Triple Ken Follett,2015-02-03 A New York Times bestselling novel of international suspense and terror from the author of The Pillars of the Earth, World Without End, A Column of Fire, and The Evening and the Morning As Egypt comes closer and closer to developing a nuclear bomb, the Mossad’s number one Israeli agent is given an impossible mission: to beat the Arabs in the nuclear arms race by finding and stealing two hundred tons of uranium. The world’s balance of power will shift. And the Mossad, the KGB, the Egyptians, and Fedayeen terrorists will play out the final, violent moves in this devastating game where the price of failure is a nuclear holocaust. . . .

The Triple Package Amy Chua,Jed Rubenfeld,2014-02-04 That certain groups do much better in America than others—as measured by income, occupational status, test scores, and so on—is difficult to talk about. In large part this is because the topic feels racially charged. The irony is that the facts actually debunk racial stereotypes. There are black and Hispanic subgroups in the United States far outperforming many white and Asian subgroups. Moreover, there’s a demonstrable arc to group success—in immigrant groups, it typically dissipates by the third generation—puncturing the notion of innate group differences and undermining the whole concept of 'model minorities.' Mormons have recently risen to astonishing business success. Cubans in Miami climbed from poverty to prosperity in a generation. Nigerians earn doctorates at stunningly high rates. Indian and Chinese Americans have much higher incomes than other Americans; Jews may have the highest of all. Why do some groups rise? Drawing on groundbreaking original research and startling statistics, The Triple Package uncovers the secret to their success. A superiority complex, insecurity, impulse control—these are the elements of the Triple Package, the rare and potent cultural constellation that drives disproportionate group success. The Triple Package is open to anyone. America itself was once a Triple Package culture. It’s been losing that edge for a long time now. Even as headlines proclaim the death of upward mobility in America, the truth is that the old-fashioned American Dream is very much alive—but some groups have a cultural edge, which enables them to take advantage of opportunity far more than others. • Americans are taught that everyone is equal, that no group is superior to another. But remarkably, all of America’s most successful groups believe (even if they don’t say so aloud) that they’re exceptional, chosen, superior in some way. • Americans are taught that self-esteem—feeling good about yourself—is the key to a successful life. But in all of America’s most successful groups, people tend to feel insecure, inadequate, that they have to prove themselves. • America today spreads a message of immediate gratification, living for the moment. But all of America’s most successful groups cultivate heightened discipline and impulse control. But the Triple Package has a dark underside too. Each of its elements carries distinctive pathologies; when taken to an extreme, they can have truly toxic effects. Should people strive for the Triple Package? Should America? Ultimately, the authors conclude that the Triple Package is a ladder that should be climbed and then kicked away, drawing on its power but breaking free from its constraints. Provocative and profound, The Triple Package will transform the way we think about success and achievement.

Triple Cross Louis Toscano,1990 A suspenseful tale of spies and secrets, Triple Cross is a deeply human story of a naive young man's crusade to expose Israel's nuclear weapons program in the hope that such exposure would bring peace.

The Triple Package Jed Rubenfeld,Amy Chua,2014-02-05 Why do Jews win so many Nobel Prizes and Pulitzer Prizes? Why are Mormons running the business and finance sectors? Why do the children of even impoverished and poorly educated Chinese immigrants excel so remarkably at school? It may be taboo to say it, but some cultural groups starkly outperform others. The bestselling husband and wife team Amy Chua, author of Battle Hymn of the Tiger Mother, and Jed Rubenfeld, author of The Interpretation of Murder, reveal the three essential components of success – its hidden spurs, inner dynamics and its potentially damaging costs – showing how, ultimately, when properly understood and harnessed, the Triple Package can put anyone on their chosen path to success.

Triple Threat Tracey West,2010 Plumbers' helpers are jealous of Ben and friends because they're the best alien-fighters, so when Grandpa Max needs help the mission turns into a competition.

