

# Touch

**Alexi Zentner**

**Touch** Claire North, 2015-02-24 Touch is an electrifying thriller by the author of The First Fifteen Lives of Harry August and 84K. He tried to take my life. Instead, I took his. It was a long time ago. I remember it was dark, and I didn't see my killer until it was too late. As I died, my hand touched his. That's when the first switch took place. Suddenly, I was looking through the eyes of my killer, and I was watching myself die. Now switching is easy. I can jump from body to body, have any life, be anyone. Some people touch lives. Others take them. I do both. More by Claire North: The Gameshouse 84K The End of the Day The Sudden Appearance of Hope Touch The First Fifteen Lives of Harry August

**Touch** Courtney Maum, 2018-08-07 “[A] warm-hearted tale of a woman reconfiguring her priorities.”—O, The Oprah Magazine NPR, Best Books of 2017 Belletrist's Book Pick for June New York Times Book Review, Editors' Choice Glamour, The 6 Juiciest Summer Reads” New York Post, “The 29 Best Books of the Summer” Huffington Post, “24 Incredible Books You Should Read This Summer” BuzzFeed, 22 Exciting Books You Need to Read This Summer Refinery 29, “The Best Reads of May Are Right Here” A heartfelt, hilarious tale of a famous trend forecaster who suddenly finds herself at odds with her own predictions...and her own heart. Estranged from her family, best friends with her driverless car, partnered with a Frenchman who believes in post-sexual sex, international trend forecaster Sloane Jacobsen is the perfect candidate to lead tech giant Mammoth's conference for affluent consumers who prefer virtual relationships to the real thing. But early in her contract, Sloane starts picking up on cues that physical intimacy is going to make a major comeback, leaving many--Sloane included--to question if the forty-year-old's intuitions are as dependable as they once were. And if Sloane goes rogue against her all-powerful employer, will she be able to let in the love and connectedness she's long been denying herself? A poignant but amusing call to arms that showcases Courtney Maum's signature humor, Touch is a moving investigation into what it means to be an individual in a globalized world.

Touch Tiffany Field, 2001 An essay on the importance of touch to children's growth and development and to the physical and mental well-being of people of all ages. The first sensory input in life comes from the sense of touch while a baby is still in the womb, and touch continues to be the primary means of learning about the world throughout infancy, well into childhood. Touch is critical for children's growth, development, and health, as well as for adults' physical and mental well-being. Yet American society, claims Tiffany Field, is dangerously touch-deprived. Field, a leading authority on touch and touch therapy, begins this accessible book with an overview of the sociology and anthropology of touching and the basic psychophysical properties of touch. She then reports recent research results on the value of touch therapies, such as massage therapy, for various conditions, including asthma, cancer, autism, and eating disorders. She emphasizes the need for a change in societal attitudes toward touching, particularly among those who work with children.

The Book of Touch Constance Classen, 2020-09-03 This book puts a finger on the nerve of culture by delving into the social life of touch, our most elusive yet most vital sense. From the tortures of the Inquisition to the corporeal comforts of modernity, and from the tactile therapies of Asian medicine to the virtual tactility of cyberspace, The Book of Touch offers excursions into a sensory territory both foreign and familiar. How are masculine and feminine identities shaped by touch? What are the tactile experiences of the blind, or the autistic? How is touch developed differently across cultures? What are the boundaries of pain and pleasure? Is there a politics of touch? Bringing together classic writings and new work, this is an essential guide for anyone interested in the body, the senses and the experiential world.

**Touch** Richard Kearney, 2021 Richard Kearney offers a timely call for the cultivation of the basic human need to touch and be touched. Making the case for the complementarity of touch and technology, this book is a passionate plea to recover a tangible sense of community and the joys of life with others.

