Strategic Cultures in Europe Heiko Biehl,Bastian Giegerich,Alexandra Jonas,2013-04-09 European countries work together in crisis management, conflict prevention and many other aspects of security and defence policy. Closer cooperation in this policy arena seems to be the only viable way forward to address contemporary security challenges. Yet, despite the repeated interaction, fundamental assumptions about security and defence remain remarkably distinct across European nations. This book offers a comparative analysis of the security and defence policies of all 27 EU member states and Turkey, drawing on the concept of 'strategic culture', in order to examine the chances and obstacles for closer security and defence cooperation across the continent. Along the lines of a consistent analytical framework, international experts provide case studies of the current security and defence policies in Europe as well as their historical and cultural roots.

BREXIT and its Consequences for UK and EU Citizenship or Monstrous Citizenship Elspeth Guild,2016-12-08 This book examines the result of the 23 June 2016 UK referendum on leaving the EU where 51.9% of the eligible voters who voted chose to leave. Politicians and media have stressed not only that leave means leave, but also that much of the British voting public was motivated to vote leave by issues of immigration and border control. Guild investigates how the issue of EU citizenship became transformed into a discussion about immigration through four themes: the negotiations between the UK and the EU before the referendum; the nature of and difference between British and EU citizenship; the issue of third country national family members and the fears incited by the referendum in light of the rejection of expertise.

Brit(ish) Afua Hirsch,2018-02-01 From Afua Hirsch - co-presenter of Samuel L. Jackson's major BBC TV series *Enslaved* - the Sunday Times bestseller that reveals the uncomfortable truth about race and identity in Britain today. You're British. Your parents are British. Your partner, your children and most of your friends are British. So why do people keep asking where you're from? We are a nation in denial about our imperial past and the racism that plagues our present. *Brit(ish)* is Afua Hirsch's personal and provocative exploration of how this came to be - and an urgent call for change. 'The book for our divided and dangerous times' David Olusoga

Brexit David Ramiro Troitiño, Tanel Kerikmäe, Archil Chochia, 2018-02-19 While the discussions among Brexiters mainly focus on the referendum of 2016 or David Cameron's "great miscalculation" and its repercussions, this book looks at the Brexit as a process that began decades earlier. It analyses EU-UK relations from a new perspective, taking into consideration the historical background, political aspects, and legal and economic matters. The book provides a holistic understanding of the Brexit, approaching the referendum and its outcomes as the culmination of a long process rather than an isolated political event crafted within the corridors of Westminster or Downing Street 10. Accordingly, it addresses a range of thematic issues, historical patterns of political and economic behavior both within and beyond the United Kingdom, and possible future effects on relations between the Union and one of its most important members.

UK Drugs Unlimited H. Parker, J. Aldridge, R. Egginton, 2001-05-23 The appetite for illicit drugs in the UK continues to grow and diversify. Young Britons consume more drugs than their peers anywhere else in Europe. Why and how has this happened and why have all official efforts to stem drug 'abuse' so far failed. Will the new UK drugs strategy fair any better? This unique collection of contemporary studies from the frontline by a leading social research group describes the drugs landscape in an accessible and authoritative way.

UK Communication Strategies for Afghanistan, 2001–2014 Thomas W. Cawkwell, 2016-03-09 The war in Afghanistan came to an end in 2014 after nearly thirteen years of conflict. Throughout that period, British officials have described UK operations there in various conflicting and often contradictory ways; as a counter-terrorism mission, a stabilisation mission, and a counter-narcotics mission, respectively. This book investigates how the war was 'sold' to the British public and how Britain's 'transnational' foreign and defence policy impacted on the unfolding of UK strategy in Afghanistan and the way it was communicated. It argues that because the UK's foreign and defence policy is transnationally-oriented – meaning that it is foundationally aimed at maintaining alliance with the United States and the institutional coherence of NATO – UK strategy is contingent upon collective security and, crucially, is fundamentally concerned with the means of policy (maintaining alliances) over the ends (using alliances to effect change). Explaining the inalienability of collective security systems to national security is no easy task, however, and, when faced with the adversities of Afghanistan, the UK state has since 2008 instead opted to describe the significance of Afghanistan in narrow, nation-centric, counter-terrorist concerns in order to maintain public support for collective security operations there whilst, paradoxically, framing the conflict in a manner that avoids talking about the transnational structure and purpose of the mission. This kind of 'strategic' communication is increasingly becoming a focus of the UK state as it faces a transnational dilemma of maintaining its collective security bonds whilst facing a public increasingly sceptical of liberal interventionism.

The EU Budget: The UK Rebate and the CAP – Phasing them both out? Jorge Núñez Ferrer, 2007 The CEPS Task Force on the EU budget began its deliberations shortly after the December 2005 Council Decision, embracing all aspects of the budget and culminating, after more than a year of preparation, in this report. This report offers a structure for evaluating the EU's expenditures and future reform options based on a set of guiding principles drawn from the EU Treaties and precepts of good governance. It goes on to identify the misallocation of resources as a central cause of the net balance disputes that plague the system and undermine its fairness. To ensure that the EU is able to act in areas of real value, the report concludes that improvements in the rationale for the expenditures and an increase in the quality of interventions must occur in tandem with an elimination of distortions in the resources mechanism.

Austerity Politics and UK Economic Policy Craig Berry, 2016-05-31 Craig Berry assesses UK economic policy in the wake of the financial crisis through the lens of the austerity agenda, focusing on monetary policy, economic rebalancing, industrial and regional policy, the labour market, welfare reform and budgetary management. He argues that austerity is geared towards a resurrection of financialisation and the UK's pre-crisis economic model, through the transformation of individual behaviour and demonisation of the state. Cutting public spending and debt in the short term is, at most, a secondary concern for the UK policy elite. However, the underlying purpose of austerity is frequently misunderstood due to its conflation with a narrow deficit reduction agenda, not least by its Keynesian critics. Berry also demonstrates how austerity has effectively dismantled the prospect of a centre-left alternative to neoliberalism.

UK and France: Friends or Foes? (Trans) cultural and legal unions and disunions Geraldine, Elizabeth Gadbin-George, Gibson-Morgan, 2019-09-17 T00:00:00+02:00 At a time of major changes in the United Kingdom and to a lesser extent in France, induced by the proposed Brexit process, this collective work – composed of thirteen chapters from highly experienced academics and specialist professionals from both sides of the Channel – examines their consequences on the French and British relationship in a range of institutional, political, legal, economic, cultural but also strategic and defence-related fields with an emphasis on comparative and/or European points of view. The two editors are respectively Associate Professors at Panthéon-Assas and Tours universities. Geraldine Gadbin-George is an English solicitor, a former avocat at the Paris bar and a former French judge. Elizabeth Gibson-Morgan is Visiting Senior Research Fellow at King's College London in the Department of Contemporary History.
