's not call it "serial killing" (such a nasty term). However, LMI has put a target on Leon's back and the police, sanctioned hit men, and a vicious psychopath are after Leon. Heads are chopped, dropped, and swapped as Leon fights for his life. But nothing will keep him from finishing his current project. Not even the chance to fall in love.

Hurricane Shoes and Other Stories Kristie

Smeltzer, 2015-04-06 *Hurricane Shoes and Other Stories* is a collection of short stories that center on evolving and devolving relationships. The characters in these stories form tentative bonds with people in their lives while other relationships slip away. In *Hurricane Shoes*, Katrina attempts to reinvent herself by ending an

affair. Katrina's pregnancy and her mother's cancer pull the two women closer. *Da's Violets* is about Cheryl's changing relationship with her father. Just as he moves on from the wife who left him for her podiatrist, the wife returns with hopes to reconcile. These stories catch characters in moments when they must make difficult choices and endure the uncertainties and ambiguities of relationships. In *Lady Luck*, Laurel is a cocaine addict and alcoholic on the verge of finalizing a divorce. She propositions a young man named River to exchange sex for money. River turns the table, and offers Laurel a deal where she'll have all the money and drugs she wants, as long as she helps him transport cocaine. *Bridges* is a coming of age story in which Linda and Kristin have a close call with a train, and Linda matures as she realizes love has limits. The catalyst for changing relationships is sometimes an exchange between characters. In *Special Son*, Mark's father is dying of cancer. The father asks his son to take special care of his mother, and Mark needs his father to finally acknowledge Mark's sexuality. In *Swim or Sink*, Doreen befriends her campground neighbor, Michael McBride. McBride has been living at the campground since he left his cheating wife, and he offers Doreen insight when she discovers her husband's infidelity. Together the stories function as a mosaic—each very different, but a complement to the others in forming a larger portrayal of relationships.

Delivering Quality Healthcare for People With Disability

Suzanne C. Smeltzer, 2021-01-18 Disability is a universal aspect of the human experience. It will affect all of us, either directly or indirectly, at some point in our lives. Healthcare professionals frequently provide care for and communicate with people who have disability. Many care providers have acknowledged that additional education would help them deliver optimal evidence-based care. The educational gap has broad implications and repercussions for the care of this population. *Delivering Quality Healthcare for People With Disability* provides a road map for nurses, nursing students, and other healthcare professionals to

deliver quality healthcare for individuals with dis-ability. From social determinants of health to disability models to an understanding of different types of disability, author Suzanne Smeltzer helps nurses take the lead in redefining education and addressing the needs of people with disability.

Dear Woman of My Dreams Lois Kathryn Herr,2016-05-17 *Dear Woman of My Dreams* is Kathryn's 1923 diary, covering her nineteenth year. This coming-of-age story is told in her own words as she goes about her daily life at college with her friends and with her mother and grandmother at home. She writes to the woman that she sees as herself in later years, and the book closes with a brief chapter based on letters and the diary Kathryn wrote when she was one hundred years old. All this has been creatively edited by her daughter to include enough material for the reader to follow both the cross-country train trip that Kathryn and her grandmother took in the summer of 1923 and the various details of time and place that one would not necessarily find in a diary. Illustrations and references link four generations of strong women, and the work is based on an extensive family archive. This is the first in a series of stories based on the women of this family.

The Visionary Brand Bryan Smeltzer,2022-02-08 *The Visionary Brand* In my new book, *The Visionary Brand*, I explore how brands become Visionary, and how they sustain this success for

generations. Through both my direct experience with these brands, along with extensive research, I have been able to define the formula for realizing Visionary status. Although I have found no one brand is truly the ultimate Visionary, many are close, and you discover why these great brands are missing one or many ingredients to becoming truly Visionary. What makes a brand truly Visionary? Product, Innovation, Culture, Marketing? It is a harmonious blending of product, marketing, and passionate culture. Along with a visionary who establishes and commits themselves and the brand to ageless foundational principles. What formula has sustained iconic brands such as; Apple, Nike, Adidas, and allowed them to maintain their vision and brand ETHOS for generations? How does one brand lose its premium status, while others thrive from generation to generation? The Visionary Brand explores the core of these generational companies, and how they have evolved to become visionaries. This definitive guide to preserving authentic success through identifying, protecting, and nurturing the brand's core foundational principles will be a timeless leadership resource. Both professionally and personally, serving a purpose from start-up through established category leaders. Most brands at some point lose sight of their vision or have not established their brand core ETHOS. The Visionary Brand will revitalize those who are not yet evangelizing their brand's values and principles, along with guiding those who have yet to define their foundation. To succeed, you must understand who you are, what value you are providing, where you are positioning, and how to engage with your loyal community and brand team. From aspirational, real-life scenarios, to inspirational guidance, The Visionary Brand will provide ongoing support to successfully drive your brand forward. The Visionary Brand outlines the independent elements to emulating and successfully executing this foundational strategy. * Define your vision and build a Foundational Principles platform. * Stick to your vision while capturing global market share from your competitors. * Create a

continuous Pipeline of Innovation. * Establish a Culture of Passionate followers. * Engage, and build Loyalty. * Embrace the changing tide of the new age adoption curve. * Be an Artist, be yourself, and instill the courage to accomplish your Vision. There may be Visionary brands, but no one company exists as The Visionary Brand, while some have most, none have all. I sincerely hope you enjoy the book and find its content useful in your Journey to becoming Visionary! Sincerely, Bryan Smeltzer, Author, The Visionary Brand

Lift Up Your Voice Like a Trumpet Michael B.

Friedland, 2000-11-09 When the Supreme Court declared in 1954 that segregated public schools were unconstitutional, the highest echelons of Protestant, Catholic, and Jewish religious organizations enthusiastically supported the ruling, and black civil rights workers expected and actively sought the cooperation of their white religious cohorts. Many white southern clergy, however, were outspoken in their defense of segregation, and even those who supported integration were wary of risking their positions by urging parishioners to act on their avowed religious beliefs in a common humanity. Those who did so found themselves abandoned by friends, attacked by white supremacists, and often driven from their communities. Michael Friedland here offers a collective biography of several southern and nationally known white religious leaders who did step forward to join the major social protest movements of the mid-twentieth century, lending their support first to the civil rights movement and later to protests over American involvement in Vietnam. Profiling such activists as William Sloane Coffin Jr., Daniel and Philip Berrigan, Abraham Joshua Heschel, Eugene Carson Blake, Robert McAfee Brown, and Will D. Campbell, he reveals the passions and commitment behind their involvement in these protests and places

their actions in the context of a burgeoning ecumenical movement.
