I Want to Ride the Tap Tap Danielle Joseph,2020-12-29 Writer Danielle Joseph and illustrator Olivier Ganthier's I Want to Ride the Tap Tap is a day-of-the-week picture book about a Black family who ride the taxi-bus service—called a tap tap—in Haiti, and the fascinating people they meet along the way, illustrated by a Haitian artist known for his vibrant street art. Monday through Saturday, Claude and Manman walk Papa to the tap tap stop, where Claude meets all sorts of interesting people waiting for the tap tap. Claude wants to join Papa, but Claude has classes at school and chores at home... On Sunday, Manman and Papa have a surprise for Claude—a ride on the tap tap! They go to the beach, where they meet a lady selling mangoes, a fisherman, a straw-hat maker, a steel drummer, and an artist. They show Claude how to fish, make hats, play the drums, and paint. With Haitian Creole words sprinkled throughout and a glossary at the end, I Want to Ride the Tap Tap is a warm and lively portrayal of everyday life in Haiti.

Tap Anindya Ghose,2017-04-14 How the smartphone can become a personal concierge (not a stalker) in the mobile marketing revolution of smarter companies, value-seeking consumers, and curated offers. Consumers create a data trail by tapping their phones; businesses can tap into this trail to harness the power of the more than three trillion dollar mobile economy. According to Anindya Ghose, a global authority on the mobile economy, this two-way exchange can benefit both customers and businesses. In Tap, Ghose welcomes us to the mobile economy of smartphones, smarter companies, and value-seeking consumers. Drawing on his extensive research in the United States, Europe, and Asia, and on a variety of real-world examples from companies including Alibaba, China Mobile, Coke, Facebook, SK Telecom, Telefónica, and Travelocity, Ghose describes some intriguingly contradictory consumer behavior: people seek spontaneity, but they are predictable; they find advertising annoying, but they fear missing out; they value their privacy, but they increasingly use personal data as currency. When mobile advertising is done well, Ghose argues, the smartphone plays the role of a personal concierge—a butler, not a stalker. Ghose identifies nine forces that shape consumer behavior, including time, crowdedness, trajectory, and weather, and he examines these how these forces operate, separately and in combination. With Tap, he highlights the true influence mobile wields over shoppers, the behavioral and economic motivations behind that influence, and the lucrative opportunities it represents. In a world of artificial intelligence, augmented and virtual reality, wearable technologies, smart homes, and the Internet of Things, the future of the mobile economy seems limitless.

Tap Tap Boom Boom Elizabeth Bluemle,2014-05-13 When a thunderstorm hits a city street, children and grown-ups dash to the subway for shelter – and an impromptu friendly gathering. Features an audio read-along! The clouds are gathering above a city street and soon – tap, tap, boom, boom! As a thunderstorm rolls in, people of all stripes race down to the subway to get away from the crackling rain and wind. With quirky wordplay and infectious rhymes, Elizabeth Bluemle crystallizes an unexpected moment of community, while G. Brian Karas's warm illustrations show the smiles to be had when a storm brings strangers together as friends.

Tap the Magic Tree Board Book Christie Matheson,2016-06-07 The acclaimed interactive picture book about the changing seasons. “Like Hervé Tullet’s Press Here, Matheson’s Tap the Magic Tree proves you don’t need apps for interactivity,” praised the New York Times. This board book edition is perfect for little hands. Every book needs you to turn the pages. But not every book needs you to tap it, shake it, jiggle it, or even blow it a kiss. Innovative and timeless, Tap the Magic Tree asks you to help one lonely tree change with the seasons. Now that’s interactive—and magical! It begins with a bare brown tree. But tap that tree, turn the page, and one bright green leaf has sprouted! Tap again—one, two, three, four—and four more leaves have grown on the next page. Pat, clap, wiggle, jiggle, and see blossoms bloom, apples grow, and the leaves swirl away with the autumn breeze. The collage-and-watercolor art evokes the bright simplicity of Lois Ehlert and Eric Carle and the interactive concept will delight fans of Pat the Bunny. Combining a playful spirit and a sense of wonder about nature, Christie Matheson has created a new modern classic that is a winner in every season—and every story time! And don't miss the follow-up, Touch the Brightest Star!

The Tapping Solution Nick Ortner,2013-04-02 Nick Ortner, founder of the Tapping World Summit and best-selling filmmaker of The Tapping Solution, is at the forefront of a new healing movement. In his upcoming book, The Tapping Solution, he gives readers everything they need to successfully start using the powerful practice of tapping – or Emotional Freedom Techniques (EFT). Tapping is one of the fastest and easiest ways to address both the emotional and physical problems that tend to hamper our lives. Using the energy meridians of the body, practitioners tap on specific points while focusing on particular negative emotions or physical sensations. The tapping helps calm the nervous system to restore the balance of energy in the body, and in turn rewire the brain to respond in healthy ways. This kind of conditioning can help rid practitioners of everything from chronic pain to phobias to addictions. Because of tapping’s proven success in healing such a variety of problems, Ortner recommends to try it on any challenging issue. In The Tapping Solution, Ortner describes not only the history and science of tapping but also the practical applications. In a friendly voice, he lays out easy-to-use practices, diagrams, and worksheets that will teach readers, step-by-step, how to tap on a variety of issues. With chapters covering everything from the alleviation of pain to the encouragement of weight loss to fostering better relationships, Ortner opens readers’ eyes to just how powerful this practice can be. Throughout the book, readers will see real-life stories of healing ranging from easing the pain of fibromyalgia to overcoming a fear of flying. The simple strategies Ortner outlines will help readers release their fears and clear the limiting beliefs that hold them back from creating the life they want.

Tainted Tap Katrinell M. Davis, 2021-04-06 After a cascade of failures left residents of Flint, Michigan, without a reliable and affordable supply of safe drinking water, citizens spent years demanding action from their city and state officials. Complaints from the city's predominantly African American residents were ignored until independent researchers confirmed dangerously elevated blood lead levels among Flint children and in the city's tap water. Despite a 2017 federal court ruling in favor of Flint residents who had demanded mitigation, those efforts have been incomplete at best. Assessing the challenges that community groups faced in their attempts to advocate for improved living conditions, Tainted Tap offers a rich analysis of conditions and constraints that created the Flint water crisis. Katrinell Davis contextualizes the crisis in Flint's long and troubled history of delivering essential services, the consequences of regional water-management politics, and other forms of systemic neglect that impacted the working-class community's health and well-being. Using ethnographic and empirical evidence from a range of sources, Davis also sheds light on the forms of community action that have brought needed changes to this underserved community.

The answer is yes—if they are surrounded by adults who know how to help and if they are introduced to media designed to promote literacy, instead of undermining it. With stories from homes, classrooms and cutting edge tech labs, plus accessible translation of new research and compelling videos, Guernsey and Levine help educators, parents, and America's leaders tackle the questions that arise as digital media plays a larger and larger role in children's lives, starting in their very first years of life. Tap, Click, Read includes an analysis of the exploding app marketplace and provides useful information on new review sites and valuable curation tools.
