Talk Elizabeth Stokoe, 2018-11-29 We spend much of our days talking. Yet we know little about the conversational engine that drives our everyday lives. We are pushed and pulled around by language far more than we realize, yet are seduced by stereotypes and myths about communication. This book will change the way you think about talk. It will explain the big pay-offs to understanding conversation scientifically. Elizabeth Stokoe, a social psychologist, has spent over twenty years collecting and analysing real conversations across settings as varied as first dates, crisis negotiation, sales encounters and medical communication. This book describes some of the findings of her own research, and that of other conversation analysts around the world. Through numerous examples from real interactions between friends, partners, colleagues, police officers, mediators, doctors and many others, you will learn that some of what you think you know about talk is wrong. But you will also uncover fresh insights about how to have better conversations - using the evidence from fifty years of research about the science of talk.

Osorio, 2021 This book envisions the language and learning possibilities of young children's active engagement in literature discussion, which is not often found in books about early read-alouds. This book promotes read-aloud experiences that keep children, their backgrounds, and their experiences front and center. This book shares our journey, as educators and researchers, with a goal to support the learning journey of other early childhood educators. This book includes vignettes from classroom literature discussions as well as conversations between educators--

Good Talk Mira Jacob, 2019-03-26 NATIONAL BESTSELLER • A “beautiful and eye-opening” (Jacqueline Woodson), “hilarious and heart-rending” (Celeste Ng) graphic memoir about American identity, interracial families, and the realities that divide us, from the acclaimed author of *The Sleepwalker’s Guide to Dancing*. ONE OF THE TEN BEST BOOKS OF THE YEAR: Chicago Tribune, The New York Public Library, Publishers Weekly • ONE OF THE BEST BOOKS OF THE YEAR: The New York Times Book Review, Time, BuzzFeed, Esquire, Literary Journal, Kirkus Reviews “How brown is too brown?” “Can Indians be racist?” “What does real love between really different people look like?” Like many six-year-olds, Mira Jacob’s half-Jewish, half-Indian son, Z, has questions about everything. At first they are innocuous enough, but as tensions from the 2016 election spread from the media into his own family, they become much, much more complicated. Trying to answer him honestly, Mira has to think back to where she’s gotten her own answers: her most formative conversations about race, color, sexuality, and, of course, love. Written with humor and vulnerability, this deeply relatable graphic memoir

is a love letter to the art of conversation—and to the hope that hovers in our most difficult questions. **LOGLISTED FOR THE PEN/OPEN BOOK AWARD** “Jacob’s earnest recollections are often heartbreaking, but also infused with levity and humor. What stands out most is the fierce compassion with which she parses the complexities of family and love.”—Time “Good Talk uses a masterful mix of pictures and words to speak on life’s most uncomfortable conversations.”—io9 “Mira Jacob just made me toss everything I thought was possible in a book-as-art-object into the garbage. Her new book changes everything.”—Kiese Laymon, New York Times bestselling author of *Heavy*

Talk Linda Rosenkrantz, 1968 Friendships are built on chatter, on gossip, on revelations--on talk. Over the course of the summer of 1965, Linda Rosenkrantz taped conversations between three friends (two straight, one gay) on the cusp of thirty vacationing at the beach: Emily, an actor; Vince, a painter; and Marsha, a writer. The result was *Talk*, a novel in dialogue. The friends are ambitious, conflicted, jealous, petty, loving, funny, sex- and shrink-obsessed, and there's nothing they won't discuss. Topics covered include LSD, fathers, exes, lovers, abortions, S&M, sculpture, books, cats, and of course, each other. *Talk* was ahead of its time in recognizing the fascination and significance of nonfamily ties in contemporary life. It may be almost fifty years since Emily, Vince, and Marsha spent the season in East Hampton, but they wouldn't be out of place on the set of *Girls* or in the pages of a novel like Sheila Heti's *How Should a Person Be?*--

How to Talk About Books You Haven't Read Pierre

Bayard, 2010-08-10 In this delightfully witty, provocative book, literature professor and psychoanalyst Pierre Bayard argues that not having read a book need not be an impediment to having an

interesting conversation about it. (In fact, he says, in certain situations reading the book is the worst thing you could do.) Using examples from such writers as Graham Greene, Oscar Wilde, Montaigne, and Umberto Eco, he describes the varieties of non-reading-from books that you've never heard of to books that you've read and forgotten-and offers advice on how to turn a sticky social situation into an occasion for creative brilliance. Practical, funny, and thought-provoking, *How to Talk About Books You Haven't Read*-which became a favorite of readers everywhere in the hardcover edition-is in the end a love letter to books, offering a whole new perspective on how we read and absorb them.

