**The Respectability of Late Victorian Workers** Charles Walter Masters, 2010-09-13 This study of the working classes of York in the late Victorian period places respectability at the heart of the interpretation of working-class culture, drawing attention to its distinctive role within working-class daily life while eschewing a class-based analysis. Through an investigation of workers' actions, choice-making and personal testimony, and using a wide range of textual and non-textual sources, a picture is produced of what it meant to be respectable in working-class communities and respectability's role in personal and community identity formation. Not only is the importance of gender-based notions of the male breadwinner and female homemaker explored, but fresh light is cast on how respectability was engaged with and negotiated in everyday contexts. Respectability is shown to be a dynamic and culturally creative process with workers building their identities within the confines of "structural" constraints, including street

and neighbourhood based mores and institutions, but with a measure of self-generated cultural, social and organisational space. Far from respectability being a function of socio-economic differentiation, even the poorest are shown to have aspired to join self-help organisations and become worthy citizens. Crucially, "working-class respectability" is shown to have been moral and Christian in character—underpinned by a form of diffusive Christianity that was robust and vital rather than some kind of legacy cultural and religious phenomenon. Although different attributes of respectability could be prioritised within working-class circles, respectability is seen as a distinctive and essentially pan-class culture centred on a set of universal values which distinguished and defined the respectable citizen and separated him from imagined or real rough "Others." This study will appeal to readers interested in social and cultural history, gender studies and material culture. York inhabitants are given their own voice through hitherto unpublished, as well as published, oral and written testimony. Worker and family attitudes are analysed in the everyday contexts of work, home, neighbourhood and leisure, and as part of the wide-ranging discussion, attention is paid to the cultural significance of what working people ate and wore, and what goods they bought to furnish their often very modest homes. The emphasis throughout is on a "grass-roots" analysis, showing clearly how and why respectability answered the needs and aspirations of most ordinary Victorian and Edwardian workers and their families.

**Tales From the Allotments** William Forde,2016-12-18 'Tales from the Allotments' is my favourite story that I have ever written from the 50+ books I've had published. It is suitable reading for any teenager and adult. Although set in the 19th and early 20th centuries, it is a timeless story that is just as relevant today as it was 150 years ago. It tells the story of a mining village where the local pit is the sole employer. The pit is closed down and the miners are made redundant. Many of the villagers move in search of new homes and jobs, but the families of 18 miners who own an allotment refuse to leave their homes and village. After months and years of unemployment, increased poverty and the onset of hopelessness, all 18 ex-miners begin to work their allotment plot which become their saviour and provides them with a new purpose in life as well as fresh produce for their family tables. My dearly deceased father, Paddy Forde was an ex-miner in West Yorkshire and I rededicate this story to his memory.

**The Yorkshire Pudding Club** Milly Johnson, 2008-10-15 From the Sunday Times bestseller comes a heartwarming and uplifting story of how three women find themselves empowered by unexpected pregnancies 'Every time you discover a new Milly book, it's like finding a pot of gold' heat Three South Yorkshire friends, all on the cusp of 40, fall pregnant at the same time following a visit to an ancient fertility symbol. For Helen, it's a dream come true, although her husband is not as thrilled about it as she had hoped. Not only wrestling with painful ghosts of the past, Helen has to deal with the fact that her outwardly perfect marriage is crumbling before her eyes. For Janey,

it is an unmitigated disaster as she has just been offered the career break of a life-time. And she has no idea either how it could possibly have happened, seeing as she and her ecstatic husband George were always so careful over contraception. For Elizabeth, it is mind-numbing, because she knows people like her shouldn't have children. Damaged by her dysfunctional childhood and emotionally lost, she not only has to contend with carrying a child she doubts she can ever love, but she also has to deal with the return to her life of a man whose love she must deny herself. Praise for Milly Johnson: 'A glorious, heartfelt novel' Rowan Coleman 'Absolutely loved it. Milly's writing is like getting a big hug with just the right amount of bite underneath. I was rooting for Bonnie from the start' Jane Fallon 'Bursting with warmth and joie de vivre' Jill Mansell 'Warm, optimistic and romantic' Katie Fforde

**You: For Sale** Stuart Sumner, 2015-08-20 Everything we do online, and increasingly in the real world, is tracked, logged, analyzed, and often packaged and sold on to the highest bidder. Every time you visit a website, use a credit card, drive on the freeway, or go past a CCTV camera, you are logged and tracked. Every day billions of people choose to share their details on social media, which are then sold to advertisers. The Edward Snowden revelations that governments - including those of the US and UK - have been snooping on their citizens, have rocked the world. But nobody seems to realize that this has already been happening for years, with firms such as Google capturing everything you type into a browser and selling it to the highest bidder. Apps take information about where you go, and your contact book details, harvest them and sell them on - and people just click the EULA without caring. No one is revealing the dirty secret that is the tech firms harvesting customers' personal data and selling it for vast profits - and people are totally unaware of the dangers. **You: For Sale** is for anyone who is concerned about what corporate and government invasion of privacy means now and down the road. The book sets the scene by spelling out exactly what most

users of the Internet and smart phones are exposing themselves to via commonly used sites and apps such as facebook and Google, and then tells you what you can do to protect yourself. The book also covers legal and government issues as well as future trends. With interviews of leading security experts, black market data traders, law enforcement and privacy groups, You: For Sale will help you view your personal data in a new light, and understand both its value, and its danger. Provides a clear picture of how companies and governments harvest and use personal data every time someone logs on Describes exactly what these firms do with the data once they have it – and what you can do to stop it Learn about the dangers of unwittingly releasing private data to tech firms, including interviews with top security experts, black market data traders, law enforcement and privacy groups Understand the legal information and future trends that make this one of the most important issues today

*Tales From the Country Matchmaker* Patricia Warren,2011-09-29 Since she founded the Farmers' and Country Bureau from her farmhouse in the Peak District more than twenty years ago, Patricia has been helping love blossom the length and breadth of rural England. She has hundreds of marriages to her credit and numerous babies, including one set of quads. A born matchmaker whose warmth, patience and humour have literally changed the lives of hundreds of people, here she brings us the stories of love and romance that she has helped to create. Of course love isn't always on the cards for her clients. Take George, who wouldn't leave his lady friend until she'd finished knitting his jumper. Or the pig farmer who omitted to take a shower. But for the truly romantic take Harry, the poetry writing farmer who found his perfect match just when he'd given up hope. Patricia Warren's tales are pure delight - and a heartening reminder that there really can be a 'happy ever after'.
