Ronald Tilson, Philip J. Nyhus

Tigers Rachael Hanel,2008 Introduces tigers, discussing the different species, the physical characteristics, habitat, life cycle, and predatory behaviors of the animal and the efforts being made to ensure their future.

Tigers Laura F. Marsh,2012 Describes the physical characteristics, behavior, and habitat of tigers.

The Good, the Bad, & the Ugly: Detroit Tigers George Cantor,2008-03-01 In entertaining—and unsparing—fashion, this book sparkles with Tigers highlights, lowlights, wonderful and wacky memories, legends and goats, the famous and the infamous. You'll relive the impressive run to the World Series in 2006 but also the horrendous years, when Tigers were in the cellar of their division. The clutch hitting of Kirk Gibson in the 1984 World Series but also the disastrous 2003 season. The Good, the Bad, & the Ugly: Detroit Tigers includes the best and worst Tiger teams and players of all time, the most clutch performances and performers, the biggest choke jobs and chokers, great comebacks and blown leads, plus overrated and underrated Tiger players and coaches. There are Tigers you loved for all the right reasons, and those you couldn't stand, sublime and embarrassing records, and trades, both savvy and savagely bad. Brawls and fights. Rivalries. Compelling photos. And much, much more.

*Tigers* Anna Claybourne,2014-05-08 Here's an animal lover's one-stop source for in-depth information on tigers! What do they eat? How do they behave? Are they at risk? This book also includes loads of fun and fascinating facts about tigers, as well as maps, charts, and wonderful photographs of these fearsome creatures.

*Tigers* Julie Murray,2019-08-01 This book introduces readers to the unique features of tigers. Basic information is covered, such as habitat, life cycle, range, diet and threats. Table of contents, map, interesting facts, glossary, and index are included. Aligned to Common Core Standards and correlated to state standards. Big Buddy Books is an imprint of Abdo Publishing, a division of ABDO.

*Detroit Tigers Gone Wild* George Hunter,2020-03-02 The Detroit Tigers came out of the womb scratching and snarling. Early owner James D. Burns orchestrated the only known arrest of a journalist while covering a game. It's the only Major League franchise to sign a star player out of prison, which happened twice. Ex-Tigers have done time for crimes ranging from armed robbery to racketeering-and worse. One tried to burn and dismember a group of men after they kidnapped his mother. Another threatened to blow up a cruise ship unless he was paid a sizeable ransom. And Detroit legend Ty Cobb ran afoul of the law several times during his brilliant, tumultuous and often mischaracterized career. Join Detroit News writer George Hunter on a foray into the darkest, unruliest and sometimes funniest moments in Tigers history.

*The Detroit Tigers Reader* Tom Stanton,2010-02-11 The Detroit Tigers Reader celebrates the great moments and personalities of the city's rich baseball history. The story of the Tigers---like the story of Detroit itself---is one of resilience and endurance. For baseball fans it's also an intensely personal one: Detroit Tigers baseball has flowed through the veins of generations of families. The essays, articles, and letters in The Detroit Tigers Reader capture those stories and the essence of the Tigers' spirit, tracing the history of the team from its first game on April 25, 1901, up through the arrival of Pudge Rodriguez in 2004. With contributions from some of the greatest sportswriters and athletes, as well as local journalists and fans, The Detroit Tigers Reader charts the highs and lows of one of the most extraordinary and celebrated teams in baseball history. Includes contributions from Mitch Albom Dave Anderson Joseph Durso Joe Falls Hank Greenberg Ernie Harwell Al Kaline Mike Lupica Grantland Rice Damon Runyon Babe Ruth

Neal Shine

**Bengal Tigers** Willow Clark,2012-08-15 Photographs and text introduces young readers to the Bengal tiger, discussing its life cycle, hunting methods, favorite foods, and more.

**100 Things Tigers Fans Should Know and Do Before They Die** Terry Foster,2013-04-01 One of the most storied and fascinating histories in all of Major League Baseball, the Detroit Tigers--an American League charter franchise in 1901--have survived some of the most intense highs and lows of any team in professional sports, and this lively and detailed book explores it all. This guide to all things Tigers covers the 1984 World Series championship and the riots it sparked; controversial Georgia Peach Ty Cobb; and crucial information such as important dates, player nicknames, memorable moments, singular achievements, and signature calls. This fully updated edition, which includes details on the Tigers' exciting 2011 playoff run and Miguel Cabrera's historic season as well as the Tigers' acquisition of Prince Fielder, guides fans on numerous of activities to help them celebrate their team in new and deeper ways.

