**Sylvaine Peyrols, Gallimard Jeunesse  
(Publisher)**

**The Tiger** John Vaillant, 2010-08-24 It's December 1997 and a man-eating tiger is on the prowl outside a remote village in Russia's Far East. The tiger isn't just killing people, it's annihilating them, and a team of men and their dogs must hunt it on foot through the forest in the brutal cold. To their horrified astonishment it emerges that the attacks are not random: the tiger is engaged in a vendetta. Injured and starving, it must be found before it strikes again, and the story becomes a battle for survival between the two main characters: Yuri Trush, the lead tracker, and the tiger itself. As John Vaillant vividly recreates the extraordinary events of that winter, he also gives us an unforgettable portrait of a spectacularly beautiful region where plants and animals exist that are found nowhere else on earth, and where the once great Siberian Tiger - the largest of its species, which can weigh over 600 lbs at more than 10 feet long - ranges daily over vast territories of forest and mountain, its numbers diminished to a fraction of what they once were. We meet the native tribes who for centuries have worshipped and lived alongside tigers - even sharing their kills with them - in a natural balance. We witness the first arrival of settlers, soldiers and hunters in the tiger's territory in the 19th century and 20th century, many fleeing Stalinism. And we come to know the Russians of today - such as the poacher Vladimir Markov - who, crushed by poverty, have turned to poaching for the corrupt, high-paying Chinese markets. Throughout we encounter surprising theories of how

humans and tigers may have evolved to coexist, how we may have developed as scavengers rather than hunters and how early Homo sapiens may have once fit seamlessly into the tiger's ecosystem. Above all, we come to understand the endangered Siberian tiger, a highly intelligent super-predator, and the grave threat it faces as logging and poaching reduce its habitat and numbers - and force it to turn at bay. Beautifully written and deeply informative, *The Tiger* is a gripping tale of man and nature in collision, that leads inexorably to a final showdown in a clearing deep in the Siberian forest.

**Tigers** Rachael Hanel, 2008 Introduces tigers, discussing the different species, the physical characteristics, habitat, life cycle, and predatory behaviors of the animal and the efforts being made to ensure their future.

**The Tiger** Stuart P. Levine, 1999 Discusses the various species of tigers and their behavior and examines how they have become endangered through habitat loss, hunting, research, and captivity.

**Tiger Tiger** Jonny Lambert, 2017-02-02 Old Tiger's world is dull and grey, and all he wants to do is snooze the day away. But little Cub is having none of it – he wants to explore and have fun! Can Cub help Tiger to see the jungle in an exciting new light? With bold and stylish illustrations from the talented Jonny Lambert (*The Great Aaa-Ooo*, *Little Whyand I Love You More and More*), *Tiger Tiger* is a touching celebration of the light and colour that little ones can bring to the world. Featuring an array of fascinating jungle animals and an adorably excitable Cub, this heart-warming

story is perfect for children who love to play!

**Read to Tiger** S. J. Fore, 2010-08-05 In this delightful role-reversal story, all the serious little boy wants is to settle down quietly and read his book. But that's not so easy when there's an imaginative tiger with an excess of energy behind the couch, wanting attention and someone to play with. Repetitive refrains and sound effects make this a perfect read-aloud, and the sweet and cozy ending will delight the heart of any book-lover.

*Tigers* Claudette Hegel, 2015-12-21 Tigers are the only big cats with stripes. But no two tigers have the same pattern of stripes. Learn more about these beautiful cats, including where they live, how they hunt, and why they can be difficult to raise in captivity.

The Tiger Book Jan Pfloog, 2000-05-18 Illustrations and simple text provide an introduction to the behavior of tigers.

**Tiger** Polly Clark, 2019-05-02 \*\*The thrilling new novel by the prize-winning author of *Larchfield*\*\*  
'Passionate, remarkable and uplifting novel'  
Guardian 'Grabbed me by the imagination and carried me into the wild' Laline Paull Set across two continents, *Tiger* is a sweeping story of survival and redeeming love that plunges the reader into one of the world's last wildernesses with blistering authenticity. Frieda is a primatologist, sensitive and solitary, until a violent attack shatters her ordered world. In her new role as a zookeeper, she confronts a very different ward: an injured wild tiger. Deep in the Siberian taiga, Tomas, a Russian conservationist,

fears that the natural order has toppled. The king tiger has been killed by poachers and a spectacular tigress now patrols his vast territory as her own. In a winter of treacherous competition, the path of the tigress and her cub crosses with an Udeghe huntress and her daughter. Vengeance must follow, and the fates of both tigers and people are transformed. Learning of her tiger's past offers Frieda the chance of freedom. Faced with the savage forces of nature, she must trust to her instinct and, like the tiger, find a way to live in the world.

**Endangered Tigers** Carl R. Green, Jane Katirgis, 2015-07-15 The tiger is a legendary big cat inspiring stories, fear, awe, and admiration in people around the world. So why are tigers in danger of becoming extinct? Learn why they are threatened and how to help save this beautiful big cat.

Tiger Features Sharon Callen, 2014-06 Tigers have their own creature features. Readers will find out what they are in this beautifully photographed book. The text features are photographs, labels, directional arrows, a fact box, bold print and a summary table with numerals. Look for other informational titles in this Animal Set; Tiger Features, Flamingo Features and Frog Features.