The DH (The Triple Threat, 3) John Feinstein,2016-09-06 Perfect for baseball lovers and fans of Mike Lupica, book three in the Triple Threat series by New York Times bestselling sports writer John Feinstein explores what happens when athletes break the rules. Alex Myers’s football and basketball seasons were mired in controversy, and his dad’s been MIA since his parents split up. All Alex wants this spring is to work on his fastball and hang out with his maybe-girlfriend, Christine. But he runs into unexpected competition on both fronts. Matt Gordon was suspended from sports after he admitted taking PEDs during football season, but the athletic board has decided to give him another chance. So he’s on the team—and he’s got something to prove. He’s also got his eye on Christine. The question this season—is all fair in love and baseball? Or are some things truly foul? Filled with action, intrigue, and intense rivalries, The DH and the other books in the Triple Threat series follow the ups and downs of one talented athlete’s year in sports. Praise for book one in the Triple Threat series, The Walk On: “All the goods for the sports enthusiast—and more.” —Kirkus Reviews “Full of refreshingly decent high school students, first crushes, a dose of dating drama, and a cliff-hanger ending, The Walk On will interest even non-football fans.” —School Library Journal Praise for book two in the Triple Threat series, The Sixth Man: “Suspenseful and well-dramatized sports action scenes. . . . Solidly drawn, both on and off the court.” —Kirkus Reviews

Triple Systems Charles J. Colbourn,Alexander Rosa,1999 Among the simplest combinatorial designs, triple systems have diverse applications in coding theory, cryptography, computer science, and statistics. This book provides a systematic and comprehensive treatment of this rich area of mathematics.

Jordan Triple Systems in Complex and Functional Analysis José M. Isidro,2019-12-09 This book is a systematic account of the impressive developments in the theory of symmetric manifolds achieved over the past 50 years. It contains detailed and friendly, but rigorous, proofs of the key results in the theory. Milestones are the study of the group of holomomorphic automorphisms of bounded domains in a complex Banach space (Vigué and Upmeyer in the late 1970s), Kaup's theorem on the equivalence of the categories of symmetric Banach manifolds and that of hermitian Jordan triple systems, and the culminating point in the process: the Riemann mapping theorem for complex Banach spaces (Kaup, 1982). This led to the introduction of wide classes of Banach spaces known as JB*-triples and JBW*-triples whose geometry has been thoroughly studied by several outstanding mathematicians in the late 1980s. The book presents a good example of fruitful interaction between different branches of mathematics, making it attractive for mathematicians interested in various fields such as algebra, differential geometry and, of course, complex and functional analysis.

Triple Ken Follett,2007-04-24 The world's balance of power is about to shift dangerously as the ultimate weapon nears completion in a secret facility in the heart of the desert. Across the globe, operatives from the great nations set a deadly game in motion, covertly maneuvering pawns and kings to achieve a frightening advantage—while terrorists and their hunters prepare for the contest's final bloody moves. And one man—a razor-sharp master of disguise, deceit, and triple-cross—must somehow do the impossible: steal 200 tons of uranium without any of the other players discovering the theft. The clock is ticking. And the price of failure is Apocalypse.

Triple Cross Mark Sullivan,2009-04-14 From the author of the bestselling Beneath a Scarlet Sky comes A smart, prescient thriller...The story snaps and twists like a cracking whip, you can't help but root for Mickey Hennessey and his kids, and I defy you to guess the ending. --Robert Crais The Jefferson Club is a remote, private resort for the super-rich – the buildings, the amenities, and the security are state of the art and beyond compare. Many of the world's wealthiest people – business leaders, entrepreneurs, politicians, celebrities – gather for the most exclusive New Year's Eve party in the world. As expensive champagne flows and multibillion dollar deals are arranged, the unimaginable happens – a highly trained, heavily armed paramilitary force calling itself the Third Position Army breaches the world's best security system and takes everybody hostage. Mickey Hennessey, former U.S. Special Agent, is the head of security for the Jefferson Club. A divorced father of three teenagers, he's spending the holiday with his kids. When the club is attacked, his entire

team is wiped out and only he makes it out of the club alive. Now he's outside while his kids are trapped inside, hostages of the Third Position Army who are putting seven of the ten richest men on trial for their crimes against humanity, live on the internet for the world to see. While a top FBI rescue team works feverishly to rescue all the hostages, Hennessey is determined to do all he can, to overcome every obstacle, to ensure his children's safety – or die trying.