The Talk Alicia D. Williams, 2022-10-18 A Coretta Scott King Author Honor winner! As a little boy grows into a bigger boy, ready to take on the world, he first must have that very difficult conversation far too familiar to so many Black and Brown Americans in this gentle and ultimately hopeful picture book. Jay's most favorite things are hanging out with his pals, getting kisses from Grandma, riding in his dad's cool car, and getting measured by his mom with pencil marks on the wall. But as those height marks inch upward, Grandpa warns Jay about being in too big a group with his friends, Grandma worries others won't see him as quite so cute now that he's older, and Dad has to tell Jay how to act if the police ever pull them over. And Jay just wants to be a kid. All Black and Brown kids get The Talk—the talk that could mean the difference between life and death in a racist world. Told in an age-appropriate fashion, with a perfect pause for parents to insert their own discussions with their children to accompany prompting illustrations, The Talk is a gently honest and sensitive starting point for this far-too-necessary conversation, for Black children, Brown children, and for ALL children. Because you can't make change without knowing what needs changing.

We Need to Talk Celeste Headlee, 2017-09-19 “WE NEED TO TALK.” In this urgent and insightful book, public radio journalist Celeste Headlee shows us how to bridge what divides us--by having real conversations BASED ON THE TED TALK WITH OVER 10 MILLION VIEWS NPR's Best Books of 2017 Winner of the 2017

Silver Nautilus Award in Relationships & Communication “We Need to Talk is an important read for a conversationally-challenged, disconnected age. Headlee is a talented, honest storyteller, and her advice has helped me become a better spouse, friend, and mother.” (Jessica Lahey, author of New York Times bestseller *The Gift of Failure*) Today most of us communicate from behind electronic screens, and studies show that Americans feel less connected and more divided than ever before. The blame for some of this disconnect can be attributed to our political landscape, but the erosion of our conversational skills as a society lies with us as individuals. And the only way forward, says Headlee, is to start talking to each other. In *We Need to Talk*, she outlines the strategies that have made her a better conversationalist—and offers simple tools that can improve anyone’s communication. For example: **BE THERE OR GO ELSEWHERE.** Human beings are incapable of multitasking, and this is especially true of tasks that involve language. Think you can type up a few emails while on a business call, or hold a conversation with your child while texting your spouse? Think again. **CHECK YOUR BIAS.** The belief that your intelligence protects you from erroneous assumptions can end up making you more vulnerable to them. We all have blind spots that affect the way we view others. Check your bias before you judge someone else. **HIDE YOUR PHONE.** Don’t just put down your phone, put it away. New research suggests that the mere presence of a cell phone can negatively impact the quality of a conversation. Whether you’re struggling to communicate with your kid’s teacher at school, an employee at work, or the people you love the most—Headlee offers smart strategies that can help us all have conversations that matter.

What We Talk About When We Talk About Books Leah

Price,2019-08-20 Reports of the death of reading are greatly exaggerated Do you worry that you've lost patience for anything longer than a tweet? If so, you're not alone. Digital-age pundits warn that as our appetite for books dwindles, so too do the virtues in which printed, bound objects once trained us: the willpower to focus on a sustained argument, the curiosity to look beyond the day's news, the willingness to be alone. The shelves of the world's great libraries, though, tell a more complicated story. Examining the wear and tear on the books that they contain, English professor Leah Price finds scant evidence that a golden age of reading ever existed. From the dawn of mass literacy to the invention of the paperback, most readers already skimmed and multitasked. Print-era doctors even forbade the very same silent absorption now recommended as a cure for electronic addictions. The evidence that books are dying proves even scarcer. In encounters with librarians, booksellers and activists who are reinventing old ways of reading, Price offers fresh hope to bibliophiles and literature lovers alike.

The Book Whisperer Donalyn Miller,2009-03-16 Turn any student into a bookworm with a few easy and practical strategies Donalyn Miller says she has yet to meet a child she can't turn into a reader. No matter how far behind Miller's students might be when they reach her 6th grade classroom, they end up reading an average of 40 to 50 books a year. Miller's unconventional approach dispenses with drills and worksheets that make reading a chore. Instead, she helps students navigate the world of literature and gives them time to read books they pick out themselves. Her love of books and teaching is both infectious and inspiring. In the book, you'll find: Hands-on strategies for managing and improving your own school library Tactics for helping students walk on their own two feet and continue

the reading habit after they've finished with your class Data from student surveys and end-of-year feedback that proves how well the Miller Method works The Book Whisperer includes a dynamite list of recommended kid lit that helps parents and teachers find the books that students really like to read.

How We Talk N. J. Enfield, 2017-11-14 An expert guide to how conversation works, from how we know when to speak to why huh is a universal word We all had teachers who scolded us over the use of um, uh-huh, oh, like, and mm-hmm. But as linguist N. J. Enfield reveals in *How We Talk*, these bad words are fundamental to language. Whether we are speaking with the clerk at the store, our boss, or our spouse, language is dependent on things as commonplace as a rising tone of voice, an apparently meaningless word, or a glance -- signals so small that we hardly pay them any conscious attention. Nevertheless, they are the essence of how we speak. From the traffic signals of speech to the importance of um, *How We Talk* revolutionizes our understanding of conversation. In the process, Enfield reveals what makes language universally -- and uniquely -- human.
