**Void Star** Zachary Mason, 2017-04-11 A riveting, beautifully written, fugue-like novel of AIs, memory, violence, and mortality Not far in the future the seas have risen and the central latitudes are emptying, but it's still a good time to be rich in San Francisco, where weapons drones patrol the

skies to keep out the multitudinous poor. Irina isn't rich, not quite, but she does have an artificial memory that gives her perfect recall and lets her act as a medium between her various employers and their AIs, which are complex to the point of opacity. It's a good gig, paying enough for the annual visits to the Mayo Clinic that keep her from aging. Kern has no such access; he's one of the many refugees in the sprawling drone-built favelas on the city's periphery, where he lives like a monk, training relentlessly in martial arts, scraping by as a thief and an enforcer. Thales is from a different world entirely—the mathematically inclined scion of a Brazilian political clan, he's fled to L.A. after the attack that left him crippled and his father dead. A ragged stranger accosts Thales and demands to know how much he can remember. Kern flees for his life after robbing the wrong mark. Irina finds a secret in the reflection of a laptop's screen in her employer's eyeglasses. None are safe as they're pushed together by subtle forces that stay just out of sight. Vivid, tumultuous, and propulsive, *Void Star* is Zachary Mason's mind-bending follow-up to his bestselling debut, *The Lost Books of the Odyssey*.

**The Silver Star** Jeannette Walls, 2013-06-11 From one of the bestselling memoirists of all time comes a stunning and heartbreaking novel about an intrepid girl who challenges the injustice of the adult world in a triumph of imagination and storytelling.

Variable Star Robert A. Heinlein, Spider Robinson, 2010-12-07 A never-before-published

masterpiece from science fiction's greatest writer, rediscovered after more than half a century. When Joel Johnston first met Jinny Hamilton, it seemed like a dream come true. And when she finally agreed to marry him, he felt like the luckiest man in the universe. There was just one small problem. He was broke. His only goal in life was to become a composer, and he knew it would take years before he was earning enough to support a family. But Jinny wasn't willing to wait. And when Joel asked her what they were going to do for money, she gave him a most unexpected answer. She told him that her name wasn't really Jinny Hamilton---it was Jinny Conrad, and she was the granddaughter of Richard Conrad, the wealthiest man in the solar system. And now that she was sure that Joel loved her for herself, not for her wealth, she revealed her family's plans for him---he would be groomed for a place in the vast Conrad empire and sire a dynasty to carry on the family business. Most men would have jumped at the opportunity. But Joel Johnston wasn't most men. To Jinny's surprise, and even his own, he turned down her generous offer and then set off on the mother of all benders. And woke up on a colony ship heading out into space, torn between regret over his rash decision and his determination to forget Jinny and make a life for himself among the stars. He was on his way to succeeding when his plans--and the plans of billions of others--were shattered by a cosmic cataclysm so devastating it would take all of humanity's strength and ingenuity just to survive. Star Yukio Mishima,2019-04-30 For the first time in English, a glittering novella about stardom from “one of the greatest avant-garde Japanese writers of the twentieth century” (Judith Thurman, The New Yorker) All eyes are on Rikio. And he likes it, mostly. His fans cheer, screaming and yelling

to attract his attention—they would kill for a moment alone with him. Finally the director sets up the shot, the camera begins to roll, someone yells “action”; Rikio, for a moment, transforms into another being, a hardened young yakuza, but as soon as the shot is finished, he slumps back into his own anxieties and obsessions. Being a star, constantly performing, being watched and scrutinized as if under a microscope, is often a drag. But so is life. Written shortly after Yukio Mishima himself had acted in the film “Afraid to Die,” this novella is a rich and unflinching psychological portrait of a celebrity coming apart at the seams. With exquisite, vivid prose, Star begs the question: is there any escape from how we are seen by others?