**Top 50 Reasons to Care About Tigers** Mary Firestone,2010-01-01 Discusses the life of a tiger, how they hunt, the purpose of its stripes, caring for young, competing with people for space, and that these animals are very close to extinction.

**All About Asian Bengal Tigers** Carol Kline,2019-09-04 Why do Bengal Tigers have stripes? How long is a tiger's tail? Look inside All About Asian Bengal Tigers to find answers. You'll also discover beautiful, close-up photos of these strong, fascinating animals. Bengal Tigers is one of 18 books in our Animals Around the World series. Be sure to check out all 18!

**Threat to the Bengal Tiger** Claire O'Neal,2020-02-04 Before the 1900s, hundreds of thousands of wild tigers roamed Southeast Asia. Their beauty, fierceness, and intelligence inspired fear and awe in their human neighbors. These peoples gave the tiger starring roles in folktales and mythology. Human fascination with tigers continues. Unfortunately, the tiger may not survive in the wild much longer. Researchers estimate that fewer than 2,500 tigers remain in their natural habitat. As the human population explodes in Southeast Asia, the wild tiger population pays the price. Can the wild tiger be saved by its only natural enemy, people?

**Tigers of the World** Ronald Tilson,Philip J. Nyhus,2009-11-30 The second edition of Tigers of the World explores tiger biology, ecology,

conservation, management, and the science and technology that make this possible. In 1988, when the first edition was published, tiger conservation was still in its infancy, and two decades later there has been a revolution not only in what is known, but how information about tigers is obtained and disseminated. In the fast changing world of conservation, there is a great need to summarize the vast and current state-of-the-art, to put this into historical perspective, and to speculate in what yet remains to be done. *Tigers of the World, 2e* fulfills this need by bringing together in a unique way the world's leading tiger experts into one volume. Despite the challenges ahead, there are bright spots in this story and lessons aplenty not only for tiger specialists but large carnivore specialists, conservation biologists, wildlife managers, natural resource policymakers, and most importantly the caring public. \*Examines the past twenty years of research from the world's leading tiger experts on biology, politics, and conservation. \*Describes latest methods used to disseminate and obtain information needed for conservation and care of this species. \*Includes coverage on genetics and ecology, policy, poaching and trade, captive breeding and farming, and the status of Asia's last wild tigers. \*Excellent resource for grad courses in conservation biology, wildlife management, and veterinary programs. \*New volume continues the classic Noyes Series in Animal Behavior, Ecology, Conservation and Management.

**Blood of the Tiger** J. A. Mills, 2015-11-24 *Blood of the Tiger* takes readers on a wild ride to save one of the world's rarest animals from a band of Chinese billionaires. Many people think wild tigers are on the road to recovery, but they are in greater danger than ever—from a menace few experts saw coming. There may be only three thousand wild tigers left in the entire world. More shocking is the fact that twice that many—some six thousand—have been bred on farms, not for traditional medicine but to supply a luxury-goods industry that secretly sells tiger-bone wine, tiger-skin décor, and exotic cuisine enjoyed by China's elite. Two decades ago, international wildlife investigator J. A. Mills went undercover to expose bear farming in China and discovered the plot to turn tigers into nothing more than livestock. Thus begins the story of a personal crusade in which Mills mobilizes international forces to awaken the world to a conspiracy so pervasive that it threatens every last tiger in the wild. In this memoir of triumph, heartbreak, and geopolitical intrigue, Mills and a host of heroic comrades try to thwart a Chinese cadre's plan to launch billion-dollar industries banking on the extinction of not just wild tigers but also elephants and rhinos. Her journey takes her across Asia, into the jungles of India and Nepal, to Russia and Africa, traveling by means from elephant back to presidential motorcade, in the company of man-eaters, movie stars, and world leaders. She also

journeys to the US where we meet people like Carole Baskin of Big Cat Rescue, who work tirelessly to end cub petting and ban private ownership and breeding of tigers and other big cats. She finds reason for hope in the increasing number of Chinese who do not want the blood of the last wild tigers to stain their beloved culture and motherland. Set against the backdrop of China's ascendance to world dominance, Blood of the Tiger tells of a global fight to rein in the forces of greed on behalf of one of the world's most treasured and endangered animals.

### Tigers Introduction

In the digital age, access to information has become easier than ever before. The ability to

download Tigers has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Tigers has opened up a world of possibilities. Downloading Tigers provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Tigers has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF

downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Tigers. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Tigers. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of

authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Tigers, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Tigers has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms.

By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
