American Heritage Book of Great American Speeches for Young People Suzanne McIntire,2002-07-15 The history of the United States has been characterized by fervent idealism, intense struggle, and radical change. And for every critical, defining moment in American history, there were those whose impassioned voices rang out, clear and true, and whose words compelled the minds and hearts of all who heard them. When Patrick Henry declared, Give me liberty, or give me death!, when Martin Luther King Jr. said, I have a dream, Americans listened and were profoundly affected. These speeches stand today as testaments to this great nation made up of individuals with bold ideas and unshakeable convictions. The American Heritage Book of Great American Speeches for Young People includes over 100 speeches by founding fathers, patriots, Native American and African American leaders, abolitionists, women's suffrage and labor activists, writers, athletes, and others from all walks of life, featuring inspiring and unforgettable speeches by such notable speakers as: Patrick Henry * Thomas Jefferson * Tecumseh * Frederick Douglass * Sojourner Truth * Abraham Lincoln * Susan B. Anthony * Mother Jones * Lou Gehrig * Franklin D. Roosevelt * Albert Einstein * Pearl S. Buck * Langston Hughes * John F. Kennedy * Martin Luther King Jr. These are the voices that shaped our history. They are powerful, moving, and, above all else, uniquely American.

Lend Me Your Ears William Safire,1997 William Safire's invaluable and immensely entertaining *Lend Me Your Ears* established itself instantly as a classic treasury of the greatest speeches in human history. Selected with the instincts of a great speechwriter and language maven, arranged by theme and occasion, each deftly introduced and placed in context, the more than two hundred speeches in this compilation demonstrate the enduring power of human eloquence to inspire, to uplift, and to motivate. For this expanded edition Safire has selected more than twenty new speeches by such figures as President Bill Clinton, Senator Robert Dole, General Colin Powell, Microsoft's Bill Gates, the Dalai Lama, Edward R. Murrow, Alistair Cooke, the Buddha, and the late Israeli Prime Minister Yitzhak Rabin. They prove that even in a digital age the most forceful medium of communication is still the human voice speaking directly to the mind, heart, and soul.

American History through Its Greatest Speeches [3 volumes] Jolyon P. Girard,Darryl Mace,Courtney Michelle Smith,2016-12-05 What did America's greatest orators say regarding significant issues and concerns throughout United States history? This three-volume set examines hundreds of the most historically significant speeches from colonial times to the modern era, allowing readers to consider exactly what the speakers said—and to better understand the motivations behind each speech as well as the effect on the audiences that heard them. This essential reference work presents the most important and historically significant speeches delivered since colonial times, providing in essence a documentary history of the United States through these public utterances. Readers can witness American history unfold firsthand through these stirring and at times controversial speeches—from Patrick Henry's fiery words calling for an American revolution, through the words of the 19th-century abolitionists and Lincoln's immortal Gettysburg Address, and up through the 20th century with President Wilson's famous Fourteen Points, FDR reminding Americans that the only thing they had to fear was fear itself, and George W. Bush responding to the attacks of September 11. For students, teachers, librarians, and general readers, this indispensable work provides essential reference resources on the speeches of great significance in American history. Each speech is prefaced by a contextual headnote that provides essential background information and specific details about the speech. This three-volume set also includes a timeline, a historical review of each era, biographical sketches of each speaker, and anecdotal sidebars containing additional information about the speech or speakers.

Undelivered Jeff Nussbaum,2022-05-10 A fascinating insight into notable speeches that were never delivered, showing what could have been if history had gone down a different path For almost every delivered speech, there exists an undelivered opposite. These second speeches provide alternative histories of what could have been if not for schedule changes, changes of heart, or momentous turns of events. In *Undelivered*, political speechwriter Jeff Nussbaum presents the most notable speeches the public never heard, from Dwight Eisenhower's apology for a D-Day failure to Richard Nixon's refusal to resign the presidency, and even Hillary Clinton's acceptance for a 2016 victory—the latter never seen until now. Examining the content of these speeches and the context of the historic moments that almost came to be, Nussbaum considers not only what they tell us about the past but also what they can inform us about our present.
