This Is a Book Demetri Martin,2011-04-25 From the renowned comedian, creator, star and executive producer/multiple title-holder of Comedy Central's Important Things with Demetri Martin comes a bold, original, and rectangular kind of humor book. Demetri's first literary foray features longer-form essays and conceptual pieces (such as Protagonists' Hospital, a melodrama about the clinic doctors who treat only the flesh wounds and minor head scratches of Hollywood action heroes), as well as his trademark charts, doodles, drawings, one-liners, and lists (i.e., the world views of optimists, pessimists and contortionists), Martin's material is varied, but his unique voice and brilliant mind will keep readers in stitches from beginning to end.

This Book Is Anti-Racist Tiffany Jewell,2020-01-07 #1 NEW YORK TIMES BESTSELLER Featured by Oprah's Book Club on the Anti-Racist Books for Young Adults list curated by bestselling author Jacqueline Woodson A USA TODAY Bestseller Recommended by The Guardian, Time, Grazia, The Telegraph, Express, and The Sun 'This is one for you, your neighbour, the children in your lives and especially that 'only slightly' racist colleague... A guide to the history of racism and a blueprint for change'–The Guardian Who are you? What is racism? Where does it come from? Why does it exist? What can you do to disrupt it? Learn about social identities, the history of racism and resistance against it, and how you can use your anti-racist lens and voice to move the world toward equity and liberation. 'In a racist society, it's not enough to be non-racist—we must be ANTI-RACIST.' –Angela Davis Gain a deeper understanding of your anti-racist self as you progress through 20 chapters that spark introspection, reveal the origins of racism that we are still experiencing and give you the courage and power to undo it. Each chapter builds on the previous one as you learn more about yourself and racial oppression. 20 activities get you thinking and help you grow with the knowledge. All you need is a pen and paper. Author Tiffany Jewell, an anti-bias, anti-racist educator and activist, builds solidarity beginning with the language she chooses – using gender neutral words to honour everyone who reads the book. Illustrator Aurélie Durand brings the stories and characters to life with kaleidoscopic vibrancy. After examining the concepts of social

identity, race, ethnicity and racism, learn about some of the ways people of different races have been oppressed, from indigenous Americans and Australians being sent to boarding school to be 'civilized' to a generation of Caribbean immigrants once welcomed to the UK being threatened with deportation by strict immigration laws. Find hope in stories of strength, love, joy and revolution that are part of our history, too, with such figures as the former slave Toussaint Louverture, who led a rebellion against white planters that eventually led to Haiti's independence, and Yuri Kochiyama, who, after spending time in an internment camp for Japanese Americans during WWII, dedicated her life to supporting political prisoners and advocating reparations for those wrongfully interned. Learn language and phrases to interrupt and disrupt racism. So, when you hear a microaggression or racial slur, you'll know how to act next time. This book is written for EVERYONE who lives in this racialised society—including the young person who doesn't know how to speak up to the racist adults in their life, the kid who has lost themselves at times trying to fit into the dominant culture, the children who have been harmed (physically and emotionally) because no one stood up for them or they couldn't stand up for themselves and also for their families, teachers and administrators. With this book, be empowered to actively defy racism and xenophobia to create a community (large and small) that truly honours everyone.

What is this thing called Knowledge? Duncan Pritchard,2013-10-01 What is knowledge? Where does it come from? What kinds of knowledge are there? Can we know anything at all? This lucid and engaging introduction grapples with these central questions in the theory of knowledge, offering a clear, non-partisan view of the main themes of epistemology. Both traditional issues and contemporary ideas are discussed in sixteen easily digestible chapters, each of which conclude with a useful summary of the main ideas discussed, study questions, annotated further reading and a guide to internet resources. Each chapter also features text boxes providing bite-sized summaries of key concepts and major philosophers, and clear and interesting examples are used throughout. The book concludes with an annotated guide to general introductions to epistemology, a glossary of key terms, and a summary of the main examples used in epistemology, This an ideal first textbook in the theory of knowledge for undergraduates coming to philosophy for the first time. The third edition has been revised and updated throughout and features two new chapters, on religious knowledge and scientific knowledge, as part of a whole new section on what kinds of knowledge there are. In addition, the text as a whole has been refreshed to keep it up to date with current developments.

This Happened Here Paul Street,2021-12-28 This book examines the Trump phenomenon and presidency as fascist. Fascism here connotes not generically bad politics or a consolidated political-economic regime (Mussolini's Italy or Hitler's Germany) but a set of political, movement, and ideological traits understood within the context of the neoliberal-capitalist era. While Trump's election defeat is a respite, the nation is far from out of the neofascist woods. Defeating the menace will require political and societal restructuring far beyond what is imagined by Democrats. This argument is developed across seven chapters that recount Trump's assault on the 2020 election, specifically define the meaning of fascism as it is used in this book, demonstrate the neofascist nature of the Trump presidency, engage intellectual class Trumpism-fascism-denial, analyze the Trump base, root Trumpism in a longstanding and indeed founding American white nationalism, examine why Trump rose to power when he did, and suggest paths for fascism-proofing the USA.

This Horrid Practice Paul Moon,2008-08-04 'Though stronger evidence of this horrid practice prevailing among the inhabitants of this coast will scarcely be required, we have still stronger to give.' - Captain James Cook This *Horrid Practice* uncovers an unexplored taboo of New Zealand history - the widespread practice of cannibalism in pre-European Maori society. Until now, many historians have tried to avoid it and many Maori have considered it a subject best kept quiet about in public. Paul Moon brings together an impressive array of sources from a variety of disciplines to produce this frequently contentious but always stimulating exploration of how and why Maori ate other human beings, and why the practice shuddered to a halt just a few decades after the arrival of Europeans in New Zealand. The book includes a comprehensive survey of cannibalism practices among traditional Maori, carefully assessing the evidence and concluding it was widespread. Other chapters look at how explorers and missionaries saw the practice; the role of missionaries and Christianity in its end; and, in the final chapter, why there has been so much denial on the subject and why some academics still deny that it ever happened. This *Horrid Practice* promises to be one of the leading works of New Zealand

history published in 2008. It is a highly original work that every New Zealand history enthusiast will want to own and read.