Triple Cross Peter Lance,2010-10-05 A chilling account of a killer who slipped through the hands of a daft justice system....Triple Cross chronicles one of the most vicious spies of our time.—Toronto Sun In the years prior to 2001, no single agent of al Qaeda was more successful in compromising the U.S. intelligence community than Ali Mohamed. For almost two decades the former Egyptian army commando succeeded in living a double life—marrying an American woman, becoming a naturalized citizen, and infiltrating the CIA in Europe, the Green Berets at Fort Bragg, and the FBI in California—even as he helped orchestrate the campaign of terror that culminated in the 9/11 attacks. Triple Cross is award-winning investigative reporter Peter Lance's chilling true account of the career of the master spy known to his al Qaeda brothers as Ali the American—an explosive narrative revealing the gaping holes in our nation's security net. Finally, coming off his previous FBI exposé, Cover Up, Lance also chronicles the collapse of the Brooklyn murder trial of former FBI agent Lin DeVecchio, a case that could well have revolutionized public understanding of the background of 9/11.

The Triple Way St. Bonaventure,2012 This is a new translation of St. Bonaventure's classic of Mystical work by one who is an authority on the Seraphic doctor's theology. Written with comprehensive introduction and notes that never exist before in any of the language, this edition is a masterpiece. The Triple Way by the great Franciscan doctor of the Church, St. Bonaventure (1217-1274), is often called the Summa of Spiritual Theology, a classic which has had and continues to have great influence in the theory and cultivation of the interior life of prayer and penance. This translation with notes by Fr. Peter Damien Fehlner, FI, is prefaced by a lengthy introduction and followed by several appendices illustrating the influence of Sts. Bernard and Anselm on the Seraphic Doctor. The editor is at pains to point out the Marian character of this great work seldom treated by other studies.

The Triple Agent Joby Warrick,2012-05-01 NATIONAL BESTSELLER • From the Pulitzer-Prize winning reporter, a stunning narrative account of the mysterious Jordanian who penetrated both the inner circle of al-Qaeda and the highest reaches of the CIA, with a devastating impact on the war on terror. Warwick is a brilliant reporter...A gripping true-life spy saga.—Los Angeles Times In December 2009, a group of the CIA's top terrorist hunters gathered at a secret base in Khost, Afghanistan, to greet a rising superspy: Humam Khalil al-Balawi, a Jordanian double-agent who infiltrated the upper ranks of al-Qaeda. For months, he had sent shocking revelations from inside the terrorist network and now promised to help the CIA assassinate Osama bin Laden's top deputy. Instead, as he stepped from his car, he detonated a thirty-pound bomb strapped to his chest, instantly killing seven CIA operatives, the agency's worst loss of life in decades. In The Triple Agent, Pulitzer Prize-winning reporter Joby Warrick takes us deep inside the CIA's secret war against al-Qaeda, a war that pits robotic planes and laser-guided missiles against a cunning enemy intent on unleashing carnage in American cities. Flitting precariously between the two sides was Balawi, a young man with extraordinary gifts who managed to win the confidence of hardened terrorists as well as veteran spymasters. With his breathtaking accounts from inside al-Qaeda's lair, Balawi appeared poised to become America's greatest double-agent in half a century—but he was not at all what he seemed. Combining the powerful momentum of Black Hawk Down with the institutional insight of Jane Mayer's The Dark Side, Warrick takes the readers on a harrowing journey from the slums of Amman to the inner chambers of the White House in an untold true story of miscalculation, deception, and revenge.

Triple Sudoku , The final frontier in Sudoku puzzling. The book contains 78 triple-sudoku puzzles. Each puzzle consists of a composition of three regular sudoku-grids on the sides of a cube, sharing one set of 3 by 3 boxes. Like any regular sudoku, each puzzle already contains some numbers in a fixed place which may not be altered. The beauty of triple sudoku is that it is an entirely new sudoku phenomenon, where partial solving of one of the sudokus can mean finding clue to the further solution of the other sudoku.

Triple Entendre Herve Vanel,2013-11-15 Triple Entendre discusses the rise and spread of background music in contexts as diverse as office workplaces, shopping malls, and musical performance. Hervé Vanel examines background music in several guises, including Erik Satie's Furniture Music of the late 1910s and early 1920s, which first demonstrated the idea of a music not meant to be listened to, and the Muzak Corporation's commercialized ambient music that became a predominant feature of modern life in the 1940s. Vanel's discussion culminates in the creative response of the composer John Cage to the pervasiveness and power of background music in contemporary society. By examining the subterranean connections existing between these three formulations of a singular idea, Triple Entendre analyzes and challenges the crucial boundary that separates an artistic concept from its actual implementation in life.