**Touch** Rebecca Miller,2021-04-05 WHAT IS YOUR PURPOSE? A powerful story of two teens searching: one for their place in the world, the other for a reason to survive. After her mother's sudden death, artistically gifted Megan lost her will to draw as she watched her family crumble. When her father unexpectedly moves what's left of them halfway across the country to mend, Megan must try, yet again, to rise from the ashes and create a new existence for herself. She's intrigued when she sees Shawn—a secluded classmate who sparks unexpected drawing inspiration. Shawn is protecting a terrible secret and teeters on the edge of letting go. With each layer Megan strips from him, she gets hints about how broken he is. If Shawn is brave enough to open up, Megan might be his undoing—which could save his life. But when Megan learns his darkest secret, will she be able to convince him life is still worth living? Through a heart-wrenching journey that immerses Megan's entire family in the dangerous and unthinkable world Shawn lives in, Megan succumbs to certain truths about life: Nothing happens by accident. We are exactly where we're meant to be. We all really are here for a reason. Reality is rarely subtle. *Touch* depicts abuses that may be difficult for some readers and is recommended for a mature audience.

**Touch** Elmore Leonard,2009-10-13 *Touch* is sensational suspense from the master of crime fiction, New York Times bestselling author Elmore Leonard. A Michigan woman was blind and now she can see, after being touched by a young man who calls himself Juvenal. Maybe it was just coincidence, but Bill Hill—who used to run the spectacular Uni-Faith Ministry in Dalton, Georgia, and now sells RVs—can see dollar signs when he looks at this kid with the magic “touch.” The trouble is that others see them also, including a wacko fundamentalist fascist with his own private army of the faithful and an assortment of media leeches. But everyone who’s looking to put the touch on the healer is in for a big surprise—because Juvenal’s got a trick or two up his sleeve that nobody sees coming.

**The Touch Book** Nicola Edwards,2021-03-23 Inspired by the Montessori method of education this tactile book of textures engages children with the natural world through touch and encourages children to interact imaginatively with their environment. In this touch and feel book of textures, children can squish the sea sponge, scrape the rough tree bark, and touch the sheep's fluffy fleece while learning about the natural world around them. My World is an engaging series inspired by the Montessori method of education where each title features hands-on, practical learning. Enthusiastic young learners can explore many exciting topics presented in creative, unique formats.

*What Is Touch?* Jennifer Boothroyd,2009-09-01 Introduces the sense of touch, describing how the nervous system works with the skin to identify and regulate touch, and includes information on how temperature, pain, pressure, and texture are indicated by touch.

**Out of Touch** Michelle Drouin,2023-06-06 A behavioral scientist explores love, belongingness, and fulfillment, focusing on how modern technology can both help and hinder our need to connect. A Next Big Idea Club nominee. Millions of people around the world are not getting the physical, emotional, and intellectual intimacy they crave. Through the wonders of modern technology, we are connecting with more people more often than ever before, but are these connections what we long for? Pandemic isolation has made us even more alone. In *Out of Touch*, Professor of Psychology Michelle Drouin investigates what she calls our intimacy famine, exploring love, belongingness, and fulfillment and considering why relationships carried out on technological platforms may leave us starving for physical connection. Drouin puts it this way: when most of our interactions are through social media, we are taking tiny hits of dopamine rather than the huge shots of oxytocin that an intimate in-person relationship would provide. Drouin explains that intimacy is not just sex—although of course sex is an important part of intimacy. But how important? Drouin reports on surveys that millennials (perhaps distracted by constant Tinder-swiping) have less sex than previous generations. She discusses pandemic puppies, professional cuddlers, the importance of touch, “desire discrepancy” in marriage, and the value of friendships. Online dating, she suggests, might give users too many options; and the internet facilitates “infidelity-related behaviors.” Some technological advances will help us

develop and maintain intimate relationships—our phones, for example, can be bridges to emotional support. Some, on the other hand, might leave us out of touch. Drouin explores both of these possibilities.

