**Toshi American** Robert B. Whitebrook,2008-09 Toshi American is the story of two brave women, Toshi and Minako, traveling from Japan aboard the ship Mikado Maru. As they head to Hawaii for a better life their fates are forever changed when Toshi saves the life of a passenger named David Levy. But just who is this mysterious traveling professor and what is his connection to ancient Jewish history? Will he truly be able to help Toshi and Minako as they strive to establish themselves in their new homeland? With varying sways of moving plotline and heartfelt emotion, Toshi American will captivate readers.

**Toshi's Little Treasures** Nadine Robert,2016-04-05 In this appealing search-and-find informational picture book, readers join a little boy named Toshi as he and his grandmother explore six of their favorite places --- the riverbank, the town, the forest, the country, the park and the beach. At each location, Toshi finds treasures to add to his collection, from a dragonfly wing to a glittery rock to a guitar pick. Best of all, his grandmother always knows what everything is! Each scene is featured in a full-spread illustration, with lots of potential treasures labeled. Following that is an activity in which readers help Toshi identify his found treasures from each place by matching them to related items (for example, pink peony petals matching the peony plant, and a coin matching the coin purse). Answers at the back of the book reveal interesting facts about them all, adding context. The animals that Toshi and his grandmother encounter are also shown at the back of the book. Using an innovative technique that mixes fiction and nonfiction, this book is the perfect resource for life science lessons on habitats and the environment. It encourages observation skills, curiosity and critical thinking --- building blocks for studying science. This book would be a terrific inspiration for a trip around the neighborhood in which children can find, identify and draw treasures of their own. It could also be used as a starting point for storytelling, in which children imagine the story of a treasure --- Toshi's or their own --- before it was found.

**Mao's Army Goes to Sea** Toshi Yoshihara,2023-01-03 New details about the founding of China's Navy reveals critical historical context and insight into future strategy From 1949 to 1950, the People's Liberation Army (PLA) made crucial decisions to establish a navy and secure China's periphery. The civil war had been fought with a peasant army, yet in order to capture key offshore islands from the Nationalist rival, Mao Zedong needed to develop maritime capabilities. Mao's Army Goes to Sea is a ground-breaking history of the founding of the Chinese navy and Communist China's earliest island-seizing campaigns. In this definitive account of a little-known yet critical moment in China's naval history, Toshi Yoshihara shows that Chinese leaders refashioned the stratagems and tactics honed over decades of revolutionary struggle on land for nautical purposes. Despite significant challenges, the PLA ultimately scored important victories over its Nationalist foes as it captured offshore islands to secure its position. Drawing extensively from

newly available Chinese-language sources, this book reveals how the navy-building process, sea battles, and contested offshore landings had a lasting influence on the PLA. Even today, the institution's identity, strategy, doctrine, and structure are conditioned by these early experiences and myths. *Mao's Army Goes to Sea* will help US policymakers and scholars place China's recent maritime achievements in proper historical context—and provide insight into how its navy may act in the future.

**A Trio of Zen Buddhist Stories** Albert Shansky, 2011-03-28 So there you have it; three tragic stories, two ending in death, all three of an existential mode. What does it all mean? Is one's life guided by some supernatural force? Or is it the individual's Karma which is the driving force of our actions? According to karma theory every action has a consequence which will come to fruition in either this or a future life; thus morally good acts will have positive consequences, whereas bad acts will produce negative results.

**Our Story** Toshi J, 2018-08-24 It feels like only yesterday, a distant lullaby in my forlorn soul. Nothing can ever replace you, or the love you put in my life. There are still times I feel a pang of guilt for what happened to you; When I do, what ifs and if onlys begin to stir in my belly. If only I had been honest from the beginning. Those were the first thoughts that ran through my mind as I began this memoir years ago. This book chronicles my life through the years proceeding high school. It's about the underlying struggle and result of depression, low self esteem, love and loss, and overcoming to draw closer to God. If you choose to take this journey with me, I hope it touches you, and that it helps you through a low time in your life.

*The City as Subject* Jeffrey E. Hanes, 2002-05-10 After three years of advanced study in Europe at the turn of the twentieth century, during which he engaged Marxism and later steeped himself in the exciting new field of social economics, Seki was transformed into a progressive.--BOOK JACKET.

Imaginary Athens Jin-Sung Chun, 2020-11-25 This book comprehensively examines architecture, urban planning, and civic perception in three modern cities as they transform into national capitals through an entangled, transnational process that involves an imaginative geography based on embellished memories of classical Athens. Schinkel's classicist architecture in Berlin, especially the principle of tectonics at its core, came to be adopted effectively at faraway cities in East Asia, merging with the notion of national polity as Imperial Japan sought to reinvent Tokyo and mutating into an inevitable reflection of modern civilization upon reaching colonial Seoul, all of which give reason to ruminate over the phantasmagoria of modernity.

**Red Star over the Pacific, Second Edition** Toshi Yoshihara, James Holmes, 2018-12-15 Combining a close knowledge of Asia and an ability to tap Chinese-language sources with naval combat experience and expertise in sea-power theory, the authors assess how the rise of Chinese sea power will affect U.S. maritime strategy in Asia. They argue that China has laid the groundwork for a sustained challenge to American primacy in maritime Asia,

and to defend this hypothesis they look back to Alfred Thayer Mahan's sea-power theories, now popular with the Chinese. The book considers how strategic thought about the sea shapes Beijing's deliberations and compares China's geostrategic predicament to that of the Kaiser's Germany a century ago. It examines the Chinese navy's operational concepts, tactics, and capabilities and appraises China's missile force. The authors conclude that China now presents a challenge to America's strategic position of such magnitude that Washington must compete in earnest.

