The Little Book of Support for New Moms Beccy Hands, Alexis Stickland, 2020-03-24 A survival guide to the emotional and physical roller coaster of becoming a new mom Doula Beccy Hands and midwife Alexis Stickland know what a challenge it can be to balance self-care with motherhood. In The

Little Book of Support for New Moms, they bring together decades of experience to share invaluable tips and tricks to boost confidence and calm frazzled nerves—plus answers to all those questions new moms may be too embarrassed to ask. Here are instructions for creating cooling breast pads with chamomile tea, quick stretches for relieving aching muscles, and tips for reducing swelling. Tackle the fourth trimester with easy recipes to nourish your postpartum body and five-minute fixes to restore your sense of humor. Beautifully illustrated in full color, this guide covers everything a new mother needs to know to feel supported, empowered, and understood.

Social Support John D. Morgan, 2002 For grief counselors, hospice and bereavement volunteers, and lay readers, a how-to guide to social support for people coming to terms with a death or another deeply emotional event. Social support is broadly defined as verbal or nonverbal information, advice, aid, or actions offered by the friends, family, co-workers, or neighbors of the person in need; it can also come from outside the person's immediate circle in the form of support groups or other gatherings of people based on common need. The editor has written extensively about death, dying, and bereavement. The contributors are academics, psychologists, health-care providers, and counselors in Canada and the US. c. Book News Inc.

Support Groups Janice H Schopler, Maeda J Galinsky, 2014-02-04 Support Groups: Current Perspectives on Theory and Practice provides a framework for understanding and examining supportive group interventions. It provides descriptions of different kinds of support groups and alerts practitioners and educators to the factors they should consider in planning, implementing, and evaluating support group services. The book also offers guidance in using innovative approaches to providing support services through computer groups and telephone groups. Human service professionals and social work educators, practitioners, and students will find these topics covered in

Support Groups: evaluation of support groups a support group model guidelines for support group practice innovative use of support groups issues in support group practice The purpose of this book is to examine state-of-the-art support group practice. Support groups are conceived as the center of a continuum of supportive group interventions, overlapping with self-help groups at one end and treatment groups at the other. The chapters are placed within the context of the open systems model developed by the editors. This model provides a framework for understanding factors that affect support groups, for guiding intervention, and for evaluating their outcomes.

Community Brad House, 2011-09-07 Community within the church today is hemorrhaging. Attention spans are dwindling, noise levels are increasing, and we can't seem to find time for real relationships. The answer to such social fragmentation can be found in small groups, and yet the majority of small groups—at least in the traditional sense—are often not the intentional, transformational community we really want and need. Somehow we need to get our groups off life support and into authentic community. Pastor Brad House helps us to re-imagine what gospel-centered community looks like and shares from his experience leading and reproducing healthy small groups. With wisdom and candor, House challenges us to think carefully about our own groups and to take steps toward cultivating communities that are able to glorify Jesus, bless one another, and participate in the mission of God.

Technical Support Essentials Andrew Sanchez, Karen Sleeth, 2010-09-08 Technical Support Essentials is a book about the many facets of technical support. It attempts to provide a wide array of topics to serve as points of improvement, discussion, or simply topics that you might want to learn. The topics range from good work habits to the way technical support groups establish their own style of work. This book applies theories, models, and concepts synthesized from existing research in other

fields—such as management, economics, leadership, and psychology—and connects them to technical support. The goal is to build on the work of others and allow their success to evolve the profession. The book's broad perspective looks at proven practices, legal issues, dealing with customers, utilizing resources, and an array of other topics of interest to tech support professionals.

Digitalization of design for support structures in laser powder bed fusion of metals Katharina Bartsch,2023-02-18 Additive manufacturing is considered a key technology for digital production. However, several barriers towards the broad industrial application exist, e.g. the associated cost and the required experience regarding the manufacturing process. To eradicate these barriers, the complete digitalization of the value creation process is needed. In this thesis, a digital, automated support structuredesign procedure is developed. Topology optimization is used for design rule determination, and the space colonization algorithm is adapted for the automated design. The validity of the procedure is proven experimentally, revealing sufficient mechanical performance alongside cost reduction at medium to large production scales.

Innovative Performance Support: Strategies and Practices for Learning in the Workflow

Con Gottfredson, Bob Mosher, 2011-01-07 Real Learning Happens as You Work! Implement performance support to increase and accelerate employee performance. "It is a book that will become dog-eared from use as it is both a narrative and a reference. Valuable now, and over time; it is worth every cent of the \$30 cover price. It is easy to read, and easy to fillet for the right information just when you need it. The book comes at a really important juncture in the trajectory of corporate learning and highlights the importance of learning in the workflow. It is the right book, at the right time, in the right way." —Nigel Paine, MD NigelPaine.com Ltd "Innovative Performance Support significantly moves the learning revolution to the next level. It is the workplace, and the work itself, where performance support will make its mark, and Gottfredson and Mosher are the trailblazers." —Marc J. Rosenberg, Marc Rosenberg and Associates Research shows that 80 percent of learning in the workplace occurs on the job, rather than in formal training sessions. Innovative Performance Support offers you a concise and comprehensive overview of performance support (PS) practices—ongoing, job-specific resources that ensure employees perform effectively on the job. From free, open-source applications like blogs and wikis to sophisticated new system software, this guide will help you implement the right PS strategy for your team. Innovative Performance Support: Saves

the investment in formal training and increases productivity Reduces the learning time required to achieve successful performance Supplements or replaces existing training programs Cuts down on the use of help desks and other traditional in-house support functions Conrad A. Gottfredson and Bob Mosher break down the hows and whys of applying PS solutions to replace the patchwork of existing training programs that you might be using now. They show how leading firms deploy PS solutions to reduce costs, retain talent, and increase productivity and efficiency.

Reconceptualising education support services in South Africa Johnnie Hay, Macalane J. Malindi, Thabo Makhalemele, 2022-02-10 Inclusive education has been phased into South Africa since 2001 but relies heavily upon adequate support services to support learners and teachers experiencing barriers to learning and development. This book focuses on the different levels of support provided in South African education – from School-based Support Teams to District-based Support Teams through to special and full-service schools, and how these could be reconceptualised to provide improved support to learners and teachers. Current research indicates that inclusive education is being implemented in varied and fragmented forms across the country, and the point of departure of this work is that education support services need to be improved and reconceptualised to ensure better support for inclusive education.