*The Touch* Randall Wallace, 2011-08-17 2012 Christy Award finalist, Contemporary series category. Andrew Jones was once one of the few surgeons in the world to have that rare, God-given ability called The Touch. But after failing to save his young fiancée, Faith, at the scene of a car accident, Jones abandons his gift and shuns the operating room. Lara Blair owns a Chicago-based biomedical engineering company developing a surgical tool that will duplicate precisely the movement of a surgeon's hands, reducing or eliminating failed surgical procedures. Lara has pursued the best surgeons in the world to test this surgical tool, and all of them have failed. As Lara pursues Jones's skill for her project, Jones's stubborn resistance cracks, and he begins to open up to her about the wounds that still haunt him. But when Jones discovers the urgency behind Lara's work, he must choose to move beyond his past. As each is forced to surrender secret fears, they are bonded together through the lives of the people Jones serves and by the healing secret that Faith left behind.

**The Power of Touch** Phyllis Davis, Ph.D., 1999-04-01 Were you raised in a non-touching atmosphere? Is your inner hunger really a yearning for touch? Do you know what your touching taboos are? Do you wish you could feel more comfortable touching others or being touched? Are you fulfilling your loved one's need for touch? Would you like to learn how touching influences behavior and how it could enrich your daily? In the revised edition of her exciting book, *The Power of Touch*, Phyllis K. Davis explores the human need to touch and be touched--and how America's cultural taboos have made us a touch-starved nation. Phyllis shares important insights on physical contact, not only as a biological need, but also as a language that communicates love more powerfully than words. Thought provoking and inspiring, *The Power of Touch* examines the catastrophic effects on individuals not nurtured by loving touch. People deprived of this kind of touch often exhibit compulsive overeating, restlessness, drug abuse, promiscuity, and workaholism. Even more shocking--singles deprived of touch have a death rate five times higher than their married counterparts. Phyllis also refutes the myth that picking up crying infants spoils them and stresses the role being physically nurtured as babies plays in becoming well-adjusted adults. To help the reader learn how to bring more touch into their lives, Phyllis includes a chapter of touching exercises and ideas. Without touch, a baby dies, the human heart aches, and the soul withers. Touch is communication on the most basic level: *The Power of Touch* is about the language of love spoken through physical contact. The need for touch is a necessity throughout our lives, from birth to death, which serves to sustain us emotionally and physically. She discusses how touch can improve relationships of all kinds--parent/child, man/woman, friend/friend--help heal the body, and open the heart to a deeper love. She provides insights into the role of touch in infant health, sexual satisfaction, well-being of the elderly, and she suggests a number of activities and exercises that will make touching a delightful and valuable tool in your life. In this wonderful book, author Phyllis K. Davis teaches you about the role of touch in healing, infant care, raising children, developmental psychology, lovemaking, old age, and friendship. The message is simple: Open your heart, reach out, and touch those you care about. If you are a friend, parent, massage therapist, teacher, lover, grandparent, caretaker, health-care professional--or just a compassionate human being--you will learn how even the briefest and simplest forms of touch influence your behavior and enrich the lives of those sharing your world.

**Touch** David J. Linden, 2016-01-26 The New York Times bestselling author of *The Compass of Pleasure* examines how our sense of touch is interconnected with our emotions. Dual-function receptors in our skin make mint feel cool and chili peppers hot.

**See, Touch, Feel** Roger Priddy, 2018-09-25 There's lots for baby to explore in *See, Touch, Feel: A First Sensory Book*. This sturdy board book, with bright photographs of happy babies, is specially designed to stimulate curiosity through sensory play. Each page has a colorful picture activity that invites baby to touch and explore. There are raised textures to feel, finger trails to follow, and a shiny mirror to look in to. Can they follow the

swirl on the snail's shell. Can they tap the drum? As your baby grows, See, Touch, Feel will help your child develop language recognition and motor skills, as they learn to interact with the book in new ways. With lots to explore together, See, Touch, Feel is an ideal first book to share with your baby.

**Don't Touch My Hair!** Sharee Miller, 2018-12-04 An entertaining picture book that teaches the importance of asking for permission first as a young girl attempts to escape the curious hands that want to touch her hair. It seems that wherever Aria goes, someone wants to touch her hair. In the street, strangers reach for her fluffy curls; and even under the sea, in the jungle, and in space, she's chased by a mermaid, monkeys, and poked by aliens...until, finally, Aria has had enough! Author-illustrator Sharee Miller takes the tradition of appreciation of black hair to a new, fresh, level as she doesn't seek to convince or remind young readers that their curls are beautiful--she simply acknowledges black beauty while telling a fun, imaginative story.

