A Field Guide to Snow Matthew Sturm, 2020-12-15 People love snow. They love to ski and sled on it, snowshoe through it, and watch it fall from the sky. They love the way it blankets a landscape, making it look tranquil and beautiful. Few people, however, know how snow works. What makes it possible for us to slip and slide over, whether that's falling on sidewalks or skiing down a mountain? What makes it cling to branches and street signs? What qualities of snow lead to avalanches? In *A Field Guide to Snow*, veteran snow scientist Matthew Sturm answers those questions and more. Drawing on decades of study, he explains in clear and simple ways how and why snow works the way it does. The perfect companion a ski trip or a hike in the snowy woods, *A Field Guide to Snow* will give you a new appreciation for the science behind snow's beauty.

Snow Thelma Harrington Bell, 1954 Simple explanation of snowflakes, frost, rime, glaze, sleet and hail.

Snow, Snow Jane Yolen, 2005-01-01 Jane Yolen's wintry, shivery poems are inspired by the stunning photographs of Jason Stemple, who has captured the images of snow in all its breathtaking beauty. After children enjoy these poems and pictures, they will look at snow in a different way --with their imaginations as well as your eyes.

Snow Uri Shulevitz, 1999 The boy with the dog watched the snow come down one flake at a time. He watched it build until the city was covered with snow and was full with awe.

Big Snow Jonathan Bean, 2013-09-24 While helping his mother with holiday housecleaning, a boy keeps a watchful eye on the progress of a winter storm. He's hoping for a big snow. A really big snow. Inside, he is underfoot, turning sheet-changing and tub-scrubbing into imaginary whiteouts. Outside, flakes are flying. But over the course of a long day (for Mom) the clouds seem slow on delivering a serious snowfall. Then comes a dreamy naptime adventure, marking just the beginning of high hopes coming true in this irresistible seasonal story.

Tracks in the Snow Wong Herbert Yee, 2003-10 A little girl investigates tracks in the snow, trying to determine what could have made them.

Snow Country, 1998 In the 87 issues of *Snow Country* published between 1988 and 1999, the reader can find the defining coverage of mountain resorts, ski technique and equipment, racing, cross-country touring, and the growing sport of snowboarding during a period of radical change. The award-winning magazine of mountain sports and living tracks the environmental impact of ski area development, and people moving to the mountains to work and live.

Snow Elizabeth Miles, 2005 Explains what creates snow, where snow falls, and how weather can affect your life.

Snow-bound John Greenleaf Whittier, 1868

It's Snowing! It's Snowing! Jack Prelutsky, 2006-02-28 It's winter! The trees are bare, the days are short, and the first sparkling snowflakes are falling from the sky. Master of rhyme Jack Prelutsky creates a flurry of winter verse, just right for ushering in the season of ice and snow. Lively, warmth-filled illustrations by Yossi Abolafia enhance these sixteen delightful poems.

Cover of Snow Jenny Milchman, 2013-12-31 WINNER OF THE MARY HIGGINS CLARK AWARD Jenny Milchman's *Cover of Snow* is a remarkable debut, a gripping tale of suspense in the tradition of Gillian Flynn, Chris Bohjalian, and Nancy Pickard. Waking up one wintry morning in her old farmhouse nestled in the Adirondack Mountains of New York, Nora Hamilton instantly knows that something is wrong. When her fog of sleep clears, she finds her world is suddenly, irretrievably shattered: Her husband, Brendan, has committed suicide. The first few hours following Nora's devastating discovery pass for her in a blur of numbness and disbelief. Then, a disturbing awareness slowly settles in: Brendan left no note and gave no indication that he was contemplating taking his own life. Why would a rock-solid police officer with unwavering affection for his wife, job, and quaint hometown suddenly choose to end it all? Having spent a lifetime avoiding hard truths, Nora must now start facing them. Unraveling her late husband's final days, Nora searches for an explanation—but finds a bewildering resistance from Brendan's best friend and partner, his fellow police officers, and his brittle mother. It quickly becomes clear to Nora that she is asking questions no one wants to answer. For beneath the soft cover of snow lies a powerful conspiracy that will stop at nothing to keep its presence unknown . . . and its darkest secrets hidden. Praise for *Cover of Snow* "Well-defined characters take us on an emotional roller-coaster ride through the darkest night, with blinding twists and occasionally fatal turns. This is a richly woven story that not only looks at the devastating effects of suicide but also examines life in a small town and explores the complexity of marriage. Fans of Nancy Pickard, Margaret Maron, and C. J. Box will be delighted to find this new author."—Booklist (starred review) "Milchman reveals an intimate knowledge of the psychology of grief, along with a painterly gift for converting frozen feelings into scenes of a forbidding winter landscape."—The New York Times "Milchman makes [readers] feel the chill right down to their bones and casts a particularly effective mood in this stylish thriller."—Kirkus Reviews "Milchman tackles small-town angst where evil can simmer under the surface with a breathless energy and a feel for realistic characters."—The Seattle Times "The plot unfolds at an excellent clip . . . ultimately rushing headlong to a series of startling revelations."—San Francisco Journal of Books "Milchman expertly conveys Nora's grief in a way that will warm hearts even in the dead of a Wedeskyull winter."—Publishers Weekly (starred review)

Recovery of Snow-bent Young Western Larch Wyman C. Schmidt, 1979 This paper illustrates how much, how long it takes, and the method in which young western larch responds to snow bend. A 13-year-old vigorous larch stand was

flattened by a heavy, wet snow in June 1966 in northwestern Montana. We recorded photographically how two different crown classes (dominant and nondominant) of young larch subjected to four levels of snow beud (slight to severe) recuperated during the 11-year period following damage. The vigorous condition of the supple young larch contributed greatly to their remarkable recover.

Dashing Through the Snow Mary Higgins Clark,Carol Higgins Clark,2010-02-18 In the picturesque village of Branscombe, New Hampshire, the townsfolk are preparing for the annual Festival of Joy. With preparations in full swing, a group of employees at the local market, recently cheated out of their Christmas bonus by their boss's new wife, learn that they have won \$180 million in the lottery. On the advice of a pair of crooks masquerading as financial advisers, one of their co-workers, Duncan, decided at the last minute not to play. He goes missing and the next day his girlfriend Flower also disappears. A second winning lottery ticket was purchased in the next town but the winner hasn't come forward. Could Duncan have secretly bought it? The Clarks' endearing heroes - Alvirah Meehan, the amateur sleuth, and private investigator Regan Reilly - have arrived in Branscombe for the festival. Alvirah and Regan are just the people to find out what is amiss. As they dig beneath the surface, they find that life in Branscombe is not as tranquil as it appears. So much for an old-fashioned weekend in the country ...
