What he found has been documented by history: rampant fraud, intimidation, and murder. Twelve-year-old Lucky Prescott craves adventure, but as a young lady of society she's only been allowed to experience adventure through books. That is, until one fateful

day when Lucky, her father, and her aunt leave their neat-and-tidy city life and travel to their new home out west-the Wild West. At first Lucky is excited, but during the long train ride to her new hometown of Miradero, she begins to worry. What if she doesn't make any new friends? Everyone in the West rides horses, but she's never been allowed to even sit on one. How can she possibly fit in? Anxious about the future, Lucky looks out the train window and sees a majestic wild stallion. When their eyes meet, she senses a connection. But when the stallion is caught by wranglers, Lucky's heart breaks. And when she next sees the stallion, he's tied to a post, refusing to be broken in. Spirit Riding Free: The Adventure Begins is the story of a girl and a wild horse, equally out of place in a strange, new world, but equally fierce and brave. With each other to lean on, will these two free spirits be able to find a home together? DreamWorks Spirit Riding Free © 2017 DreamWorks Animation LLC. All Rights Reserved.

The Mind Possessed Emma Cohen,2007-08-09 The cognitive science of religion has made a persuasive case for the view that a number of different psychological systems are involved in the construction and transmission of notions of extranatural agency such as deities and spirits. Until now this work has been based largely on findings in experimental psychology, illustrated mainly with hypothetical or anecdotal examples. In The Mind Possessed, Emma Cohen considers how the psychological systems undergirding spirit concepts are activated in real-world settings. Spirit possession practices have long had a magnetizing effect on academic researchers but there have been few, if any, satisfactory theoretical treatments of spirit possession that attempt to account for its emergence and spread globally. Drawing on ethnographic data collected during eighteen months of fieldwork in Belém, northern Brazil, Cohen combines fine-grained descriptions and analyses of mediumistic activities in an Afro-Brazilian cult house with a scientifically-grounded explanation for the emergence and spread of ideas about spirits, possession and healing. Cohen shows why spirit possession and its associated activities are inherently attention-grabbing. Making a radical departure from traditional anthropological, medicalist and sociological analyses, she argues that a cognitive approach offers more precise and testable hypotheses concerning the spread and appeal of spirit concepts and possession activities. This timely book presents new lines of enquiry for the cognitive science of religion (a rapidly growing field of interdisciplinary scholarship) and challenges the theoretical frameworks within which spirit possession practices have traditionally been understood.

The Spirit World Talks to Us Brian Foster,2016-11-26 The spirit world is talking to us ... each and every one of us. Most of us are unaware of the subtle signals and soft voices that draw us to listen to our conscience. But they are there, ever hopeful that we may discover the truth about our sojourn on this blue planet. Occasionally, some of us are drawn up and out and given detailed information and in some cases - instructions. Spirit mentors, people like us, but now on the other side - the reality - are pulling for our successful education in the campus of earth. These lucky few are given a timeout. They were summoned from the classroom and given a dose of their true state - who they are, why they are here, what they are supposed to learn, and in some cases, their specific mission. The spirit world, led by the Supreme Intelligence, the Divinity, God, or the Matrix - whatever name you wish to call it - is guiding us. Actively. Precisely. With compassion and love. The spirit realm fully realizes our new found methods of social interaction and expects those who are exposed to the revelations to share them. The twelve experiences, not only unalterably changed those who lived them, but brought back knowledge for all of us. The experiences reviewed in this book layout exciting disclosures about the spirit world and ours. We are told about heaven, the different spiritual zones around the earth; how karma is real and why we need multiple lives to learn to become a person who radiates love in all circumstances. We learn that the concept of time is different in the spirit universe and about the basic building blocks of all matter. In essence, the inquiries that you have had since you began questioning your place in this universe are answered by spirits interacting with the chosen few.

The Healing Spirit Vincent L. Perri,2019-06-15 The Healing Spirit explores the idea that there is healing in dialogue. Using examples from Judaic, Christian and Buddhist philosophies and drawing on his personal and professional experiences, Dr. Perri explains how he believes the healing spirit emerges when two people unconditionally encounter each other. Introducing his concepts of the invisible matrix, archetypal language, and the naked essentials of relation he draws on the works of Martin Buber, Carl G. Jung and Abraham Joshua Heschel and their germinal contribution to the topic. The Healing Spirit can be a valuable guide to anyone in the healing or helping professions or anyone who simply wishes to help another. The Healing Spirit explores many of the personal encounters of people in the depths of sorrow, and how meaningful interpersonal dialogue generated the essence of spirit in their lives. Dr. Perri embraces the idea that spirit emerges both within and between us when spirit is beckoned. It is the spirit that heals. It is The Healing Spirit.

Divine Spirit Sherry Rich Martin,2012-09 The book is a prayer of thanks, enlightenment, and the beauty of God's gifts in the universe. Some are prayers of a widow to her husband.