**Touch** Samantha Hess, 2014-02-14 Technology allows us to communicate across vast distances but something is lost in translation. Busy lives result in neglected relationships and patterns of behavior that discourage intimacy. *Touch: The Power of Human Connection* illustrates 19 positions designed to bring you closer to the people you value and achieve true fulfillment. More importantly, *Touch* reveals the science behind cuddling and why it is such a fundamental need. While no book guarantees happiness, *Touch* comes awfully close. This book shows you how to improve your health, boost your personal energy, strengthen your relationships, satisfy your partner and approach life with confidence. Samantha Hess created a work of astonishing power and grace.

*Touch* Alexi Zentner, 2011-04-12 Beautifully written, hauntingly told, a New Face of Fiction novel that in its storytelling and recounting of a multi-generational family story brings to mind Márquez's *One Hundred Years of Solitude*— and in its evocation of the mythic wilderness, Joseph Boyden's *Three Day Road*. My grandfather lifted the cup of tea and blew on it again. We were waiting for him to speak, and like any good storyteller he savored the anticipation, letting us dangle for just an extra moment. I came back, he said, to introduce Stephen to his grandmother. What? My mother stared at him as if he had lost his mind. Why have I come back to Sawgamet? Why now? He looked at me. I've come for your grandmother, he said. I've come to raise the dead. This is Sawgamet, a mining boomtown gone bust, a logging village where the cold of winter breaks the glass of the schoolhouse thermometer, where the dangers of working in the cuts are overshadowed by the dark mysteries lurking in the woods. Thirty years after his grandfather's pronouncement, Stephen, now a pastor with a wife and family, returns home on the eve of his mother's funeral, to reconnect with the stories of his mythic grandfather and to confront the losses of childhood. Introducing a world of wonder and tenderness, a world where the monsters and witches of the woods are set against singing dogs and golden caribou, *Touch* is a haunting tale of three generations of love and loss in a town in Northern BC.

**Touch! My Big Touch-and-Feel Word Book**, 2017-04-04 Child development specialists have shown that children learn best when they acquire knowledge through multiple senses. Not only sight and sound, but touch as well, are critical elements in their development. Children love learning to name objects, and they are in for a multisensory treat with this big book containing 150 words and 30 touch-and-feel elements. Featuring many things familiar in a young child's world—a soft blanket, the smooth skin of a dolphin, a rough-textured sack—this generously oversized volume helps young readers build vocabulary and develop picture and word associations. The perfect baby shower gift!

**Don't Touch This Book!** Bill Cotter, 2017-02 Larry the lovable monster from *Don't Push the Button* is back with another hilarious, interactive adventure I know what you're thinking: this is a pretty cool-looking book. But... DON'T TOUCH THIS BOOK (Don't even try it, bub.) Okay, okay. You can touch, but you can only use ONE finger. Whoa. How'd you do that? Larry is a loveable monster, but he has trouble sharing. It's up to you to show

him how it's done

**Designing for Touch** Josh Clark, 2015-10-28 Touch introduces physicality to designs that were once strictly virtual, and puts forth a new test: How does this design feel in the hand? Josh Clark guides you through the touchscreen frontier. Learn about ergonomic demands (and rules of thumb), layout and sizing for all gadgets, an emerging gestural toolkit, and tactics to speed up interactions and keep gestures discoverable. Get the know-how to design for interfaces that let you touch-stretch, crumple, drag, flick-information itself. It's in your hands.

Eventually, you will unquestionably discover a further experience and feat by spending more cash. yet when? realize you consent that you require to get those every needs similar to having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will guide you to understand even more in relation to the globe, experience, some places, afterward history, amusement, and a lot more?

It is your extremely own era to put on an act reviewing habit. in the midst of guides you could enjoy now is **Touch** below.