**In the Service of Samurai** Gloria Oliver, 2023-07-13 The samurai smelled of the sea, dripping on the ground, algae strung from his armor and an eerie green light glowing from the eye slits of his demon-mask. For the first time in his life, Toshi discovers that monsters do roam the earth. And this one has come for him. Dragged from his home and into the company of the undead, Toshi must use his skills to help the creatures holding him hostage. The alternative is to fail and become one of them. But those who do not wish his new master's quest to succeed may make Toshi one of the truly dead before they will allow him to do what only he can to help.

Arcade Game Typography Toshi Omigari, 2019-11-05 The definitive survey of '70s, '80s, and early '90s arcade video game pixel typography. Arcade Game Typography presents readers with a fascinating new world of typography: the pixel typeface. Video game designers of the '70s, '80s, and '90s faced color and resolution limitations that stimulated incredible creativity. With each letter having to exist in a small pixel grid, artists began to use clever techniques to create elegant character sets within a tiny canvas. This book presents typefaces on a dynamic and decorative grid, taking reference from high-end type specimens while adding a suitably playful twist. Arcade Game Typography recreates that visual aesthetic, fizzing with life and color. Featuring pixel typefaces carefully selected from the first decades of arcade video games, Arcade Game Typography presents a completist survey of a previously undocumented outsider typography movement, accompanied by insightful commentary from author Toshi Omigari, a Monotype typeface designer himself. Gathering an eclectic range of typography, from hit games such as Super Sprint, Marble Madness, and Space Harrier to countless lesser-known gems, Arcade Game Typography is a vivid nostalgia trip for gamers, designers, and illustrators alike.

**Real World** Natsuo Kirino, 2009-07-14 In a crowded Tokyo suburb, four teenage girls indifferently wade their way through a hot, smoggy summer. When one of them, Toshi, discovers that her nextdoor neighbor has been brutally murdered, the girls suspect the killer is the neighbor's son. But when he flees, taking Toshi's bike and cell phone with him, the four girls get caught up in a tempest of dangers that rise from within them as well as from the world around them. Psychologically intricate and astute, Real World is a searing, eye-opening portrait of teenage life in Japan unlike any we have seen before.

Beautiful Samurai, White Tiger Sedonia Guillone, 2013-07-15 Publisher's note: This book was previously published in 2008. It has been revised for re-release with Ai Press. Japanese police inspector Toshi and his American partner John are back in this sequel to His Beautiful Samurai. Toshi and John are still reeling from their last adventure, dealing with family issues and trying to get ready for Toshi's uncle's funeral. Toshi's uncle died with a secret that's kept Toshi tied to his family, unable to fulfill his own life. During the funeral preparations, his uncle's dear friend and former lover,

Tokuma comes to Toshi for help. Fearing his nephew Yuzo has been kidnapped by the Yakuza, Tokuma asks Toshi and John to look into the young man's disappearance. Their investigation takes them into the murky underworld of the Japanese mob, and eventually leads them undercover to the temple of the White Tiger, a place of spirituality, love and danger. Learning the ways of the White Tiger opens John up to his psychic ability in unexpected ways, and brings the lovers closer than they ever thought possible. Through a series of unbelievably erotic encounters, John and Toshi learn the power of their love, and begin to believe that they can overcome anything, from Toshi's disapproving family to the mystery of the missing nephew. Can they find Yuzo before it's too late? Sedonia Guillone is the author of *His Beautiful Samurai* and *My Hot Muse*, stories that blend high eroticism with tender characters to create unique and powerful romances.

*His Beautiful Samurai* Sedonia Guillone, 2013-05-15 Publisher's note: *His Beautiful Samurai* has been extensively revised for release with Ai Press. It is a VASTLY different story from the 2006 edition from Torquere Press. Sex and murder don't mix but Detective Toshiro Genjin and psychic John Holmes do... John Holmes comes to Tokyo to help stop a killer. Through the use of his psychic abilities, he can help find out things that no one else sees. Toshi is a policeman who reluctantly accepts John's help, but from their first touch, John knows he wants more than that. He wants all Toshi can give him, and the heat between them surprises, and delights him. The modern killer, a historical murder of two samurai, and Toshi's need to honor other commitments combine to make the blooming love between John and Toshi difficult. And dangerous. The more deeply they delve into the past, the more unsure the future looks. Could the heat between them be the only thing that can solve the mystery, despite all of the difficulties that stand in their way? Can they find a way to keep what is most precious to them? Haunting and powerful, *His Beautiful Samurai* is a murder mystery, a romance, and a study in the supernatural. Get your hands on it today!

Kerry James Marshall Sandra Jackson-Dumont, 2018-09-18 This volume documents a groundbreaking convening on January 28, 2017 in The Met's Grace Rainey Rogers Auditorium, inspired by the exhibition *Kerry James Marshall: Mastry on view* at The Met Breuer October 25, 2016–January 29, 2017. During the daylong event, twenty noted thought leaders and creative practitioners considered the role of creativity, hard work, social justice, and imagination in art history, performance, science, and other disciplines inspired by visual artist Kerry James Marshall's practice and work. The event was a mix of rich extended conversations and exciting nine-minute performances and presentations. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 14.0px Verdana} The program and this publication were made possible by the generous support of the Ford Foundation.
