Under the Wide and Starry Sky Nancy Horan,2014-01-21 NEW YORK TIMES BESTSELLER • TODAY SHOW BOOK CLUB PICK • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND ST. LOUIS POST-DISPATCH From the New York Times bestselling author of *Loving Frank* comes a much-anticipated second novel, which tells the improbable love story of Scottish writer Robert Louis Stevenson and his tempestuous American wife, Fanny. At the age of thirty-five, Fanny Van de Grift Osbourne has left her philandering husband in San Francisco to set sail for Belgium—with her three children and nanny in tow—to study art. It is a chance for this adventurous woman to start over, to make a better life for all of them, and to pursue her own desires. Not long after her arrival, however, tragedy strikes, and Fanny and her children repair to a quiet artists' colony in France where she can recuperate. Emerging from a deep sorrow, she meets a lively Scot, Robert Louis Stevenson, ten years her junior, who falls instantly in love with the earthy, independent, and opinionated "belle Americaine." Fanny does not immediately take to the slender young lawyer who longs to devote his life to writing—and who would eventually pen such classics as *Treasure Island* and *The Strange Case of Dr. Jekyll and Mr. Hyde*. In time, though, she succumbs to Stevenson's charms, and the two begin a fierce love affair—marked by intense joy and harrowing darkness—that spans the decades and the globe. The shared life of these two strong-willed individuals unfolds into an adventure as impassioned and unpredictable as any of Stevenson's own unforgettable tales. Praise for *Under the Wide and Starry Sky* "A richly imagined [novel] of love, laughter, pain and sacrifice . . . Under the Wide and Starry Sky is a dual portrait, with Louis and Fanny sharing the limelight in the best spirit of teamwork—a romantic partnership."—USA Today "Powerful . . . flawless . . . a perfect example of what a man and a woman will do for love, and what they can accomplish when it's meant to be."—Fort Worth Star-Telegram "Horan's prose is gorgeous enough to keep a reader transfixed, even if the story itself weren't so compelling. I kept re-reading passages just to savor the exquisite wordplay. . . . Few writers are as masterful as she is at blending carefully researched history with the novelist's art."—The Dallas Morning News "A classic artistic bildungsroman and a retort to the genre, a novel that shows how love and marriage can simultaneously offer inspiration and encumbrance."—The New York Times Book Review

Today's Priorities in Mental Health S.H. Fine,R. Knell,T.Y. Lin,2012-12-06 Two themes seem to emerge repeatedly when reading through this volume. One is 'consensus' and the other is 'search'. There was a strong consensus during the Congress that children and families were the major and foremost concern of all present, regardless of their geographic origin or professional background. This concern was often expressed in terms of commitment to or as goal for the international mental health movement for the years to come. The second theme, 'search', represents an effort to translate this concern into activities: search for concrete, immediate goals, for ways and means of translating into actual programs and projects, for interested people to carry on the work and better ways to train them to do the work well, for ways to obtain support, and lastly, search for ways of coordinating efforts of people in different parts of the world. All these and other matters are taken up in the discussions in this volume. The complexity of problems encountered in a rapidly changing world and the diversity of resources

available in different parts of the world, make the task of searching difficult and sometimes confusing. In spite of the earnest efforts made, the results may be inconclusive and some of those proposed can be regarded only as hypotheses or ideas for experimentation.

Competition Policy and Intellectual Property in Today's Global Economy Robert D. Anderson, Nuno Pires de Carvalho, Antony Taubman, 2021-08-05 The fast-evolving relationship between the promotion of welfare-enhancing competition and the balanced protection of intellectual property (IP) rights has attracted the attention of policymakers, analysts and scholars. This interest is inevitable in an environment that lays ever greater emphasis on the management of knowledge and innovation and on mechanisms to ensure that the public derives the expected social and economic benefits from this innovation and the spread of knowledge. This book looks at the positive linkage between IP and competition in jurisdictions around the world, surveying developments and policy issues from an international and comparative perspective. It includes analysis of key doctrinal and policy issues by leading academics and practitioners from around the globe and a cutting-edge survey of related developments across both developed and developing economies. It also situates current policy developments at the national level in the context of multilateral developments, at WIPO, WTO and elsewhere.

1968: Today's Authors Explore a Year of Rebellion, Revolution, and Change Marc Aronson, Susan Campbell Bartoletti, 2018-09-11 Welcome to 1968 – a revolution in a book. Essays, memoirs, and more by fourteen award-winning authors offer unique perspectives on one of the world's most tumultuous years. Nineteen sixty-eight was a pivotal year that grew more intense with each day. As thousands of Vietnamese and Americans were killed in war, students across four continents took over colleges and city streets. Assassins murdered Dr. King and Robert F. Kennedy. Demonstrators turned out in Prague and Chicago, and in Mexico City, young people and Olympic athletes protested. In those intense months, generations battled and the world wobbled on the edge of some vast change that was exhilarating one day and terrifying the next. To capture that extraordinary year, editors Marc Aronson and Susan Campbell Bartoletti created an anthology that showcases many genres of nonfiction. Some contributors use a broad canvas, others take a close look at a moment, and matched essays examine the same experience from different points of view. As we face our own moments of crisis and division, 1968 reminds us that we've clashed before and found a way forward – and that looking back can help map a way ahead.