The Night Tiger Yangsze Choo, 2019-02-12 The Reese Witherspoon x Hello Sunshine Book Club Pick INSTANT NEW YORK TIMES BESTSELLER "A sumptuous garden maze of a novel that immerses readers in a complex, vanished world." –Kirkus (starred review) An utterly transporting novel set in 1930s colonial Malaysia, perfect for fans of Isabel

Allende and Min Jin Lee Quick-witted, ambitious Ji Lin is stuck as an apprentice dressmaker, moonlighting as a dancehall girl to help pay off her mother's Mahjong debts. But when one of her dance partners accidentally leaves behind a gruesome souvenir, Ji Lin may finally get the adventure she has been longing for. Eleven-year-old houseboy Ren is also on a mission, racing to fulfill his former master's dying wish: that Ren find the man's finger, lost years ago in an accident, and bury it with his body. Ren has 49 days to do so, or his master's soul will wander the earth forever. As the days tick relentlessly by, a series of unexplained deaths racks the district, along with whispers of men who turn into tigers. Ji Lin and Ren's increasingly dangerous paths crisscross through lush plantations, hospital storage rooms, and ghostly dreamscapes. Yangsze Choo's *The Night Tiger* pulls us into a world of servants and masters, age-old superstition and modern idealism, sibling rivalry and forbidden love. But anchoring this dazzling, propulsive novel is the intimate coming-of-age of a child and a young woman, each searching for their place in a society that would rather they stay invisible. A work of incredible beauty... Astoundingly captivating and striking... A transcendent story of courage and connection.

**Threat to the Bengal Tiger** Claire

O'Neal, 2020-02-04 Before the 1900s, hundreds of thousands of wild tigers roamed Southeast Asia. Their beauty, fierceness, and intelligence inspired fear and awe in their human neighbors.

These peoples gave the tiger starring roles in folktales and mythology. Human fascination with tigers continues. Unfortunately, the tiger may not survive in the wild much longer. Researchers estimate that fewer than 2,500 tigers remain in their natural habitat. As the human population explodes in Southeast Asia, the wild tiger population pays the price. Can the wild tiger be saved by its only natural enemy, people?

**The Tiger Book** Jan Pfloog, 1965 A simple introduction to the habits and behavior of tigers, with illustrations and a brief text.

The Tiger John Vaillant, 2011-05-03 It's December 1997 and a man-eating tiger is on the prowl outside a remote village in Russia's Far East. To the horrified astonishment of a team of hunters, it emerges that the attacks are not random: the tiger is engaged in a vendetta. Injured and starving, it must be found before it strikes again, and the story becomes a battle for survival between two main characters: Yuri Trush, the lead tracker, and the tiger itself. Culminating in a showdown deep in the Siberian forest, *The Tiger* is a haunting, spellbinding tale of a hunt to the death; of man and nature in collision; of the ancient relationship between predators and prey; and an intimate portrait of a remarkable animal and its increasingly threatened world.

**Blood of the Tiger** J. A. Mills, 2015-11-24 *Blood of the Tiger* takes readers on a wild ride to save one of the world's rarest animals from a band of Chinese billionaires. Many people think wild tigers are on the road to recovery, but they are in greater danger than ever—from a menace few

experts saw coming. There may be only three thousand wild tigers left in the entire world. More shocking is the fact that twice that many—some six thousand—have been bred on farms, not for traditional medicine but to supply a luxury-goods industry that secretly sells tiger-bone wine, tiger-skin décor, and exotic cuisine enjoyed by China's elite. Two decades ago, international wildlife investigator J. A. Mills went undercover to expose bear farming in China and discovered the plot to turn tigers into nothing more than livestock. Thus begins the story of a personal crusade in which Mills mobilizes international forces to awaken the world to a conspiracy so pervasive that it threatens every last tiger in the wild. In this memoir of triumph, heartbreak, and geopolitical intrigue, Mills and a host of heroic comrades try to thwart a Chinese cadre's plan to launch billion-dollar industries banking on the extinction of not just wild tigers but also elephants and rhinos. Her journey takes her across Asia, into the jungles of India and Nepal, to Russia and Africa, traveling by means from elephant back to presidential motorcade, in the company of man-eaters, movie stars, and world leaders. She also journeys to the US where we meet people like Carole Baskin of Big Cat Rescue, who work tirelessly to end cub petting and ban private ownership and breeding of tigers and other big cats. She finds reason for hope in the increasing number of Chinese who do not want the blood of the last wild tigers to stain their beloved culture and motherland. Set against the backdrop of China's ascendance to world dominance, Blood of

the Tiger tells of a global fight to rein in the forces of greed on behalf of one of the world's most treasured and endangered animals.

**The Tiger** Sylvaine Peyrols, Gallimard Jeunesse (Publisher), 2013 Why are tigers, the biggest felines, in danger of extinction? They are active at night and sleep in the day. See how a tigress brings up her cubs. Meet the tigers many cousins in the cat family.

papers, the option to download Tiger has opened up a world of possibilities. Downloading Tiger provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for

efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Tiger has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This

inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Tiger. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without

any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Tiger. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors,

publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Tiger, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals

should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Tiger has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is

crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