*The Morning Star* Karl Ove Knausgaard, 2021-09-28 A New York Times Notable Book One of

NPR's Best Books of 2021 Knausgaard is among the finest writers alive.” —Dwight Garner, New York Times The international bestseller from the author of the renowned My Struggle series, *The Morning Star* is an astonishing, ambitious, and rich novel about what we don't understand, and our attempts to make sense of our world nonetheless One long night in August, Arne and Tove are staying with their children in their summer house in southern Norway. Their friend Egil has his own place nearby. Kathrine, a priest, is flying home from a Bible seminar, questioning her marriage. Journalist Jostein is out drinking for the night, while his wife, Turid, a nurse at a psychiatric care unit, is on a night shift when one of her patients escapes. Above them all, a huge star suddenly appears blazing in the sky. It brings with it a mysterious sense of foreboding. Strange things start to happen as nine lives come together under the star. Hundreds of crabs amass on the road as Arne drives at night; Jostein receives a call about a death metal band found brutally murdered in a Satanic ritual; Kathrine conducts a funeral service for a man she met at the airport – but is he actually dead? *The Morning Star* is about life in all its mundanity and drama, the strangeness that permeates our world, and the darkness in us all. Karl Ove Knausgaard's astonishing new novel, his first after the *My Struggle* cycle, goes to the utmost limits of freedom and chaos, to what happens when forces beyond our comprehension are unleashed and the realms of the living and the dead collide.

*Bright Star* Erin Swan, 2019-08-13 Erin Swan's YA fantasy debut, *Bright Star*, is an action-packed adventure tale of rebellion, romance, and finding one's voice in the heart of a storm. Paerolia has been at peace for two centuries, and all is well in the land—or so it seems. Beneath the surface, a

tyrant is rising to power. A traumatic experience in Andra's childhood has left her mute and subdued, a servant in the Chief Judge's manor. But when an assassination team, led by the secretive and alluring Kael, infiltrates the manor and makes a quick escape, she takes her chance and flees with them. Andra is thrust into the ranks of a secret rebellion—a group of outcasts and believers seeking to overthrow the Chief Judge and replace the corrupt government with new members, ones who will restore and preserve the land they love. Now, the girl who was once an outcast must somehow become the leader Paerolia needs. But she is stronger than she believes—and with the help of a fiercely loyal dragon, she may just be the one to lead them all to victory. **It Takes Star Dust to Create a Star** Donald Rayson McGrath, 2002-11 It Takes Star Dust To Create a Star is one man's journey from choosing his parents in the forests of Pennsylvania to returning to the stars on or about the year 2033. An altar boy and a paper boy he enjoyed the sanctity and sanctuary of a small child who learned at an early age that we are here to sing and dance and give praise to the life of bringing joy to others. As a youth worker in Pittsburgh he trained four children to sing as the group of Don & the Pennies. His Journey continues on towards fatherhood as he becomes an actor in New York, making choices that lead him to his one true vocation that of being a loving father and husband. He has wonderful meetings with Carol Burnett, Deborah Howe, author of Bunnacula, who died quite young. He has discovered the wonder of prayer and of developing at P.A.T.H. that will help us on the Journey to the Stars. He has plunged to the depths of despair and to the wonder of the heavens. In a few short words he tells teenagers they are the hope of the world and asks all to honor the sanctity of the children of the world and to join together to provide them sanctuary. He is the director of the annual Peace at Last concert and charts the first

inspiration to the actual event from his love of the music of Stephen Foster to the sharing with the world the wonderful work of Anton Dvorak who turned Foster's simple Way Down Upon the Swannee River (Old folks at home) into a choral symphonic piece. He writes of a new vision for this earth, a place where we certainly recognize our function here is to totally believe in all the world coming to the realization that, like Martin Luther King, Jr., who he stood shoulder to shoulder with in 1965, will be not only free at last but experience peace at last.

*Star Corps* Ian Douglas, 2009-10-06 In the future, earth's warriors have conquered the heavens. But on a distant world, Humanity is in chains ... Many millennia ago, the human race was enslaved by the An -- a fearsome alien people whose cruel empire once spanned the galaxies, until they were defeated and consigned to oblivion. But a research mission to the planet Ishtar has made a terrifying -- and fatal -- discovery: the Ahanu, ancestors of the former masters, live on, far from the reach of Earth -- born weapons and technology ... and tens of thousands of captive human souls still bow to their iron will. Now Earth's Interstellar Marine Expeditionary Unit must undertake a rescue operation as improbable as it is essential to humankind's future, embarking on a ten-year voyage to a hostile world to face an entrenched enemy driven by dreams of past glory and intent once more on domination. For those who, for countless generations, have known nothing but toil and subjugation must be granted, at all costs, the precious gift entitled to all of their star-traveling kind: freedom!
